TCL SOCL100BK

TCL SOCL100 In-Ear Earbuds Instruction Manual

Model: SOCL100BK | Brand: TCL

Introduction

The TCL SOCL100 in-ear earbuds are designed to provide an immersive and high-fidelity audio experience. Featuring precision-engineered audio drivers and an ergonomic design, these headphones offer clear, balanced sound with enhanced bass, along with passive noise isolation for an uninterrupted listening experience. The built-in microphone and in-line remote allow for convenient call management and music control, making them ideal for on-the-go use. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your SOCL100 earbuds.

What's in the Box

- TCL SOCL100 Headset (Earbuds with integrated cable and remote)
- Three pairs of medical-grade silicone ear tips (Small, Medium, Large)

Product Overview

Key Features

- **High Quality Sound:** Precision engineered 8.6 mm audio drivers deliver clear, balanced sound with enhanced bass.
- **Comfortable Ergonomic Design:** Special ergo-fit sound tube and medical-grade silicon ear caps ensure a secure and comfortable fit for long-term usage.
- **Noise Isolation:** Secure fit provides passive noise isolation, enhancing bass performance and reducing external distractions.
- **Built-in Mic & In-line Remote:** Allows for hands-free calls and easy control of music playback (play/pause, skip tracks) without accessing your device.
- **Maximum Durability:** Rigorously tested for resilience against pulling, bending, and stretching to ensure longevity.
- **Universal Compatibility:** Features a standard 3.5mm stereo jack for wide compatibility with various audio devices.

Setup

1. Ear Tip Selection and Installation

Choose the ear tips that provide the most comfortable and secure fit for your ears. A proper seal is crucial for optimal sound quality and noise isolation.

1. Experiment with the three provided sizes (Small, Medium, Large).
2. Gently push the chosen ear tip onto the earbud's sound tube until it is securely attached.

2. Connecting to Your Device

The SOCL100 earbuds connect via a standard 3.5mm audio jack.

1. Locate the 3.5mm audio port on your smartphone, tablet, computer, or other audio device.
2. Insert the 3.5mm jack of the SOCL100 earbuds firmly into the device's audio port.

3. Ensure the connection is secure to prevent audio interruptions.

Operating Instructions

The in-line remote provides convenient control over your audio and calls.

Audio Playback Control

- **Play/Pause:** Press the button once.
- **Next Track:** Press the button twice quickly.
- **Previous Track:** Press the button three times quickly.

Call Management

- **Answer/End Call:** Press the button once during an incoming call or an active call.
- **Reject Call:** Press and hold the button for approximately 2 seconds during an incoming call.

Maintenance

- **Cleaning:** Regularly clean the earbuds and ear tips with a soft, dry cloth. For ear tips, you may use a slightly damp cloth with mild soap and water, ensuring they are completely dry before reattaching. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in a clean, dry place, preferably in a small pouch or case to prevent tangling and damage to the cable. Avoid extreme temperatures.

- **Cable Care:** Avoid sharply bending or pulling the cable, especially near the connectors and earbuds, as this can damage internal wiring. The cable is designed to be tangle-free, but proper handling extends its lifespan.

Troubleshooting

Problem	Solution
No sound or low volume	Ensure the 3.5mm jack is fully inserted into the device. Check the volume level on your audio device. Test with another audio device to rule out device issues. Inspect the cable for any visible damage or kinks.
Sound is distorted or crackling	Ensure the 3.5mm jack is clean and free of debris. Try adjusting the volume on your device. Test with another audio source or device. Check for a secure fit of the ear tips.
Microphone not working	Ensure the 3.5mm jack is fully inserted. Some devices require a TRRS jack for microphone functionality. Check microphone settings on your device to ensure the external microphone is selected. Test the microphone with another application or device.
Earbuds feel uncomfortable or fall out	Try different sizes of ear tips (Small, Medium, Large) to find the best fit. Ensure the earbuds are inserted correctly into your ear canal for a snug fit.

Specifications

Feature	Detail
Model Name	SOCL100
Item Model Number	SOCL100BK
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Audio Driver Size	8.6 Millimeters
