Aoycocr Wi-Fi Smart Plug Instruction Manual

Model: 713721027859 | Brand: Aoycocr

1. INTRODUCTION

Thank you for choosing the Aoycocr Wi-Fi Smart Plug. This device allows you to control your electronic appliances remotely, set schedules, and integrate with voice assistants like Amazon Alexa and Google Home, enhancing your smart home experience. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and safety.

2. IMPORTANT SAFETY INFORMATION

Please read and follow all safety instructions carefully before using the Aoycocr Wi-Fi Smart Plug to prevent damage, electric shock, fire, or injury.

- **Indoor Use Only:** This device is designed for indoor use in dry locations. Do not use it in wet or damp environments.
- **Electrical Rating:** Do not exceed the maximum load current of the smart plug. Refer to the specifications section for details.
- **Grounding:** Ensure the smart plug is connected to a properly grounded outlet.
- **Disassembly:** Do not attempt to disassemble or modify the smart plug. This will void the warranty and may cause electric shock or fire.
- **Children:** Keep the device out of reach of children.
- **Cleaning:** Unplug the device before cleaning. Use a dry cloth; do not use liquid cleaners.

3. PACKAGE CONTENTS

Upon unpacking, please verify that all items listed below are included and in good condition:

- Aoycocr Wi-Fi Smart Plug (1 unit)
- User Manual (This document)

If any items are missing or damaged, please contact customer support.

4. PRODUCT OVERVIEW

The Aoycocr Wi-Fi Smart Plug is a compact device designed for ease of use and integration into your smart home system. It features a power button and an indicator light for status feedback.

Image 4.1: Front view of the Aoycocr Wi-Fi Smart Plug, showing the power button with a blue LED indicator and the socket opening.

Components:

- **Power Button:** Press to manually turn the connected device on or off. Press and hold for 5 seconds to initiate pairing mode.
- **Indicator Light:** Displays the status of the smart plug (e.g., blinking for pairing mode, solid for connected).
- **AC Outlet:** Connect your appliance here.

5. SETUP GUIDE

Follow these steps to set up your Aoycocr Wi-Fi Smart Plug and connect it to your home network.

5.1. App Installation

1. Download the **Smart Life** app from the Apple App Store (for iOS devices) or Google Play Store (for Android devices). You can search for "Smart Life" or scan the QR code usually provided in the product packaging.
2. Register an account or log in if you already have one.

5.2. Device Pairing

1. Plug the Aoyocor Smart Plug into a wall outlet.
2. The indicator light on the plug should start blinking rapidly (approximately 2 times per second). If it does not, press and hold the power button on the plug for 5 seconds until it blinks rapidly.
3. Open the Smart Life app. Tap the "+" icon in the top right corner to add a device.
4. Select "Electrical Outlet" or "Smart Plug" from the device list.
5. Confirm that the indicator light is blinking rapidly in the app.
6. Enter your Wi-Fi network password. Ensure your phone is connected to a 2.4 GHz Wi-Fi network, as the smart plug does not support 5 GHz networks.
7. The app will begin connecting to the device. Once connected, the indicator light on the plug will turn solid, and the app will confirm successful pairing.
8. You can rename the smart plug in the app for easier identification (e.g., "Living Room Lamp").

Einfaches Setup

Einfach einzurichten und zu verwenden, kein Hub oder Abonnement erforderlich

Image 5.1: Aoyocor Smart Plug plugged into a wall outlet, with a smartphone displaying the "Connecting" screen during the setup process.

Image 5.2: A user interacting with the Smart Life app on a smartphone, showing icons for voice control, timer, remote control, and group functions, indicating various ways to manage smart devices.

6. OPERATING INSTRUCTIONS

Once your Aoyocor Wi-Fi Smart Plug is successfully paired, you can utilize its various smart features.

6.1. Remote Control

Control your connected appliances from anywhere using the Smart Life app.

- Open the Smart Life app and select your smart plug.
- Tap the large power icon on the screen to turn the connected device on or off. The icon will change color to indicate the status.

Fernbedienung

Steuern Sie Ihr Gerät jederzeit und überall

Image 6.1: A smartphone displaying the Smart Life app interface for remote control, showing a large power button to toggle a smart plug, with a modern house in the background symbolizing remote access.

6.2. Timer Function and Scheduling

Set schedules to automatically turn your devices on or off at specific times or based on environmental factors.

- In the Smart Life app, select your smart plug.
- Tap on the "Schedule" or "Timer" option.
- Add new schedules by setting the desired time, days of the week, and action (on/off).
- You can also set countdown timers or integrate with sunrise/sunset automations.

