## GIVI EA123

# GIVI EA123 5 Liter Tanklock Tank Bag Instruction Manual

Model: EA123

## 1. INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your GIVI EA123 5 Liter Tanklock Quick Release Tank Bag. Please read this manual thoroughly before using the product to ensure safe and effective use.

## 2. PRODUCT FEATURES

The GIVI EA123 is a compact 5-liter Tanklock bag designed for motorcycles. Key features include:

- **Capacity:** 5 liters, suitable for small essential items.
- **Material:** Constructed from durable Poliestere 600D.
- **Mounting System:** Utilizes the GIVI TANKLOCK quick-release system for secure attachment to the fuel tank.
- **Visibility:** Equipped with reflective inserts for enhanced visibility.
- **Weather Protection:** Includes a rain cover for protection against moisture.
- **Portability:** Features a shoulder strap and a handle for convenient off-bike transportation.

## 3. SETUP AND INSTALLATION

The GIVI EA123 Tanklock bag requires a specific GIVI TANKLOCK fitting kit (BF\_) for your motorcycle model, which is sold separately. Ensure you have the correct fitting kit before proceeding with installation.

### 3.1 Installing the TANKLOCK Fitting Kit

1. Refer to the instruction manual provided with your specific GIVI TANKLOCK fitting kit (BF\_) for detailed installation steps.
2. Typically, the fitting kit replaces the original fuel tank cap ring with a GIVI-compatible ring.
3. Ensure all screws are tightened securely according to the fitting kit's instructions.

### 3.2 Attaching the EA123 Tank Bag

1. Position the EA123 tank bag over the installed TANKLOCK fitting ring on your motorcycle's fuel tank.
2. Align the receptacle on the bottom of the tank bag with the TANKLOCK ring.
3. Gently press the tank bag down until you hear a "click," indicating it is securely locked into place.
4. *Verify:* After attachment, gently pull upwards on the bag to ensure it is firmly secured and does not wobble.

internal storage capacity for small items like a wallet, sunglasses, and other essentials.

## 4. OPERATING INSTRUCTIONS

### 4.1 Detaching the Tank Bag

1. Locate the quick-release lever or button, typically found at the front or side of the TANKLOCK mechanism on the bag.
2. Press or pull the lever/button firmly.
3. While holding the lever/button, lift the tank bag upwards to release it from the TANKLOCK ring.

### 4.2 Using the Rain Cover

The EA123 includes a rain cover to protect your belongings from wet weather conditions.

1. Unfold the rain cover.
2. Place the rain cover over the entire tank bag, ensuring it completely covers all zippers and openings.
3. Secure the elastic edges or straps of the rain cover around the base of the bag to prevent it from being dislodged by wind.

### 4.3 Using the Shoulder Strap and Handle

- **Shoulder Strap:** Attach the provided shoulder strap to the D-rings on the tank bag for convenient carrying when off

the motorcycle. Adjust the strap length for comfort.

- **Handle:** Use the integrated handle for quick and easy short-distance carrying.

## 5. CARE AND MAINTENANCE

- **Cleaning:** Clean the exterior of the bag with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners. Allow to air dry completely.
- **Rain Cover:** After use in rain, allow the rain cover to dry thoroughly before folding and storing to prevent mildew.
- **Storage:** When not in use, store the tank bag in a cool, dry place away from direct sunlight to prolong its lifespan.
- **Zippers:** Periodically lubricate zippers with a silicone-based spray to ensure smooth operation.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bag does not attach securely.	Incorrect alignment or obstruction. TANKLOCK ring not properly installed.	Ensure the bag is correctly aligned with the TANKLOCK ring. Check for any debris obstructing the mechanism. Verify the TANKLOCK fitting kit is installed correctly and securely on the fuel tank.
Bag is difficult to detach.	Release lever not fully engaged or mechanism is stiff.	Press or pull the release lever firmly and completely. Apply a small amount of silicone lubricant to the TANKLOCK mechanism if it feels stiff.
Water penetration during rain.	Rain cover not used or improperly secured.	Always use the provided rain cover in wet conditions. Ensure the rain cover completely envelops the bag and is secured to prevent water ingress.

## 7. SPECIFICATIONS
