PRODUCT FEATURES

- **Vehicle Compatibility:** Specifically designed for the Honda Accord models from 2018 to 2022.
- **All-Weather Protection:** These floor liners offer robust, stain-resistant protection against various elements, including snow, mud, sand, and salt water, safeguarding your vehicle's carpet.
- **Custom Fit Design:** Engineered with innovative vehicle scanning technology, the raised lip and custom contours ensure a perfect fit, preventing spills and messes from reaching your car's carpet floor.
- **Easy Maintenance:** The mats are designed for simple cleaning. They can be hosed off or spot-cleaned with a damp cloth, soap, and water. Their textured, skid-resistant, and sleek design also enhances the vehicle's interior aesthetics.
- **Eco-Friendly Material:** Constructed from a 100% odorless, recyclable plastic-rubber and polyethylene blend, offering environmentally conscious protection.

WHAT'S IN THE BOX

- SA0341 - 1st Row Floor Liner Set (Driver and Passenger Side)
- B0341 - 2nd Row Floor Liner (One-piece)

INSTALLATION INSTRUCTIONS

For optimal fit and safety, please follow these steps carefully:

- 1. Prepare the Vehicle:** Ensure your vehicle's interior is clean and free of any debris or existing floor mats. Remove any old floor mats before installing the new SMARTLINER mats.
- 2. Front Row Installation:**
 - Position the driver's side mat, aligning it with the factory retention hooks (if applicable) to secure it in place. Ensure the mat does not interfere with the accelerator or brake pedals.
 - Repeat the process for the passenger's side mat.
- 3. Second Row Installation:** Carefully place the one-piece second-row liner, ensuring it covers the entire floor area and fits snugly against the seat bases and side panels.
- 4. Check Fitment:** After installation, verify that all mats are securely in place and do not obstruct any vehicle controls or seat adjustments.

USAGE GUIDELINES

To ensure safety and prolong the life of your floor mats:

- Always ensure the floor mats are properly secured and do not shift during driving.

- Never place additional floor mats on top of your SMARTLINER mats, as this can interfere with pedal operation and create a safety hazard.
- Regularly check the mats for any signs of wear or damage, especially around the pedal areas.

CARE AND MAINTENANCE

Maintaining your SMARTLINER floor mats is simple:

1. **Routine Cleaning:** For light dirt, simply wipe the mats with a damp cloth.
2. **Deep Cleaning:** For heavier dirt or spills, remove the mats from the vehicle. Hose them off with water and use a mild soap if necessary.
3. **Drying:** Allow the mats to air dry completely before reinstalling them in your vehicle. Avoid using harsh chemicals or abrasive brushes, which can damage the material.

TROUBLESHOOTING

If you experience any issues with your SMARTLINER floor mats, consider the following:

- **Initial Curling/Creasing:** Due to packaging, mats may have slight curling or creasing upon arrival. Place them in a warm environment (e.g., in the sun or a heated room) for a few hours to allow the material to relax

and flatten.

- **Improper Fit:** Double-check that the mats are correctly aligned with all factory retention hooks and positioned firmly against the vehicle's contours. Ensure no debris is underneath preventing a flush fit.
- **Slipping:** Confirm that the mats are properly secured by the retention hooks. The textured underside is designed to minimize movement, but proper installation is key.