Familien teilen

Sie können mit Ihrer Familie teilen und die Steckdose mit mehreren Geräten steuern

Image 6.2: A smartphone displaying the timer scheduling interface within the Smart Life app, showing multiple preset times for device operation, with a kitchen background.

6.3. Voice Control with Alexa and Google Home

Integrate your smart plug with Amazon Alexa or Google Home for convenient voice control.

1. Ensure your Amazon Alexa or Google Home device is set up and connected to the same Wi-Fi network as your smart plug.
2. In the Alexa app or Google Home app, enable the "Smart Life" skill/service.
3. Link your Smart Life account when prompted.
4. Discover devices. Your smart plug should appear in the device list.
5. You can now use voice commands such as:
 - "Alexa, turn on [device name]"
 - "Hey Google, turn off [device name]"

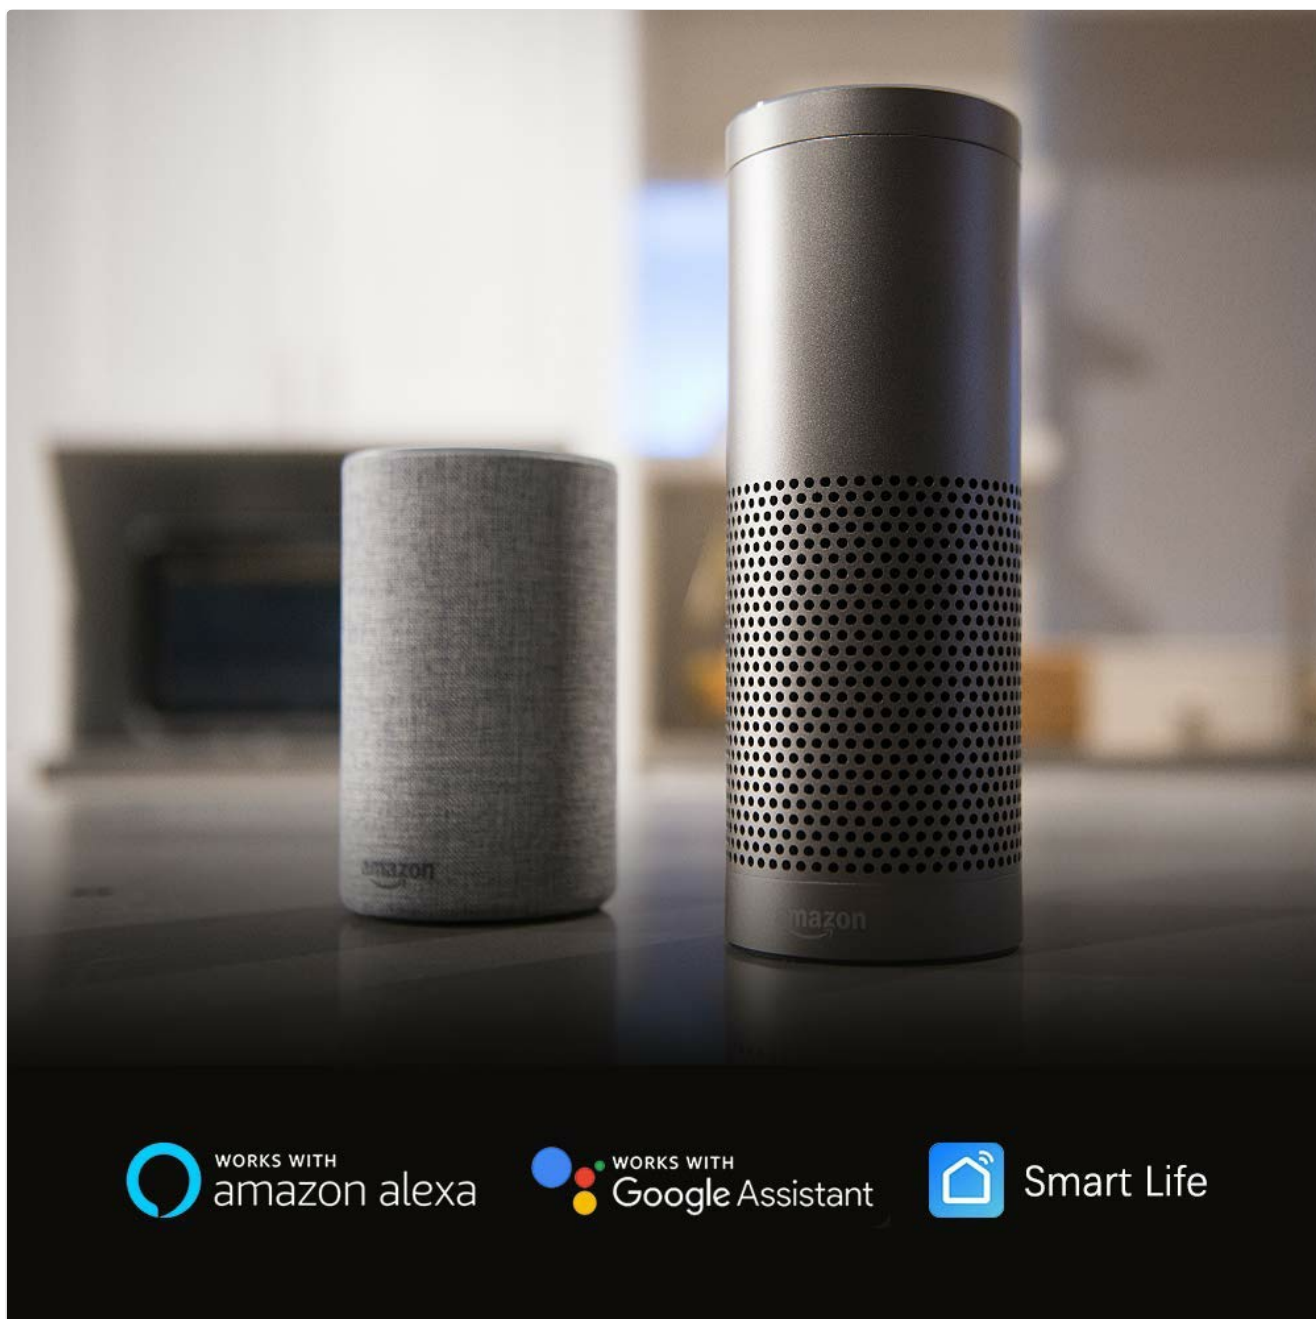

Image 6.3: Logos indicating compatibility with Amazon Alexa, Google Assistant, and the Smart Life app, positioned next to Amazon Echo devices.

6.4. Device Sharing

Share control of your smart plug with family members or other users.

- In the Smart Life app, select the smart plug you wish to share.
- Go to the device settings (usually by tapping the pencil icon or three dots).
- Select "Share Device" or "Device Sharing."
- Enter the Smart Life account email addresses of the users you want to share with. They will receive an invitation to control the device.

Timer Funktion

Legen Sie einen Zeitplan für Haushaltsgeräte fest

Image 6.4: A smartphone screen showing the "Share Device" interface within the Smart Life app, listing users with whom the device is shared, illustrating the family sharing feature.

7. MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your smart plug.

- **Cleaning:** Disconnect the smart plug from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** When not in use for extended periods, store the smart plug in a cool, dry place away from direct sunlight and moisture.
