Monte Carlo 3MAVR52BKBKD

Monte Carlo Maverick II Energy Star 52" Ceiling Fan Instruction Manual

Model: 3MAVR52BKBKD

1. INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Monte Carlo Maverick II Energy Star 52-inch Ceiling Fan. This fan features a sleek design, a powerful DC motor for quiet operation, and an integrated dimmable LED light. It is designed to provide efficient air circulation and ambient lighting for your living space, including damp locations like covered patios.

Image 1.1: Monte Carlo Maverick II 52-inch Ceiling Fan in Matte Black with three balsa wood blades and an integrated LED light. The fan is shown from below, highlighting its modern aesthetic and light fixture.

2. SAFETY INFORMATION

Please read and understand all instructions before beginning installation. Failure to follow these instructions could

result in electric shock, fire, or personal injury.

- Ensure the electrical supply is disconnected at the main fuse box or circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes.
- The fan must be mounted to a ceiling joist or support structure capable of supporting a minimum of 35 lbs (15.9 kg).
- Do not operate the fan with damaged blades. Replace any damaged blades immediately.
- Maintain a minimum clearance of 7 feet (2.1 meters) from the floor to the bottom edge of the fan blades.
- Do not insert objects into the path of the fan blades.
- This fan is CUL Approved for DAMP Locations. Do not expose to direct water spray.

3. PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- Ceiling Fan Motor Housing
- 3 Balsa Wood Blades
- Integrated LED Light Kit
- Hand-Held Remote Control
- 6-inch Downrod
- Mounting Hardware
- Vaulted Canopy (for sloped ceiling installation)
- Instruction Manual

4. SPECIFICATIONS

Feature	Detail
Brand	Monte Carlo
Model Number	3MAVR52BKBKD
Size	52-Inch Diameter
Product Dimensions	52"D x 52"W x 13.8"H (from ceiling to bottom of fan light, includes 6" downrod)
Color	Matte Black-black Blades
Number of Blades	3
Blade Pitch	13°
Motor Type	Premium Power 85 X 28 mm DC motor
Air Flow Capacity	4707 Cubic Feet Per Minute (CFM)
Light Kit	18 Watt Integrated LED, Dimmable (3000K, 1100 Lumens, 90 CRI)
Control Method	Hand-Held Remote Control (6 fan speeds, reversing function, light dimming)
Voltage	120 Volts
Wattage	21.00 Watts

Feature	Detail
Item Weight	12.6 Pounds
Indoor/Outdoor Usage	Outdoor (CUL Approved for DAMP Locations)
Certification	Energy Star, UL

5. INSTALLATION

Professional installation is recommended. Ensure power is off before starting.

5.1 Mounting Location

- Select a location where the fan blades will have at least 7 feet (2.1 meters) of clearance from the floor and 30 inches (76 cm) from any wall or obstruction.
- The mounting box must be securely fastened to the building structure and clearly marked "Acceptable for Fan Support."

5.2 Mounting Bracket Installation

1. Secure the mounting bracket to the outlet box using the screws provided with the outlet box.
2. For sloped ceilings (up to 15°), use the included vaulted canopy and ensure the mounting bracket is correctly oriented.

5.3 Fan Assembly

1. Attach the downrod to the motor housing.
2. Carefully lift the fan assembly and hang it from the mounting bracket.
3. Connect the electrical wiring according to the wiring diagram in the full instruction manual (not provided here).
4. Attach the fan blades to the motor housing.
5. Install the integrated LED light kit.
6. Secure the canopy to the mounting bracket.

6. OPERATION

Your Monte Carlo Maverick II fan is operated using the included hand-held remote control.

6.1 Remote Control Functions

- **Power On/Off:** Press the power button to turn the fan and light on or off.
- **Fan Speed:** Use the fan speed buttons to cycle through 6 different fan speeds.
- **Light Control:** Press the light button to turn the LED light on or off. Hold the light button to dim or brighten the light.
- **Reverse Function:** Press the reverse button to change the direction of the fan blades. This is useful for seasonal comfort:
 - *Summer Mode:* Downward airflow creates a cooling effect.
 - *Winter Mode:* Upward airflow circulates warm air trapped near the ceiling.

Ensure the remote control batteries are installed correctly. Refer to the remote control's specific instructions for pairing if necessary.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Care:** The balsa wood blades are durable but should be handled with care. Avoid excessive moisture.
- **Tightening Screws:** Periodically check all screws for tightness, especially those securing the blades and mounting bracket.
- **LED Light:** The integrated LED light is designed for long life and is not user-replaceable. Contact customer support if issues arise.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; loose wire connections; remote control not paired or batteries dead.	Check circuit breaker/fuse; verify all wire connections are secure; replace remote batteries or re-pair remote.
Fan makes noise	Loose screws on motor housing or blades; fan not properly balanced; internal motor issue.	Tighten all screws; ensure blades are balanced (use a balancing kit if needed); contact customer support if noise persists.
Light does not work	Loose wire connection to light kit; remote control issue; LED driver failure.	Check light kit wiring; verify remote functionality; contact customer support.
Excessive wobbling	Loose blades or blade holders; improper mounting; unbalanced blades.	Ensure all blade screws are tight; verify mounting bracket is secure; balance blades using a balancing kit.

If you encounter issues not listed here or if solutions do not resolve the problem, please contact Monte Carlo customer support.

9. WARRANTY AND SUPPORT

For specific warranty details, please refer to the warranty card included with your product or visit the official Monte Carlo website. For technical assistance, replacement parts, or any other inquiries, please contact Monte Carlo customer support directly. Keep your purchase receipt as proof of purchase for warranty claims.
