JEKCA 01S-M01

JEKCA Shih Tzu 01S-M01 Building Blocks Instruction Manual

Model: ST19PT12-M01

INTRODUCTION

Thank you for choosing the JEKCA Shih Tzu 01S-M01 building block set. This manual provides detailed instructions for assembling your model, along with important safety information, care guidelines, and product specifications. Please read this manual thoroughly before beginning assembly to ensure a smooth and enjoyable building experience.

SAFETY INFORMATION

This product contains small parts. Keep out of reach of children under 14 years of age to prevent choking hazards. Adult supervision is recommended for users aged 14 and above. Do not ingest any parts. Dispose of packaging materials responsibly.

PACKAGE CONTENTS

Before starting assembly, please verify that all components are present in your package:

- Building Bricks (over 1180 pieces)
- Instruction Manual
- Pin Driver
- Pins
- Quick Guide

ASSEMBLY INSTRUCTIONS

The JEKCA building system utilizes a patented interlocking brick-through technology, ensuring a sturdy and durable model. Follow the steps below carefully.

General Building Principle

1. **Insert Pin:** Place a pin into the designated hole of a brick.
2. **Connect Bricks:** Align the next brick over the pin.
3. **Secure with Pin Driver:** Use the provided pin driver to turn the pin 90 degrees, locking the bricks together. This creates a strong, stable connection.

Image: Step-by-step visual guide for connecting JEKCA bricks using pins and the pin driver.

Detailed Assembly Steps

Refer to the included Quick Guide and the main Instruction Manual for specific brick placement and sequence. The manual will guide you through each layer and section of the Shih Tzu model.

- Sort your bricks by color and size to facilitate the building process.
- Follow the numbered steps in the manual, ensuring each brick is correctly positioned before securing it with pins.
- Use the pin driver to firmly turn each pin 90 degrees. A properly secured pin will prevent the model from easily breaking apart.
- Pay close attention to the orientation of bricks and pins as indicated in the diagrams.

CARE AND MAINTENANCE

Once assembled, your JEKCA Shih Tzu model is designed to be sturdy. To maintain its appearance and integrity:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more thorough cleaning, use a slightly damp cloth and mild soap, then wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Display:** Place the model on a stable, flat surface away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** While sturdy, avoid dropping or applying excessive force to the model, as this may cause bricks to detach or pins to loosen.

TROUBLESHOOTING

- **Missing Pieces:** If you find any missing bricks or pins, please contact JEKCA customer support with details of the missing parts and your purchase information.
- **Bricks Not Connecting Securely:** Ensure the pin is fully inserted and turned 90 degrees using the pin driver. If a pin feels loose, try replacing it with another pin.
- **Difficulty Following Instructions:** Double-check the step number and the corresponding diagram. Sometimes, rotating the model or viewing the diagram from a different angle can help clarify the next step.

SPECIFICATIONS

Image: JEKCA Shih Tzu model with its dimensions and piece count displayed.

Model Name	Shih Tzu 01S-M01
Model Number	ST19PT12-M01
Number of Pieces	Over 1180
Assembled Dimensions (L x W x H)	11.06 x 4.17 x 5.43 inches (28.1 x 10.6 x 13.8 cm)
Weight	0.91 kg
Material	Plastic
Recommended Age	14 years and above