- **Inspection:** Periodically inspect the smart plug for any signs of damage, such as cracks or frayed wires. If damage is found, discontinue use immediately and contact customer support.

8. TROUBLESHOOTING

If you encounter issues with your Aoyocor Wi-Fi Smart Plug, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Smart plug cannot connect to Wi-Fi.	Incorrect Wi-Fi password; 5 GHz Wi-Fi network; plug too far from router; incorrect pairing mode.	Ensure correct 2.4 GHz Wi-Fi password. Move plug closer to router. Confirm plug is in rapid blinking pairing mode (press and hold button for 5 seconds).
Device connected to smart plug does not turn on/off.	Smart plug is off; device is unplugged from smart plug; device itself is faulty.	Check smart plug status in app or manually press button. Ensure device is securely plugged into smart plug. Test device by plugging directly into wall outlet.
Voice control not working.	Smart Life skill/service not enabled; incorrect device name; voice assistant device not connected.	Enable "Smart Life" skill/service in Alexa/Google Home app. Ensure device name matches what you're saying. Verify Alexa/Google Home device is online.
Smart plug frequently disconnects.	Weak Wi-Fi signal; network interference; too many devices on network.	Move plug closer to router. Reduce Wi-Fi interference (e.g., from other electronics). Consider upgrading router or network capacity.

9. SPECIFICATIONS

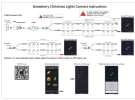

Detailed technical specifications for the Aoycocr Wi-Fi Smart Plug.

Feature	Specification
Model Number	713721027859
Brand	Aoycocr
Material	Plastic
International Protection Rating	IP54
Power	2400 W (2.4E+3)
Number of Items	1
Package Dimensions	8.6 x 5.7 x 5.6 cm
Weight	90 grams
Wireless Connectivity	Wi-Fi 2.4 GHz (IEEE 802.11 b/g/n)
Compatibility	Amazon Alexa, Google Home, Smart Life App

10. WARRANTY AND SUPPORT

Aoycocr products are designed for reliability and performance. For warranty information and technical support, please refer to the contact details provided with your purchase or visit the official Aoycocr website. Please have your model number (713721027859) ready when contacting support.
