Silit 2102303213

Silit Modesto Line 16cm Casserole with Glass Lid

Model: 2102303213

INTRODUCTION

Thank you for choosing the Silit Modesto Line casserole. This high-quality cookware is designed for efficient and healthy cooking. Crafted from durable Silargan functional ceramic, it offers excellent heat retention and is suitable for all hob types, including induction.

This manual provides essential information for the safe and effective use, care, and maintenance of your new casserole. Please read it thoroughly before first use and keep it for future reference.

SETUP

Unpacking

Carefully remove all packaging materials from the casserole and its lid. Inspect the product for any signs of

damage. If any damage is found, do not use the product and contact your retailer.

First Use Cleaning

Before using your casserole for the first time, wash it thoroughly with warm water and a mild dish soap. Rinse it well and dry it completely with a soft cloth. This removes any manufacturing residues.

OPERATING INSTRUCTIONS

Hob Compatibility

The Silit Modesto Line casserole is suitable for all types of hobs, including:

- Induction hobs
- Gas hobs
- Electric hobs
- Ceramic hobs

Heat Control

Always use a hob burner that matches the diameter of the casserole's base. Start cooking on medium heat and adjust as needed. The extra-strong energy-saving base ensures even and long-lasting heat retention, allowing for precise cooking and energy savings.

Using the Glass Lid

The transparent glass lid allows you to monitor the cooking process without lifting the lid, preserving heat and moisture. The lid is heat-resistant up to 180°C (356°F).

Oven Use

The casserole is oven-safe up to 250°C (482°F) without the lid. When using the lid, the maximum oven temperature is 180°C (356°F). Always use oven mitts when handling hot cookware.

MAINTENANCE AND CARE

Cleaning

The Silit Modesto Line casserole is dishwasher safe. However, for optimal longevity and to maintain its appearance, hand washing is recommended. Use warm water, a mild dish soap, and a soft sponge or cloth. Avoid abrasive cleaners, steel wool, or harsh scouring pads, as these can damage the Silargan surface.

For stubborn food residues, soak the casserole in warm soapy water before cleaning. The nickel-free surface is easy to clean and resistant to scratches.

Storage

Store the casserole in a dry place. If stacking, place a soft cloth or pan protector between the casserole and other cookware to prevent scratches.

TROUBLESHOOTING

Food Sticking

While Silargan is highly resistant, food can stick if the heat is too high or if insufficient oil/liquid is used. Ensure you preheat the casserole properly and use appropriate cooking fats. Avoid overheating an empty pot.

Discoloration

Minor discoloration may occur over time due to mineral deposits from water or certain foods. This is normal and does not affect the performance or safety of the cookware. It can often be removed with a mixture of water and vinegar or a specialized cookware cleaner.

SPECIFICATIONS

Brand	Silit
Model Number	2102303213
Color	Black
Diameter	16 cm
Capacity	2 Liters
Material	Silargan Functional Ceramic
Hob Compatibility	Induction, Gas, Electric, Ceramic
Oven Safe (Pot)	Up to 250°C (482°F)
