JEKCA ST19PT33

JEKCA Wire Haired Fox Terrier 01S Building Blocks Instruction Manual

Model: ST19PT33

INTRODUCTION

Welcome to the instruction manual for your JEKCA Wire Haired Fox Terrier 01S building block set. This guide provides detailed steps and information to assist you in assembling and maintaining your model. Please read through all sections carefully before beginning assembly.

PACKAGE CONTENTS

Your JEKCA Wire Haired Fox Terrier 01S building block set includes the following components:

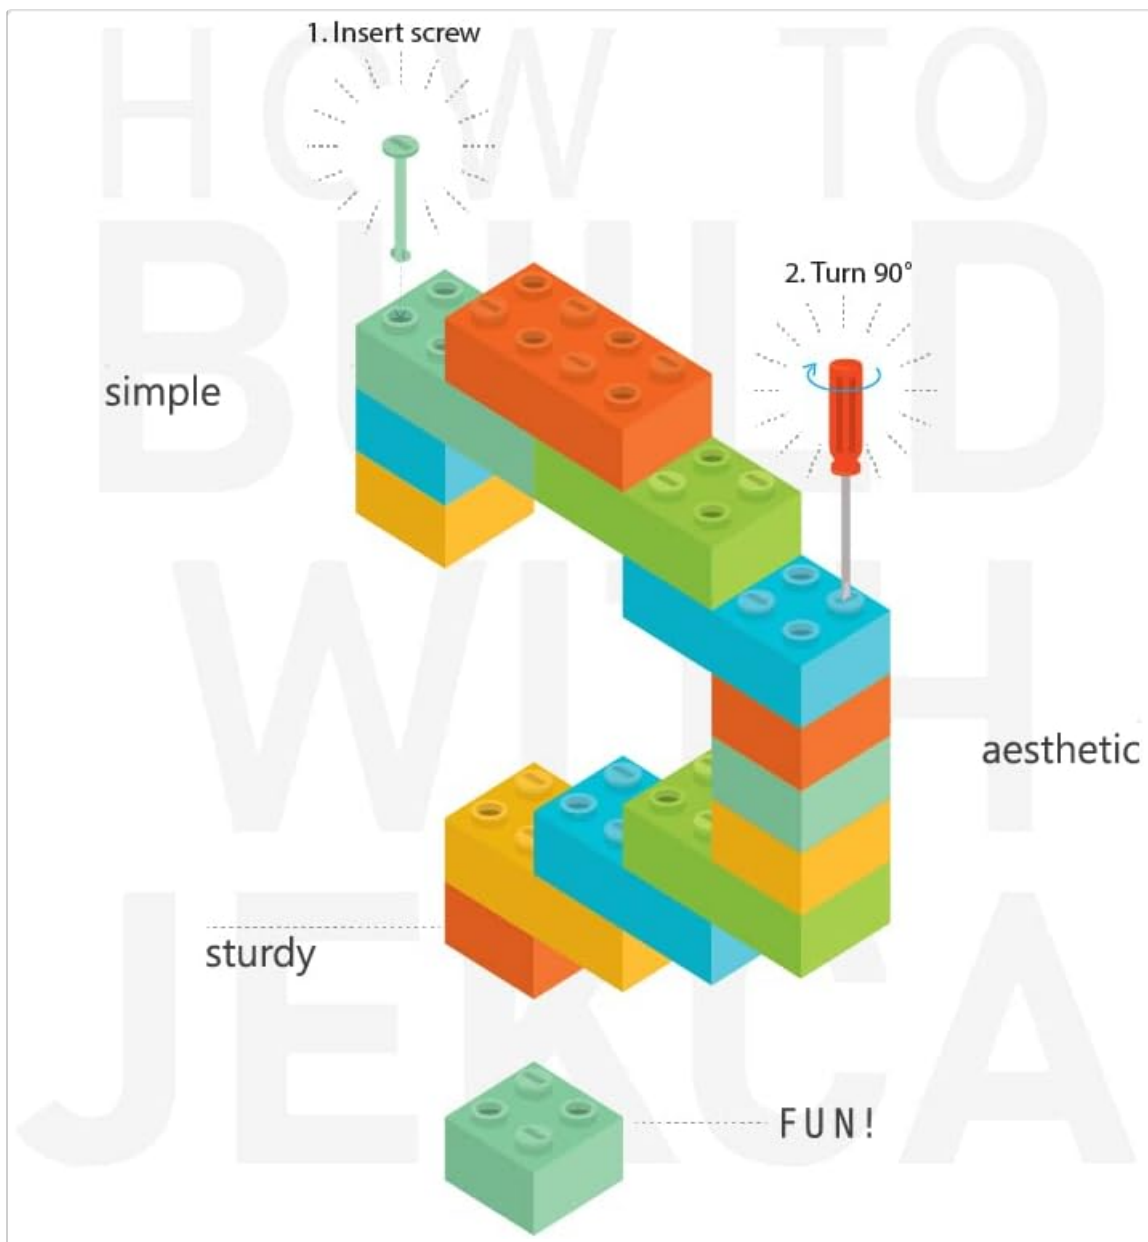

- Instruction Manual
- Bricks
- Pins
- Pin Driver
- Quick Guide

SETUP AND ASSEMBLY

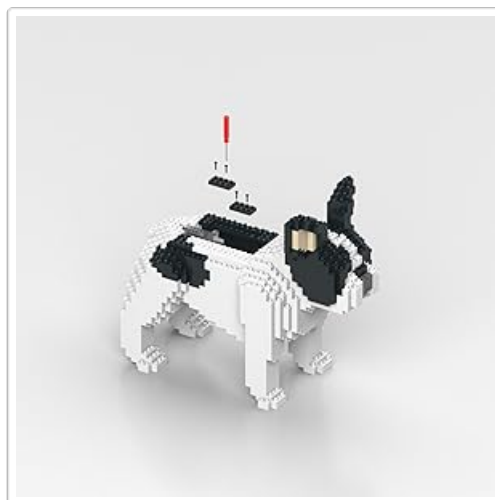

The JEKCA building system utilizes a unique interlocking brick-through mechanism for sturdy construction. Follow the steps below for successful assembly.

Understanding the Interlocking System

The JEKCA system uses pins that insert through the bricks to secure them. A pin driver tool is provided to assist with this process. This method ensures a strong and stable final model.

This image demonstrates the core JEKCA building method: insert a pin through the top brick, then turn it 90 degrees with the provided driver to lock it into the brick below.

A circular diagram illustrating the three steps of JEKCA assembly: 1. Aligning bricks, 2. Inserting pins, 3. Turning pins 90 degrees to lock.

Refer to the included detailed instruction manual for step-by-step guidance specific to the Wire Haired Fox Terrier 01S model.

