Wiltec Wall Shelf with 30 Storage Bins - Instruction Manual

INTRODUCTION

This manual provides instructions for the assembly, use, and maintenance of your Wiltec Wall Shelf with 30 Storage Bins. This storage system is designed to help organize small parts and tools in workshops, garages, or utility rooms, promoting an efficient and tidy workspace.

PRODUCT COMPONENTS

The Wiltec Wall Shelf system includes the following components:

- 1 x Wall Mounting Panel (Polypropylene, Black)
- 18 x Small Storage Bins (Polypropylene, Red, approx. 8.9 x 10.2 x 5.08 cm)
- 12 x Large Storage Bins (Polypropylene, Blue, approx. 16.5 x 10.2 x 7.6 cm)

SETUP AND INSTALLATION

- 1. Unpack Components:** Carefully remove all parts from the packaging and verify that all listed components are present.
- 2. Select Mounting Location:** Choose a suitable wall location in your workshop, garage, or storage area. Ensure the wall material can support the weight of the shelf and its contents.
- 3. Mark Drilling Points:** The wall mounting panel features pre-drilled holes for easy installation. Hold the panel against the desired wall location and mark the positions for drilling.

4. **Drill Holes:** Drill holes at the marked positions using an appropriate drill bit for your wall type. Insert wall anchors if necessary (not included).
5. **Mount the Panel:** Securely attach the wall mounting panel to the wall using screws (not included). Ensure the panel is level and firmly fixed.
6. **Attach Storage Bins:** Once the panel is mounted, slide the storage bins onto the designated slots on the panel. The bins are designed to fit securely.

OPERATION AND USAGE

The Wiltec Wall Shelf system is designed for efficient organization of small items.

- **Sorting Items:** Utilize the different sizes of bins to sort various items such as screws, nails, nuts, bolts, washers, small tools, or craft supplies.
- **Easy Access:** The open-front design of the bins allows for quick and easy access to stored contents.
- **Removable Bins:** Each bin can be individually removed from the wall panel for transport or closer inspection of contents.
- **Stackable Bins:** The bins are also stackable, offering flexible storage options when not mounted on the wall.

MAINTENANCE

To ensure the longevity and cleanliness of your Wiltec Wall Shelf:

- **Regular Cleaning:** Wipe down the wall panel and storage bins periodically with a damp cloth to remove dust and dirt.
- **Mild Detergent:** For stubborn grime, use a mild soap or detergent solution. Avoid abrasive cleaners or harsh chemicals, as these may damage the polypropylene material.
- **Inspection:** Periodically check the wall mounting for security and tightness of screws.

TROUBLESHOOTING

This section addresses common issues you might encounter with your storage system.

- **Bins not fitting securely:** Ensure the bins are correctly aligned with the slots on the wall panel. Apply gentle, even pressure to slide them into place.
- **Wall panel feels unstable:** Verify that the mounting screws are tightened securely and that appropriate wall anchors were used for your wall type. Overloading the shelf can also cause instability; distribute

weight evenly and do not exceed the recommended capacity.

- **Difficulty removing bins:** Gently lift the bin slightly before pulling it forward to disengage it from the mounting slot.
