## ZINUS SWPBBHW-12Q

# ZINUS Tricia Wood Platform Bed Frame User Manual

Model: SWPBBHW-12Q

## INTRODUCTION

---

This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your ZINUS Tricia Wood Platform Bed Frame. Designed with a timeless aesthetic and robust support, this bed frame is crafted from solid wood, featuring a uniquely detailed headboard and a durable steel framework. It is engineered to support your mattress without the need for a box spring.

## SETUP AND ASSEMBLY

---

The ZINUS Tricia Wood Platform Bed Frame is designed for easy assembly. All necessary parts, tools, and instructions are efficiently packed within one compact box for convenient delivery and setup.

### Unpacking and Part Identification

Carefully unpack all components from the box. It is recommended to lay out all parts and verify against the included parts list in the installation manual to ensure all pieces are present before beginning assembly. The total weight of the Queen size product is approximately 90.4 pounds.

Figure 2: All components laid out for assembly.

## Assembly Instructions

For detailed step-by-step assembly instructions, please refer to the official Installation Manual (PDF) provided with your product or available online. A ratcheting Allen wrench is typically included to aid in assembly.

The headboard of the Tricia Platform Bed is adjustable, allowing you to set it at one of three different heights during assembly: 39.8 inches, 43.3 inches, or 46.9 inches. This feature accommodates various mattress heights and personal preferences.

## 3 Adjustable Heights

### OPERATION

---

The ZINUS Tricia Wood Platform Bed Frame is designed to provide robust support for your mattress without the need for a traditional box spring. Its durable wood slats and steel framework ensure long-lasting stability and prevent mattress sagging.

### Mattress Placement

Simply place your memory foam, hybrid, or spring mattress directly onto the wooden slats. The platform design offers ample support, extending the life of your mattress.

### **Weight Capacity**

The Queen size bed frame can support up to 700 lbs. For Twin size, the capacity is up to 350 lbs.

## MAINTENANCE

---

To maintain the appearance and longevity of your ZINUS Tricia Wood Platform Bed Frame, simply wipe it with a dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners that could damage the wood finish.

## TROUBLESHOOTING

---

This section addresses common issues you might encounter with your bed frame.

### Loose Screws or Connections

If you experience any wobbling or instability, check all screws and connections to ensure they are tightened securely. Occasionally, a screw might not catch properly during initial assembly. If this occurs, ensure the bolt is clear of debris and try re-inserting the screw. In rare cases, a slightly longer screw of the same width may be needed to achieve a secure fit.

### Headboard Flimsiness

If the headboard feels flimsy or moves excessively, verify that all headboard attachment bolts are fully tightened. The

adjustable height mechanism should be securely locked into your chosen position.

## Mattress Overhang

While the bed frame is designed for standard mattress sizes, slight overhang (e.g., 0.5 to 1 inch) may occur with some mattresses. This is generally cosmetic and does not affect the structural integrity or support provided by the slats. Ensure your mattress is centered on the frame for optimal support.

## SPECIFICATIONS

---

Feature	Detail
Size	Queen
Product Dimensions	80.6"L x 59.6"W x 39.8"H
Special Feature	Adjustable Headboard
Color	Brown
Finish Type	Painted
