

## Shark ZS360

# Shark ZS360 APEX Corded Stick Vacuum User Manual

Model: ZS360 | Brand: Shark

## 1. INTRODUCTION AND OVERVIEW

The Shark APEX Corded Stick Vacuum with DuoClean and Self-Cleaning Brushroll is engineered for comprehensive cleaning across various surfaces. It features a dual-brushroll system for effective debris pickup on carpets and hard floors, and a self-cleaning brushroll designed to prevent hair wrap. This versatile vacuum easily converts into a lightweight handheld unit for above-floor cleaning.

### 3. COMPONENTS AND FEATURES

The Shark ZS360 APEX is equipped with several innovative features and accessories to enhance your cleaning experience:

- **DuoClean Technology:** A unique dual-brushroll system that deep-cleans carpets and directly engages hard floors for a polished finish.
- **Self-Cleaning Brushroll (Zero-M):** Designed to deliver continuous hair removal, preventing hair wrap around the brushroll.
- **Lightweight Handheld Vacuum:** The main unit detaches from the wand, transforming into a portable handheld vacuum for versatile above-floor cleaning.
- **Advanced Swivel Steering:** Provides excellent maneuverability to navigate around furniture and into tight spaces.
- **LED Headlights:** Integrated lights on the nozzle illuminate hidden debris, making it easier to spot and clean.
- **Included Accessories:** Crevice Tool, Pet Multi-Tool, and Precision Duster for specialized cleaning tasks.

## 4. OPERATING INSTRUCTIONS

To operate your Shark ZS360 APEX vacuum, plug the power cord into a suitable electrical outlet. The vacuum features two power settings:

- **Setting I (Bare Floor/Area Rugs):** Ideal for delicate surfaces and light cleaning.
- **Setting II (High-Pile Carpets):** Provides increased suction and brushroll speed for deeper carpet cleaning.

Utilize the Advanced Swivel Steering to effortlessly maneuver the vacuum around obstacles. For cleaning above floors, simply detach the handheld unit and attach the desired accessory. The LED headlights will assist in illuminating dark areas, ensuring no spot is missed.

## 5. MAINTENANCE

---

Regular maintenance ensures optimal performance of your Shark ZS360 APEX vacuum:

- **Emptying the Dust Cup:** Press the dust cup release button to detach and empty the contents into a trash receptacle.
- **Cleaning Filters:** The HEPA filter should be cleaned monthly. Remove the filter, tap off loose debris, and rinse with water. Allow to air dry completely for at least 24 hours before reinserting. **Do not place filters in the dishwasher or washing machine.**
- **Self-Cleaning Brushroll:** The Zero-M brushroll is designed to be self-cleaning. Periodically check for any remaining debris or hair and remove manually if necessary.
- **Belt Replacement:** The belt should be replaced every six to twelve months to maintain efficient operation and prevent excess motor strain. Refer to your owner's manual for detailed instructions on how to replace the belt.

## 6. TROUBLESHOOTING

---

If you experience issues with your Shark ZS360 APEX vacuum, consider the following common troubleshooting steps:

- **Loss of Suction:** Check the dust cup for fullness and empty if necessary. Inspect filters for clogs and clean as per maintenance instructions. Ensure all hose connections are secure and free of blockages.
- **Brushroll Not Spinning:** Verify that the vacuum is on the correct floor setting. Check the brushroll for any obstructions (e.g., tangled hair, debris) and remove them.
- **Vacuum Not Turning On:** Ensure the power cord is securely plugged into a functioning electrical outlet. Check for any tripped circuit breakers.

For more detailed troubleshooting or persistent issues, please refer to the complete owner's manual or contact Shark customer support.

## 7. SPECIFICATIONS

---

Feature	Specification
Brand	Shark
Model Name	Shark ZS362 APEX Corded Stick Vacuum (ZS360)
Power Source	Corded Electric
