**BURBERRY BE-4291 3001/G**

# Burberry BE 4291 3001/G Sunglasses User Manual

Model: BE-4291 3001/G

## 1. PRODUCT OVERVIEW

The Burberry BE 4291 3001/G sunglasses are designed with a contemporary optical aesthetic, emphasizing quality and craftsmanship. These sunglasses feature a sleek black plastic frame and striking gold mirror lenses, incorporating the iconic Burberry branding. They are crafted from premium cellulose acetate, ensuring durability and a comfortable fit.

## 2. FEATURES

- **Rectangular Shield Design:** Offers a modern and distinctive look.
- **Black Plastic Frame:** Constructed from durable acetate cellulose for longevity.
- **Gold Mirror Lenses:** Provides a unique aesthetic and reduces glare.

- **Burberry Branding:** Integrated into the design for authenticity.
- **Adjustable Geofit Nose Pads:** Designed for a customized and comfortable fit.
- **Flex Temples:** Enhances comfort and adaptability to various head shapes.
- **UV Protection:** Lenses offer true ultraviolet light protection.
- **Non-Polarized Lenses:** Suitable for general use without affecting digital screens.

### 3. SETUP AND FIRST USE

---

1. **Unpacking:** Carefully remove the sunglasses from their protective case and any packaging materials.
2. **Inspection:** Check the lenses and frame for any protective films or tags. Remove them gently if present.
3. **Initial Fit:** Place the sunglasses on your face. The adjustable Geofit nose pads and flex temples are designed to provide a comfortable and secure fit. Minor adjustments can be made by a qualified optician if needed.
4. **Lens Cleaning:** Before first use, clean the lenses with the provided microfiber cloth to ensure optimal clarity.

### 4. OPERATING INSTRUCTIONS

---

These sunglasses are designed for daily wear to protect your eyes from harmful UV rays and reduce glare. The non-polarized lenses are suitable for various activities, including driving, as they do not interfere with digital displays or LCD screens.

- **Wearing:** Position the sunglasses comfortably on your nose and ears. Ensure the lenses cover your eyes adequately for full protection.
- **UV Protection:** The lenses offer true UV protection, safeguarding your eyes from the sun's ultraviolet radiation.
- **Visibility:** The gold mirror coating provides a stylish appearance while maintaining clear vision.

### 5. CARE AND MAINTENANCE

---

Proper care will extend the life and maintain the appearance of your Burberry sunglasses.

- **Cleaning Lenses:** Use a soft, clean microfiber cloth (often included with the sunglasses) to gently wipe the lenses. For stubborn smudges, use a specialized lens cleaning spray or mild soap and water, then dry with the microfiber cloth. Avoid using paper towels or abrasive materials, which can scratch the lenses.
- **Cleaning Frame:** Wipe the frame with a damp cloth and mild soap if necessary. Dry thoroughly.
- **Storage:** When not in use, always store your sunglasses in their original protective case to prevent scratches and damage. Avoid leaving them in direct sunlight or extreme heat (e.g., on a car dashboard) for extended periods, as this can warp the frame or damage the lens coating.
- **Handling:** Always hold the sunglasses by the frame, not the lenses, to avoid smudges and potential damage.

Figure 3: Top view of the sunglasses, showing the frame structure.

## 6. TROUBLESHOOTING

- **Loose Screws:** If the temples feel loose, the small screws connecting them to the frame may need tightening. Use a small eyewear screwdriver. Avoid overtightening.
- **Smudged Lenses:** Refer to the "Care and Maintenance" section for proper cleaning techniques.
- **Uncomfortable Fit:** If the sunglasses feel too tight or too loose, an optician can adjust the nose pads and temples for a better fit.
- **Scratched Lenses:** Unfortunately, lens scratches are generally not repairable. Proper storage and cleaning can prevent them.

## 7. SPECIFICATIONS

Specification	Detail
Model Number	BE-4291 3001/G
Brand	BURBERRY
Frame Material	Plastic (Acetate Cellulose, Propionate)
Frame Color	Black

Specification	Detail
Lens Material Type	Mirrored

## 9. WARRANTY AND SUPPORT

---

Burberry eyewear products are manufactured to high standards and come with a manufacturer's warranty against defects in materials and workmanship. The specific terms and duration of the warranty may vary by region and purchase location.

For warranty claims, product support, or further assistance, please contact the authorized Burberry retailer where the sunglasses were purchased or refer to the official Burberry website for customer service contact information.

Always retain your proof of purchase for warranty validation.
