Ingenuity Baby Base 2-in-1 Booster Feeding and Floor Seat

User Instruction Manual

PRODUCT OVERVIEW

Meals are an important part of family time. Enjoy more laughter and conversation – including baby talk – by giving your little one a seat at the table with this best-selling booster from the Manufacturer of Feeding Boosters. The Ingenuity Baby Base 2-in-1 Booster Seat in Slate easily attaches to dining chairs so your baby can sit up higher and see more during family dinners. This portable baby feeding seat has sold 3 million worldwide and works just as well sitting with you at the table or as a floor seat during playtime. The removable tray gives your baby her own perfectly sized table, so snacks or toys are easily within reach. When not in use, the tray conveniently tucks away right underneath the booster seat itself. As your baby grows, you can remove the foam seat insert and convert the baby booster into a toddler seat. A great gift for baby showers, this booster requires no tools for assembly. Third party safety tested and approved.

OPERATING INSTRUCTIONS

The Ingenuity Baby Base 2-in-1 Booster Seat offers versatile usage options to adapt to your child's growth and your family's needs.

Mode 1: Floor Seat

For younger babies who are learning to sit up, the booster can be used directly on the floor. This provides a stable and supportive environment for playtime or early feeding sessions.

Mode 1: Use as a floor seat for supported sitting.

Mode 2: Booster Seat for Dining Chairs

As your child grows, the seat can be securely attached to most dining chairs, allowing them to join the family at the table. This mode supports children up to 33 lbs.

Mode 1: Floor seat

Mode 2: Use as a booster seat on a dining chair.

The booster seat securely attaches to most dining chairs.

Tray Usage and Storage

The removable tray provides a convenient surface for snacks, toys, or meals. It features a cup holder and is designed for easy attachment and removal.

- **Attaching/Removing Tray:** To attach or remove the tray, press the buttons on each side of the tray and slide it into or out of position.

The tray easily slides on and off for convenience.

- **Self-Storing Tray:** When not in use, the tray can be neatly tucked away right underneath the booster seat itself, saving space.

The tray stores neatly below the seat when not in use.

The tray storage compartment is integrated into the base.

Harness System

The booster seat includes a safe infant seat with a harness to keep your baby secure. The harness is adjustable to ensure a snug and comfortable fit.

Secure your child using the adjustable harness.

Growth Stages

The booster seat is designed to grow with your child. You can remove the foam seat insert to convert it into a toddler seat, accommodating children from approximately 6 months up to 4 years.