General Assembly Tips

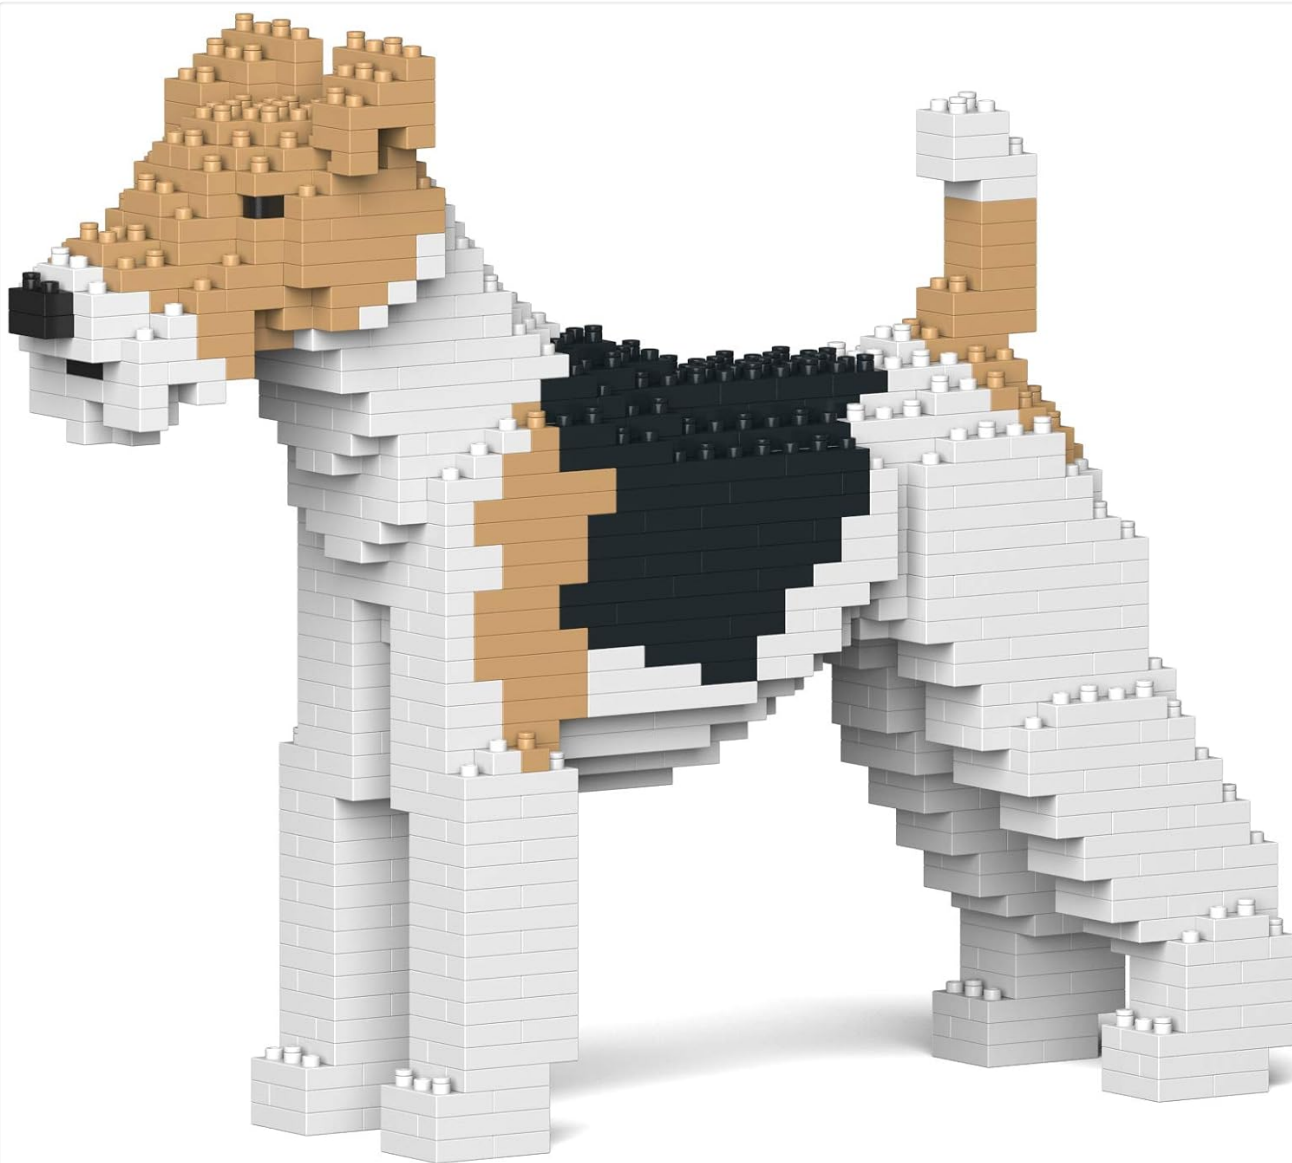

- Organize your bricks by color and shape before starting to streamline the building process.
- Ensure each pin is fully inserted and locked by turning it 90 degrees to achieve maximum stability.
- If a brick is difficult to connect, gently apply even pressure. Avoid excessive force.
- The model consists of over 690 pieces and requires careful attention to detail.

MAINTENANCE

Proper care will help maintain the appearance and integrity of your JEKCA model.

- To clean the model, gently wipe with a dry, soft cloth.
- Avoid using harsh chemicals or abrasive materials, as these can damage the plastic bricks.
- Store the model away from direct sunlight and extreme temperatures to prevent discoloration or deformation.
- If disassembly is required, use the pin driver to unlock the pins carefully.

TROUBLESHOOTING

This section addresses common issues that may arise during assembly or use.

Difficulty with Assembly

If you encounter difficulty connecting bricks or locking pins:

- **Review the Instructions:** Double-check the specific steps in your included manual. Some sections may require precise brick placement.
- **Verify Pin Alignment:** Ensure the pins are correctly aligned with the holes in both bricks before attempting to turn them.
- **Organize Components:** If parts are mixed, take time to sort them by color and type. This can prevent confusion and reduce assembly time.

