Vileda 160932

Vileda Ultramax XL Floor Mop User Manual

Model: 160932

INTRODUCTION

Thank you for choosing the Vileda Ultramax XL Floor Mop. This manual provides essential information for the proper assembly, operation, maintenance, and troubleshooting of your new cleaning system. The Ultramax system is designed for advanced cleaning technology and ease of use, allowing for hands-free wringing.

SAFETY INFORMATION

- Always keep cleaning products out of reach of children and pets.
- Do not use the mop with harsh chemicals that may damage the mop head or floor surfaces.
- Ensure the mop handle is securely assembled before use to prevent accidents.
- Avoid excessive force when wringing to prevent damage to the mechanism.
- Store the mop and bucket in a dry, safe place when not in use.

PACKAGE CONTENTS

Please check the box to ensure all components are present:

- Vileda Ultramax XL Mop Head (Microfiber)
- Telescopic Mop Pole (Wood handle material)
- Ultramax Wring Bucket with Special Press

SETUP

1. **Assemble the Mop Pole:** Connect the sections of the telescopic mop pole by twisting them clockwise until secure.
2. **Attach the Mop Head:** Align the mop head with the pole connector and push firmly until it clicks into place. Ensure it is securely fastened.
3. **Prepare the Bucket:** Place the wringing mechanism securely into the bucket.

Image: A hand demonstrating the easy mop head change mechanism, showing how the mop head detaches from the base.

OPERATING INSTRUCTIONS

1. **Fill the Bucket:** Fill the Ultramax bucket with water and your preferred floor cleaning solution. Do not overfill.
2. **Wet the Mop Head:** Dip the mop head into the water in the bucket, ensuring it is fully saturated.
3. **Wring the Mop:** Insert the mop head into the special press mechanism in the bucket. Push down on the mop pole to wring out excess water. The reinforced attachment allows for hands-free wringing. Repeat until desired dampness

is achieved.

4. **Clean the Floor:** Mop the floor using a back-and-forth motion. The XL mop head (42 cm) covers a larger area, making cleaning more efficient. Its design allows for effective cleaning under furniture.

5. **Rinse and Repeat:** Rinse the mop head in the bucket as needed and wring it out before continuing to clean.

MAINTENANCE

- **Mop Head Cleaning:** The microfiber mop head is machine washable. Remove the mop head from the base and wash it in a washing machine at a maximum temperature of 60°C (140°F). Do not use bleach or fabric softener.
- **Bucket Cleaning:** After each use, empty the bucket and rinse it thoroughly with clean water. Allow it to air dry.
- **Storage:** Store the mop and bucket in a clean, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mop head not wringing effectively.	Mop head not properly inserted into the press; insufficient force applied.	Ensure the mop head is fully engaged with the wringing mechanism. Apply firm, consistent pressure.
Mop head detaches during use.	Mop head not securely attached to the pole.	Re-attach the mop head, ensuring it clicks firmly into place.

Problem	Possible Cause	Solution
Streaks left on floor.	Too much water on mop head; dirty mop head; incorrect cleaning solution.	Wring mop head more thoroughly. Clean or replace mop head. Use appropriate cleaning solution for your floor type.
