Bag Boy Quad XL

Bag Boy Quad XL Push Cart User Manual

Model: Quad XL | Brand: Bag Boy

PRODUCT OVERVIEW

The Bag Boy Quad XL Push Cart is designed for golfers seeking superior stability and convenience on the course. Featuring a sleek aluminum frame and four maintenance-free wheels, it ensures smooth navigation across various terrains. Its compact folding design allows for easy storage and transport.

KEY FEATURES

- **Superior Stability:** Four maintenance-free tires provide excellent balance on diverse terrain.
- **Simple Two-Step Open/Fold:** Allows for quick setup and compact storage.
- **Extra Large Accessory Bag and Scorecard Console:** Keeps essentials like tees, golf balls, range finder, scorecard, cellphone, and a drink within easy reach.
- **Top-Lok Technology:** Seamlessly attaches any Bag Boy or Datrek golf bag without straps, preventing twisting.

- **Ultra Compact Design:** Folds to 24" x 17" x 16" and weighs only 14.2 lbs for convenient transport.

SETUP INSTRUCTIONS

1. Unfolding the Cart:

Place the folded cart on a flat surface. Locate the main release mechanism, typically near the central hinge or handle base.

Gently pull the handle upwards while pressing the release button (if applicable) to extend the frame. Ensure all four wheels are properly deployed and locked into position.

Image: The Bag Boy Quad XL Push Cart in its unfolded state, ready for use on a golf course.

2. Adjusting the Handle:

The handle height is adjustable to suit your preference. Locate the adjustment levers or buttons on the handle shaft.

Press the levers/buttons and slide the handle to your desired height. Release the levers/buttons to lock the handle securely.

3. Attaching Your Golf Bag:

Position your golf bag onto the cart's upper and lower bag brackets. If using a Bag Boy or Datrek bag with Top-Lok technology, align the bag with the cart's Top-Lok receiver for a secure, strap-free attachment.

For other bags, use the integrated straps to firmly secure the bag to the cart, preventing movement during transport.

OPERATING YOUR PUSH CART

Using the Parking Brake

The Bag Boy Quad XL features a handle-mounted parking brake for convenient stopping. To engage the brake, push the lever down. To release, lift the lever up. Always engage the brake when the cart is stationary, especially on uneven terrain.

Utilizing the Console and Storage

- Scorecard Console:** The full-featured console provides dedicated slots for your scorecard, pencil, and other small items.
- Accessory Bag:** The extra-large accessory bag located beneath the console offers ample space for golf balls, tees, a range finder, and personal items.
- Beverage Holder:** A built-in cup holder keeps your drink secure and accessible during your round.
- Umbrella Holder:** An integrated umbrella holder allows you to attach an umbrella for protection from sun or rain. Ensure it is securely fastened.

MAINTENANCE AND CARE

- Cleaning:** Wipe down the cart with a damp cloth after each use to remove dirt and debris. For stubborn stains, use mild soap and water. Avoid harsh chemicals.
- Storage:** Store the cart in a dry, cool place when not in use. The ultra-compact folding design makes it easy to store in a garage or car trunk.
- Wheel Inspection:** Periodically check the wheels for any signs of wear or damage. The maintenance-free tires do not require inflation.
- Moving Parts:** Ensure all moving parts, such as hinges and adjustment mechanisms, operate smoothly. Lubricate with a silicone-based spray if necessary.

