Hiccapop HP-ITB-TB

Hiccapop Inflatable Toddler Travel Bed with Safety Bumpers Instruction Manual

Model: HP-ITB-TB

INTRODUCTION

This manual provides instructions for the safe and proper use, setup, and maintenance of your Hiccapop Inflatable Toddler Travel Bed with Safety Bumpers. Please read all instructions carefully before use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

- Do not exceed the maximum weight limit of 310 pounds (140 kg).
- Ensure proper inflation and deflation to prevent damage to the product.
- Always supervise children while the bed is in use.
- Keep sharp objects away from the mattress to avoid punctures.
- The included electric pump is designed for use in the USA only. It is not compatible outside of the USA.
- This product is BPA, phthalate, and lead-free, and exceeds all federal standards for child safety.

PACKAGE CONTENTS

Verify that all components are present:

- Hiccapop Inflatable Toddler Travel Bed
- Electric Turbo Pump
- XL Travel Bag
- Patch Kit (if included)

SETUP INSTRUCTIONS

1. **Unpack the Bed:** Remove the inflatable travel bed from its XL travel bag and lay it flat on a clean, smooth surface.
2. **Prepare the Pump:** Select the appropriate nozzle for the electric turbo pump.

3. **Inflate the Outer Frame:** Locate the main inflation valve on the outer frame of the bed. Insert the pump nozzle firmly into the valve. Turn on the electric pump to begin inflation. The outer frame should inflate in under 30 seconds. Inflate until firm to the touch, but do not over-inflate.
4. **Inflate the Inner Mattress (if separate):** If your model includes a separate inner mattress, locate its inflation valve and inflate it using the pump until it is firm.
5. **Secure Valves:** Once inflated, quickly remove the pump nozzle and securely close all inflation valves to prevent air leakage.
6. **Add Bedding:** The bed is designed to fit standard crib sheets and blankets.

inflates fast

- packs small • sets up fast
- sleeps comfortably

Quick-release valve for fast deflation

Perfect for:

- 
Travel
- 
Camping
- 
Sleepovers

Fits standard crib sheets.

Figure 2: Detail of the pump nozzle inserted into the inflation valve.

OPERATING INSTRUCTIONS

The Hiccapop Inflatable Toddler Travel Bed is designed for temporary sleeping arrangements for toddlers. Its integrated safety bumpers help prevent children from rolling off the bed.

Deflation and Storage

1. **Open Valves:** Open all inflation valves on the bed.
2. **Deflate:** For faster deflation, use the "deflate" function on the electric turbo pump, if available, or gently press on the bed to expel air. The bed features a quick-release valve for efficient deflation.
3. **Fold and Roll:** Once fully deflated, fold and roll the bed neatly to remove any remaining air.
4. **Store:** Place the deflated bed and pump into the XL travel bag for compact storage and transport.

Figure 3: The travel bed and pump stored compactly in the XL travel bag.

MAINTENANCE AND CARE

- **Cleaning:** The bed is waterproof and easy to clean. Wipe surfaces with a damp cloth and mild soap. Do not machine wash. Hand wash only.
- **Drying:** Ensure the bed is completely dry before folding and storing to prevent mold or mildew.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Puncture Repair:** In case of a small puncture, use the included patch kit for repair. Follow the instructions provided with the patch kit.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed deflates quickly	Valve not securely closed, small puncture, or over-inflation causing stress on seams.	Ensure all valves are tightly sealed. Check for punctures and use the patch kit if necessary. Avoid over-inflating.
Pump not working	Power source issue, pump malfunction, or pump not compatible with local voltage (outside USA).	Check power connection. Ensure pump is used in a compatible region (USA only). If issues persist, contact customer support.
Bed not inflating properly	Nozzle not properly inserted, valve obstruction, or pump issue.	Ensure pump nozzle is fully inserted into the valve. Check valve for any debris. Refer to pump troubleshooting or contact support.

SPECIFICATIONS

Feature	Detail
Model Name	Inflatable Toddler Travel Bed with Safety Bumpers

WARRANTY AND SUPPORT

Hiccapop offers a lifetime guarantee for the Inflatable Toddler Travel Bed. This warranty covers manufacturing defects and issues under normal use.

Claiming Warranty Support

- To ensure warranty coverage, verify that your product was purchased directly from Hiccapop or an authorized retailer and "Sold by Hiccapop".
- For warranty claims or product support, visit the official Hiccapop website and navigate to the "Contact Us" section.
- Be prepared to provide proof of purchase and a description of the issue.
- Note: The electric pump's compatibility is limited to the USA. Warranty support for the pump may vary outside this region.
