VEVOR 21 Gallon Ingredient Bin Instruction Manual

INTRODUCTION

This manual provides essential information for the safe and efficient use of your VEVOR 21 Gallon Ingredient Bin. Designed for commercial and home kitchen use, this bin offers a large capacity for storing various dry goods. It features durable food-grade PP material, an airtight sliding lid, and mobile caster wheels for convenience. Please read these instructions thoroughly before initial setup and operation.

1. SETUP

1.1 Unpacking

Carefully remove all components from the packaging. Verify that all included items are present: 1 Food Storage Container, 4 Wheels, 1 Scoop, 16 Screws, and 1 Manual.

1.2 Attaching the Wheels

Locate the four caster wheels and the corresponding attachment points on the bottom of the ingredient bin. Use the provided screws to securely fasten each wheel to the bin. Ensure all screws are tightened to prevent wobbling during movement.

1.3 Initial Cleaning

Before first use, wash the bin, lid, and scoop with warm water and mild soap. Rinse thoroughly and allow all parts to air dry completely. This ensures the bin is clean and ready for food storage.

2. OPERATING INSTRUCTIONS

2.1 Filling the Bin

To fill the bin, slide the transparent lid open. Pour your desired dry ingredients, such as rice, flour, or pet food, into the container. The large opening facilitates easy filling. Ensure not to overfill, leaving enough space for the lid to close properly.

Transparent Cover

Convenient and timely replenishment

The transparent sliding cover provides visibility of contents and allows for convenient replenishment.

2.2 Using the Scoop

The included food-grade scoop is designed for convenient portioning. After use, store the scoop inside the bin using the internal scoop hanger to maintain hygiene and keep it dry.

3. MAINTENANCE

3.1 Cleaning

The VEVOR Ingredient Bin is designed for easy cleaning. It is recommended to hand wash the bin, lid, and scoop regularly with warm water and a mild, food-safe detergent. Avoid abrasive cleaners or scouring pads that could scratch the surface. Rinse thoroughly to remove all soap residue and allow to air dry completely before storing ingredients.

3.2 Storage

When not in use, store the bin in a cool, dry place away from direct sunlight. Ensure the lid is properly closed to prevent dust accumulation.

4. TROUBLESHOOTING

4.1 Lid Not Sealing Properly

- **Check for Obstructions:** Ensure no food particles or debris are caught between the lid and the bin's rim.
- **Proper Alignment:** Make sure the lid is correctly aligned with the bin before attempting to close the latches.
- **Inspect Latches:** Verify that the latches are intact and functioning correctly.

4.2 Difficulty Moving the Bin

- **Check Wheels for Debris:** Inspect the caster wheels for any accumulated dirt, hair, or other debris that might be hindering their rotation. Clean as necessary.
- **Ensure Proper Attachment:** Confirm that all four wheels are securely attached to the bin and not loose. Tighten screws if needed.

5. SPECIFICATIONS

Multifunctional Storage

Notes: If you store flour, please put a bag around it to prevent it from sticking to the silicone.