Compact fold size for easy storage & transport

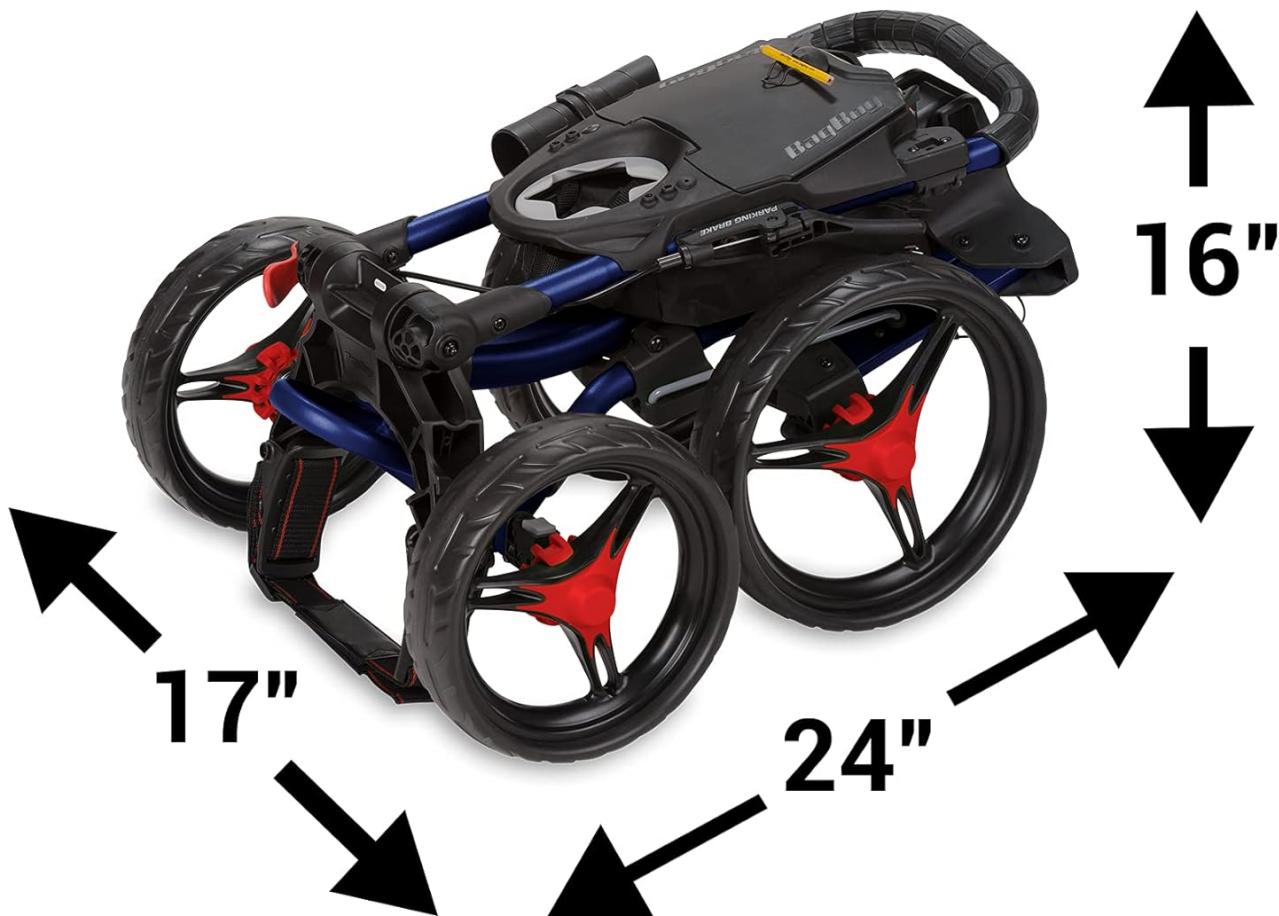

Image: The Bag Boy Quad XL Push Cart folded compactly, illustrating its small footprint for storage and transport. Dimensions are shown as 24" x 17" x 16".

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cart does not fold/unfold smoothly	Release mechanisms are not fully disengaged or engaged.	Ensure all release buttons/levers are pressed or pulled completely. Check for any obstructions in the folding mechanism.
Wheels do not roll freely	Debris caught in wheels or axle.	Inspect wheels and axles for any lodged dirt, grass, or other debris. Clean thoroughly.
Parking brake not holding	Brake mechanism is misaligned or worn.	Check the brake cable tension. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Golf bag twists on cart	Bag not properly secured or Top-Lok not engaged.	Ensure the bag is seated correctly in the brackets. If using Top-Lok, verify it is fully engaged. For non-Top-Lok bags, tighten the securing straps.
