JEKCA ST19BMD04

JEKCA Bernese Mountain Dog 04S Building Blocks Instruction Manual

Model: ST19BMD04

1. PRODUCT OVERVIEW

The JEKCA Bernese Mountain Dog 04S is a detailed plastic building block sculpture designed for enthusiasts aged 14 and above. This kit allows you to construct a realistic model of a sitting Bernese Mountain Dog using JEKCA's patented interlocking brick-through system, ensuring a sturdy and durable finished product.

This kit contains over 1740 pieces, providing a rewarding and engaging building experience.

2. WHAT'S INCLUDED

Your JEKCA Bernese Mountain Dog 04S kit includes the following components:

- **Building Bricks:** Over 1740 plastic building blocks in various shapes and colors required for assembly.
- **Pins:** Small pins used to secure the bricks together, forming a strong structure.
- **Pin Driver:** A specialized tool to assist in inserting and removing pins.
- **Instruction Manual:** A detailed guide with step-by-step assembly instructions.
- **Quick Guide:** A supplementary guide for quick reference.

3. SAFETY INFORMATION

Please read and understand all safety information before beginning assembly.

- **Age Recommendation:** This product is recommended for individuals aged 14 years and above.
- **Small Parts:** The kit contains small parts which may pose a choking hazard. Keep out of reach of children under 3 years of age and pets.
- **Supervision:** Adult supervision is recommended for younger builders within the recommended age range.
- **Handling Pins:** Use the provided pin driver carefully when inserting or removing pins to avoid injury.

4. ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps carefully to assemble your JEKCA Bernese Mountain Dog 04S sculpture. Refer to the included instruction manual for detailed diagrams and specific brick placement.

1. Preparation:

- Unpack all components and verify that all parts listed in the "What's Included" section are present.
- Organize your bricks by color and shape to facilitate easier assembly.
- Ensure you have a clean, well-lit, and spacious work area.

2. Understanding the Interlocking System:

JEKCA uses a patented interlocking brick-through system. Bricks are connected using small pins that pass through holes in the blocks, creating a very stable structure. The pin driver tool is essential for this process.

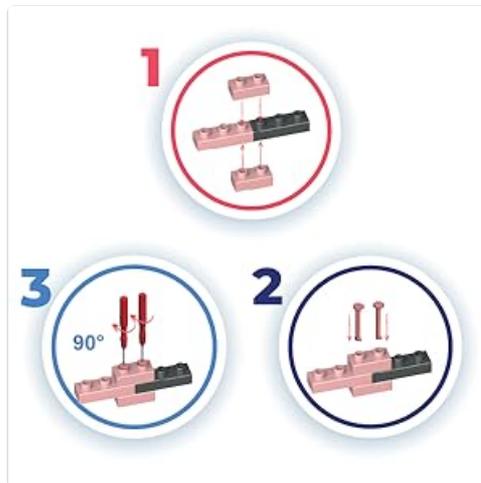

Image: Diagram illustrating the JEKCA interlocking brick system, showing how pins connect two bricks.

3. Step-by-Step Building:

- Begin by following the first steps outlined in your detailed instruction manual.
- Each step will show which bricks to use and where to place them.
- Use the pin driver to insert pins through the designated holes to secure layers of bricks. Ensure pins are fully inserted for maximum stability.
- Pay close attention to the orientation of each brick and the color coding in the manual.

4. Building Complex Sections:

Some sections, such as the head or paws, may require more intricate assembly. Take your time

and double-check each step. The manual provides detailed views for these sections.

Dimension

Length : 24.3cm

Width : 15.6cm

Height : 28.7cm

5. Final Touches:

Once all sections are assembled, ensure all pins are securely in place. The finished model should be robust and not easily fall apart.

5. OPERATING (DISPLAY AND HANDLING)

Once assembled, your JEKCA Bernese Mountain Dog 04S sculpture is ready for display. While the interlocking system makes it sturdy, handle the model with care to preserve its integrity.

- **Display:** Place the sculpture on a stable, flat surface away from direct sunlight or extreme temperatures to prevent material degradation.
- **Handling:** When moving the model, support it from the base to avoid putting stress on individual sections.

6. MAINTENANCE

To keep your JEKCA sculpture in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Avoid Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the plastic bricks and colors.
- **Storage:** If disassembling for storage, keep all bricks and pins organized in a container to prevent loss.

7. TROUBLESHOOTING

If you encounter any issues during assembly or with your finished model, consider the following:

- **Missing Pieces:** Carefully check all packaging and the work area. If pieces are genuinely missing, contact JEKCA customer support with your product model number and details of the missing parts.
- **Difficulty Connecting Bricks:** Ensure the pins are aligned correctly with the holes. Apply firm, even pressure with the pin driver. Do not force pins if they are misaligned, as this can damage the bricks.
- **Model Instability:** Review the assembly steps, particularly those involving the base and core structure. Ensure all pins are fully inserted and that bricks are correctly oriented and connected as per the manual.

8. SPECIFICATIONS

Feature	Detail
Model Number	ST19BMD04
Product Dimensions (L x W x H)	9.57 x 6.14 x 11.3 inches (approx. 24.3 x 15.6 x 28.7 cm)
Item Weight	2.78 pounds (approx. 1.26 kg)
Number of Pieces	Over 1740
Recommended Age	14 years and up
Material	Plastic
Manufacturer	JEKCA Limited
