2. SAFETY INFORMATION

Please read and understand all instructions before beginning installation. Failure to do so may result in electric shock, fire, or other injuries.

- **WARNING:** Risk of electric shock. Disconnect power at the fuse box or circuit breaker before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). Consult a qualified electrician if you are unfamiliar with proper electrical wiring connections.
- Ensure the fixture is securely mounted to a structurally sound surface.
- Do not exceed the maximum wattage specified for the light bulb.
- Handle glass components with care to prevent breakage.
- This fixture is designed for indoor use only.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- Malta Flush Mount Fixture (Model 51561BN)
- Mounting Hardware (screws, wire nuts)
- White Opal Glass Shade
- Instruction Manual

4. INSTALLATION INSTRUCTIONS

Follow these steps carefully to install your Kuzco Lighting Malta Flush Mount. Professional installation is recommended if you are not comfortable with electrical wiring.

1. **Turn Off Power:** Locate the circuit breaker or fuse box and turn off the power to the junction box where the fixture will be installed. Verify power is off using a voltage tester.
2. **Prepare Mounting Surface:** Ensure the junction box is securely mounted and capable of supporting the fixture's weight.
3. **Attach Mounting Bracket:** Secure the fixture's mounting bracket to the junction box using the provided screws.
4. **Make Electrical Connections:**
   - Connect the **black** wire from the fixture to the **black** (hot) wire from the junction box.
   - Connect the **white** wire from the fixture to the **white** (neutral) wire from the junction box.
   - Connect the **ground** wire from the fixture to the **ground** wire from the junction box (or to the green ground screw on the mounting bracket).
   - Secure all connections with wire nuts and wrap with electrical tape for added safety.
5. **Mount Fixture Body:** Carefully tuck all wires into the junction box. Align the fixture body with the mounting bracket and secure it using the provided screws or decorative nuts.
6. **Install Light Bulb:** Insert one A19 type light bulb (max 60W, not included) into the socket.
7. **Attach Glass Shade:** Carefully place the white opal glass shade onto the fixture and secure it according to the design (e.g., twisting into place or using retaining screws).
8. **Restore Power:** Turn the power back on at the circuit breaker or fuse box. Test the light fixture.

5. OPERATING INSTRUCTIONS

The Kuzco Lighting 51561BN Malta Flush Mount operates via a standard wall switch connected to the electrical circuit.

- To turn the light **ON**, flip the wall switch to the 'ON' position.
- To turn the light **OFF**, flip the wall switch to the 'OFF' position.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture. Always disconnect power before performing any maintenance.

- **Cleaning:** Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish. For the glass shade, a mild glass cleaner can be used, applied to a cloth first, not directly to the shade.
- **Bulb Replacement:**
  a. Turn off power at the circuit breaker.
  b. Carefully remove the glass shade.
  c. Unscrew the old bulb and screw in a new A19 type bulb (max 60W).
  d. Reattach the glass shade and restore power.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connections. Defective light bulb.	Check circuit breaker/fuse. Verify all wire connections are secure (with power off). Replace light bulb.
Light flickers.	Loose bulb. Loose wire connections. Incorrect bulb type/wattage.	Tighten bulb. Check wire connections (with power off). Ensure bulb is A19 type, max 60W.

8. SPECIFICATIONS
