

KEMEI KM-8001

KEMEI KM-8001 5-in-1 Multifunctional Beauty Tool User Manual

Model: KM-8001

1. INTRODUCTION

The KEMEI KM-8001 is a versatile 5-in-1 beauty tool designed for women, offering multiple functions for hair removal and skin care. This device features interchangeable heads for epilation, shaving, cleansing, massage, and callus removal, providing a comprehensive solution for personal grooming. It operates on a rechargeable battery and supports both wet and dry use.

2. IMPORTANT SAFETY INFORMATION

Caution: Do not use the shaver near water or while charging to prevent the risk of electric shock. Always ensure the shaver is fully dry before use and charging.

- Keep the device out of reach of children.
- Do not disassemble or attempt to repair the device yourself. Contact qualified personnel for service.
- Ensure the charging cable is not damaged before use.
- Avoid using the device on irritated, sunburned, or broken skin.
- If you experience any discomfort, discontinue use immediately.

3. PRODUCT OVERVIEW

The KEMEI KM-8001 consists of a main unit and five interchangeable heads, each designed for a specific function.

Figure 1: KEMEI KM-8001 Main Unit. This image displays the primary device handle with its power button and speed indicator, featuring a rose gold and white design.

Components:

1. **Main Unit:** The handheld body containing the motor, battery, and control buttons.
2. **Epilator Head:** Designed for efficient hair removal from the root.
3. **Lady Shaver Head:** For gentle and quick shaving.
4. **Cleansing Brush Head:** For deep facial cleansing and exfoliation.
5. **Massager Head:** For relaxing skin massage.
6. **Callus Remover Head:** For smoothing rough skin on feet.
7. **Power Adapter:** For charging the device.

Figure 2: KEMEI KM-8001 Interchangeable Heads. This image shows the five distinct attachment heads: the epilator, shaver, cleansing brush, massager, and callus remover heads, ready to be attached to the main unit.

4. SETUP AND CHARGING

4.1 Initial Charging

Before first use, fully charge the device for approximately 8-10 hours. Subsequent charges may take less time.

1. Ensure the device is switched off.
2. Connect the power adapter to the charging port on the main unit.
3. Plug the adapter into a suitable power outlet.
4. The charging indicator light will illuminate.
5. Unplug the device once fully charged. Do not overcharge.

4.2 Attaching and Detaching Heads

To change heads:

1. Ensure the device is switched off.
2. Hold the main unit firmly.
3. To attach a head, align the head with the main unit and press it down until it clicks into place.
4. To detach a head, gently pull it upwards while holding the main unit.

5. OPERATING INSTRUCTIONS

The KEMEI KM-8001 features two speed settings for customized use.

5.1 General Operation

1. Press the power button once to turn on the device at the lower speed setting.
2. Press the power button a second time to switch to the higher speed setting.
3. Press the power button a third time to turn off the device.

5.2 Using Each Head

Always ensure your skin is clean before using any head. For wet use, the device can be used in the shower or bath.

Epilator Head:

- Use on dry skin for best results.
- Hold the device at a 90-degree angle to the skin.
- Move the epilator slowly against the direction of hair growth.

Lady Shaver Head:

- Can be used on wet or dry skin.
- Move the shaver gently over the skin in the direction of hair growth.

Cleansing Brush Head:

- Apply a small amount of facial cleanser to your skin or the brush head.
- Gently move the brush in circular motions across your face.
- Rinse your face and the brush head after use.

Massager Head:

- Use on clean skin.
- Gently glide the massager over desired areas of the face or body.

Callus Remover Head:

- Use on dry, hardened skin on the feet.
- Gently move the roller over the callus area, applying light pressure.
- Do not apply excessive pressure or use on broken skin.

6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene of your device.

1. **After Each Use:** Turn off the device and detach the used head. Rinse the head under running water. For epilator and shaver heads, use the provided cleaning brush to remove any trapped hairs.
2. **Main Unit:** Wipe the main unit with a damp cloth. Do not submerge the main unit in water.
3. **Drying:** Allow all parts to air dry completely before reattaching or storing.
4. **Storage:** Store the device and its accessories in a cool, dry place, away from direct sunlight and moisture.

7. TROUBLESHOOTING

If you encounter issues with your KEMEI KM-8001, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Charge the device fully.
Reduced performance.	Head is clogged with hair/debris or worn out.	Clean the head thoroughly. Consider replacing the head if it's old.
Device stops during use.	Battery is low.	Recharge the device.
Skin irritation after use.	Improper technique or sensitive skin.	Ensure proper usage angle and speed. Apply soothing lotion after use. If irritation persists, discontinue use.

If the problem persists after attempting these solutions, please contact customer support.
