Materia GKA-6

Materia GKA-6 375 Gold Heart Pendant Necklace with Zirconia Stone

Instruction Manual

Introduction

This manual provides essential information for the Materia GKA-6 heart-shaped pendant necklace. This high-quality necklace features a 375 yellow gold heart-shaped pendant adorned with a white zirconia stone, paired with a delicate 42 cm Singapore chain. Please read these instructions carefully to ensure proper handling and care of your jewelry.

Setup and Unboxing

Your Materia GKA-6 necklace is securely packaged in an elegant ivory-white jewelry box with a gold logo.

1. **Unpack:** Carefully open the outer packaging and remove the jewelry box.
2. **Inspect:** Open the jewelry box and gently remove the necklace. Inspect the pendant and chain for any visible damage or tangles.
3. **Storage:** Keep the jewelry box for safe storage when the necklace is not being worn.

Wearing the Necklace

The Materia GKA-6 necklace is designed for comfortable daily wear.

1. **Clasp Operation:** Locate the spring ring clasp on the Singapore chain. Gently pull back the small lever to open the clasp.
2. **Wearing:** Place the chain around your neck and insert the open end of the chain into the clasp. Release the lever to secure the clasp. Ensure the clasp is fully closed before wearing.
3. **Adjustment:** The 42 cm chain length is fixed. Position the heart pendant as desired.

Care and Maintenance

Proper care will help maintain the beauty and longevity of your Materia GKA-6 necklace.

- **Avoid Chemicals:** Do not expose the necklace to harsh chemicals, perfumes, lotions, hairsprays, or cleaning agents. These substances can damage the gold and the zirconia stone.
- **Proper Storage:** Store the necklace in its original jewelry box or a soft pouch to prevent scratches and tangles. Keep it separate from other jewelry items that might cause abrasion.
- **Cleaning:** Clean the necklace regularly with a soft, lint-free cloth. For a deeper clean, use a mild soap solution and warm water, then rinse thoroughly and dry completely with a soft cloth. Avoid abrasive materials.
- **Remove Before Activities:** Remove the necklace before showering, swimming, exercising, or engaging in any activities that could expose it to moisture, impact, or chemicals.

Troubleshooting

Most issues with fine jewelry can be resolved with careful handling and maintenance.

- **Tangled Chain:** If the Singapore chain becomes tangled, gently untangle it using two needles or tweezers on a flat surface. Avoid pulling forcefully, as this can damage the chain.
- **Loss of Luster:** If the gold appears dull, it may be due to residue from skin oils, lotions, or perfumes. Follow the cleaning instructions in the "Care and Maintenance" section to restore its shine.
- **Damaged Clasp:** If the clasp does not close securely, do not attempt to force it. Contact a professional jeweler or Materia customer support for assistance.

Product Specifications