Loose Connections

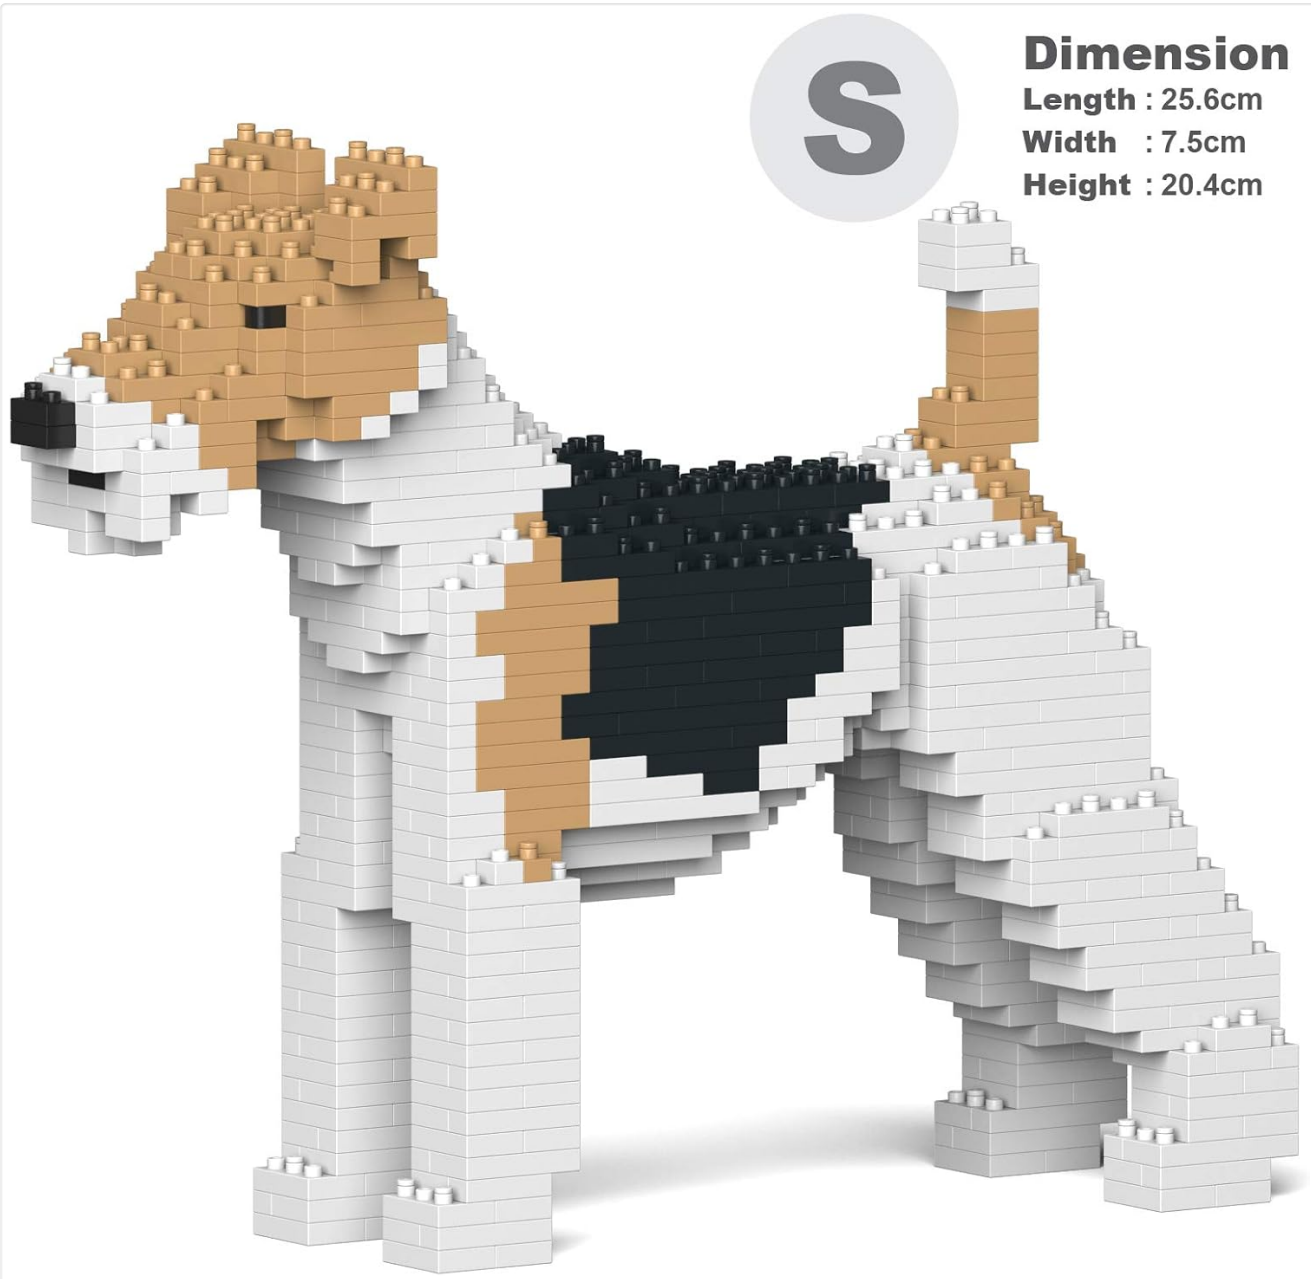

If parts feel loose after assembly:

- **Check Pin Rotation:** Confirm that all pins have been rotated 90 degrees to fully lock the bricks together.
- **Inspect for Missing Pins:** Ensure no pins were accidentally omitted during assembly.

PRODUCT SPECIFICATIONS

Detailed specifications for the JEKCA Wire Haired Fox Terrier 01S model:

Feature	Detail
Product Dimensions	10.08 x 2.95 x 8.03 inches
Item Weight	1.45 pounds
Item Model Number	ST19PT33
Manufacturer Recommended Age	14 years and up
Number of Pieces	>690 pieces
