SETUP

The PANDORA Camper Van Charm is designed to be easily added to a PANDORA bracelet or necklace. Follow these steps to attach your charm:

1. **Prepare your bracelet:** Ensure your PANDORA bracelet or necklace is clean and free of debris.
2. **Open the charm:** This charm features a threaded core. Gently twist the charm onto the desired section of your PANDORA bracelet.
3. **Secure the charm:** Continue twisting until the charm is securely in place. It should sit comfortably on the bracelet without excessive movement.

OPERATING (WEARING)

Once attached, your PANDORA Camper Van Charm is ready to be worn. Consider the following for optimal wear:

- **Placement:** Charms can be arranged in any order on your bracelet. You may use clips or spacers to keep charms in desired positions.
- **Comfort:** Ensure the charm does not pinch or irritate your skin. Adjust its position if necessary.
- **Daily Wear:** This charm is suitable for daily wear, but it is advisable to remove it during strenuous activities to prevent damage.

MAINTENANCE

Proper care will help maintain the shine and integrity of your sterling silver and enamel charm:

- **Cleaning:** Use a soft polishing cloth specifically designed for sterling silver. For deeper cleaning, use a mild soap and warm water solution. Gently brush with a soft toothbrush, rinse thoroughly, and dry immediately with a soft cloth. Avoid harsh chemicals or abrasive cleaners.
- **Enamel Care:** The transparent pale pink enamel is delicate. Avoid exposing it to extreme temperatures, harsh chemicals, or impacts that could chip or scratch the surface.
- **Storage:** Store your charm in a dry, airtight jewelry box or pouch to prevent tarnishing. Keep it separate from other jewelry to avoid scratches.
- **Avoid Contact:** Remove your charm before showering, swimming, exercising, or applying lotions, perfumes, and hairsprays, as these can accelerate tarnishing and damage the enamel.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Charm appears dull or tarnished.	Exposure to air, moisture, chemicals, or natural oils.	Clean with a silver polishing cloth or mild soap and water. Store in an airtight container.
Enamel appears scratched or chipped.	Physical impact or abrasive contact.	Damage to enamel is often permanent. Handle with care to prevent future damage. Professional repair may be an option.
Charm is difficult to twist onto the bracelet.	Misalignment or debris in the threading.	Ensure proper alignment. Gently clean the bracelet's threading and the charm's core. Do not force the charm.
