SKINPLUS JHF-09

SKINPLUS Blackhead Remover Pore Vacuum Cleaner

Model: JHF-09

Introduction

Thank you for choosing the SKINPLUS Blackhead Remover Pore Vacuum Cleaner. This device is designed to help remove blackheads, cleanse pores, and improve skin texture through gentle suction. Please read this manual thoroughly before use to ensure safe and effective operation.

Product Features

- **4 Functional Heads:** Includes various tips for different skin areas and concerns.
- **5 Strength Levels:** Adjustable suction intensity to suit individual skin types and needs.
- **Strong Suction Power:** Effectively removes impurities from pores.
- **USB Rechargeable:** Convenient charging for portable use.

Safety Precautions

- Do not use on irritated, broken, or inflamed skin.
- Avoid staying in one spot for too long (recommended 1-2 seconds) to prevent redness or bruising.
- Start with the lowest suction level (Level 1) and gradually increase as needed.
- Keep the device away from water and do not immerse it.
- If skin irritation or discomfort occurs, discontinue use immediately.
- Consult a dermatologist if blemishes persist or worsen.

Setup

1. **Charge the Device:** Connect the included USB cable to the device and a suitable power adapter. Ensure the device is

fully charged before first use.

2. **Cleanse Your Skin:** Thoroughly clean your face with a gentle cleanser and dry your skin completely. This prepares your pores for extraction.
3. **Attach Suction Head:** Select the desired suction head (tip) and securely attach it to the device.

Image: Detailed view of the four interchangeable suction tips (Oval, Medium, Small, Large) and their recommended applications for different skin areas and concerns.

Operating Instructions

1. **Power On:** Press the power button to turn on the device.
2. **Select Suction Level:** Choose a suction level. It is recommended to start with Level 1, especially for first-time users or sensitive skin.
3. **Apply to Skin:** Gently press the suction head against your skin. Move the device slowly and continuously across the skin in sections (e.g., cheek, forehead, nose). Do not hold the device in one spot for more than 1-2 seconds to avoid redness or bruising.
4. **Target Areas:**

- For cheeks, move in a downward motion.
- For the forehead, move across the area.
- For the nose, carefully glide the tip over the contours.

5. **Power Off:** Once finished, press the power button to turn off the device.
6. **Aftercare:** Apply a soothing aftercare product if needed.

Maintenance

1. **Clean Suction Head:** After each use, remove the suction head and clean it thoroughly with an alcohol wipe or mild soap

and water. Ensure it is completely dry before reattaching or storing.

2. **Replace Filters:** Periodically check and replace the internal filters as needed to maintain optimal suction performance.
3. **Storage:** Store the device in a cool, dry place, away from direct sunlight and moisture.

Troubleshooting

- **Device not turning on:** Ensure the device is fully charged. If the issue persists, try charging with a different USB port or adapter.
- **Weak suction:** Check if the suction head is properly attached and clean. Ensure the internal filter is not clogged and is correctly installed.
- **Redness or marks on skin:** This can occur if the device is held in one spot for too long or if the suction level is too high. Always move the device continuously and start with the lowest intensity. If redness persists, apply a cold compress.
- **No visible blackhead removal:** Ensure your skin is clean and dry. For stubborn blackheads, consider using a warm towel or steam to open pores before use. Remember to move the device slowly.

If you encounter issues not listed here or if problems persist, please contact SKINPLUS customer support for assistance.

Specifications

Model Number	JHF-09
Brand	SKINPLUS
Product Dimensions	5 x 1 x 1 inches
Item Weight	0.27 Kilograms (9.59 ounces)
