JEKCA ST17PB05-S09

JEKCA Present Box 05S-S09 Plastic Building Blocks Instruction Manual

Model: ST17PB05-S09 | Brand: JEKCA

INTRODUCTION

Thank you for choosing the JEKCA Present Box 05S-S09 building block set. This manual provides detailed instructions for assembling your model, ensuring a sturdy and enjoyable building experience. JEKCA blocks utilize a unique interlocking brick-through system for enhanced stability.

WHAT'S INCLUDED

Before you begin, please verify that all components are present in your package:

- Bricks (over 330 pieces)
- Instruction Manual
- Pin Driver
- Pins
- Quick Guide

SAFETY INFORMATION

This product contains small parts and is recommended for individuals **14 years of age or older**. Keep out of reach of young children to prevent choking hazards. Adult supervision is recommended for younger builders within the recommended age range.

ASSEMBLY INSTRUCTIONS

The JEKCA building system uses a unique interlocking method with pins to create sturdy structures. Follow the steps below for proper assembly.

Step 1: Understanding the Interlocking System

JEKCA blocks are designed to interlock securely using pins. This system ensures that your finished model is robust and

less prone to falling apart compared to traditional building blocks.

Image: Illustration of the JEKCA interlocking system. Step 1 shows inserting a pin into a block. Step 2 shows turning the pin 90 degrees with a pin driver to secure it.

Step 2: General Assembly Process

1. **Connect Blocks:** Place one JEKCA block on top of another, aligning the studs and holes.
2. **Insert Pins:** Insert the provided pins into the designated holes on the top block, ensuring they pass through to the bottom block.
3. **Secure with Pin Driver:** Use the pin driver to turn each pin 90 degrees. This action expands the pin within the blocks, creating a strong, secure connection.
4. **Repeat:** Continue this process, following the specific instructions in your included Quick Guide and detailed Instruction Manual, layer by layer, until your model is complete.

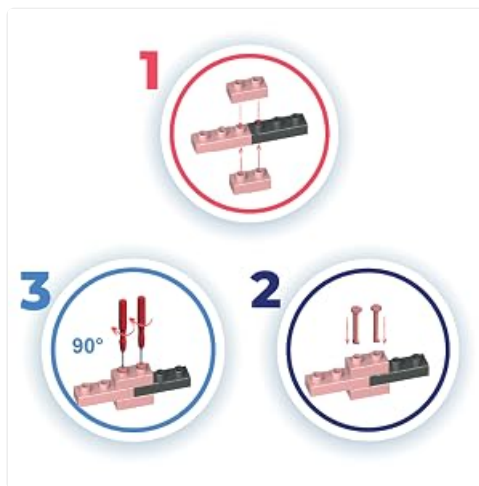

Image: Detailed three-step diagram for JEKCA block assembly. Step 1 shows two blocks being connected. Step 2 shows pins being inserted. Step 3 shows the pin driver turning the pins 90 degrees to secure them.

Refer to the specific building manual included in your package for the exact sequence and placement of each brick for the Present Box 05S-S09 model.

Dimension

Depth : 8.8cm

Width : 9.4cm

Height : 5.8cm

DISPLAY AND STABILITY

Once assembled, your JEKCA Present Box 05S-S09 model will be sturdy and suitable for display. The interlocking system ensures the model maintains its form without easily breaking apart.

Image: Various JEKCA animal models, such as a cat, panda, and French bulldog, showcasing the stability and detail achievable with the interlocking brick-through technology.

MAINTENANCE

To keep your JEKCA model clean, gently wipe it with a dry, soft cloth. For more stubborn dust or dirt, a slightly damp cloth can be used. Avoid harsh chemicals or abrasive cleaners, as these may damage the plastic.

TROUBLESHOOTING

- **Blocks not fitting:** Ensure you are using the correct blocks as indicated in the instruction manual. Verify that no debris is obstructing the connection points.
- **Pins not securing:** Make sure the pins are fully inserted before turning them 90 degrees with the pin driver. If a pin feels loose, try removing it and re-inserting it carefully.
- **Model feels unstable:** Double-check all connections to ensure pins are properly inserted and turned. The JEKCA system is designed for sturdiness, so instability usually indicates an unsecured connection.
- **Missing parts:** If you find any missing components, please contact JEKCA customer support for assistance.

SPECIFICATIONS

Brand:	JEKCA
Model Number:	ST17PB05-S09
Item Type:	Plastic Building Blocks
Recommended Age:	14 years and above
Number of Pieces:	>330 pieces
Dimensions (assembled):	Depth: 8.8cm, Width: 9.4cm, Height: 5.8cm (for 'S' size)
