ASSEMBLY INSTRUCTIONS

The JEKCA building system utilizes a patented interlocking brick-through system, ensuring a sturdy and durable model. Follow the steps below and refer to the included detailed instruction manual for specific brick placement.

1. Preparation

- Unpack all components and verify against the parts list in your detailed manual.
- Organize your bricks by color and size to facilitate easier assembly.
- Ensure you have a clean, well-lit workspace.

2. Interlocking System Overview

JEKCA models are assembled using a unique pin-and-screw system. This method creates a robust structure that is not prone to falling apart.

1. **Align Bricks:** Place the bricks according to the instruction manual, ensuring the holes align.
2. **Insert Pins:** Use the provided pin driver to insert the specialized pins through the aligned holes in the bricks.
3. **Secure Pins:** Turn the pin driver 90 degrees to lock the pins in place, securely fastening the bricks together.

3. Step-by-Step Building

Follow the comprehensive, step-by-step diagrams in your included instruction manual. Each step will guide you through adding layers and sections of the English Bulldog model.

- Pay close attention to the orientation of each brick.
- Ensure all pins are securely locked before proceeding to the next step.
- Take your time; the assembly process is designed to be engaging and rewarding.

CARE AND MAINTENANCE

- **Cleaning:** To clean your assembled model, gently wipe with a dry, soft cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a stable location away from direct sunlight or extreme temperatures to prevent material degradation.
- **Handling:** While the JEKCA system is sturdy, avoid dropping or applying excessive force to the model to prevent damage.

TROUBLESHOOTING

Difficulty with Instructions:

If a particular step in the instruction manual seems unclear, review the preceding and subsequent steps. Sometimes, the context of the next few pieces can clarify the current step. Ensure you are following the diagrams precisely.

Missing or Damaged Parts:

While quality control is maintained, occasional discrepancies can occur. If you find any missing or damaged bricks or pins, please contact JEKCA customer support for assistance. Refer to the "Support" section for contact details.

Model Not Sturdy:

Ensure all pins are fully inserted and turned 90 degrees to lock the bricks. A loose pin can compromise the stability of the structure. Recheck sections where the model feels unstable.
