Takeya 51241

Takeya Actives 32 oz Water Bottle with Straw Lid

Model: 51241

INTRODUCTION

Thank you for choosing the Takeya Actives 32 oz Water Bottle with Straw Lid. This manual provides essential information for the proper setup, operation, and maintenance of your new water bottle. Designed for active lifestyles, this bottle features double-wall stainless steel insulation to keep your beverages at the ideal temperature for extended periods.

PRODUCT FEATURES

- **Double-Wall Stainless Steel Insulation:** Keeps drinks cold for up to 24 hours or hot for up to 12 hours.
- **Leak-Proof Straw Lid:** Engineered for secure closure to prevent spills.
- **Wide Loop Handle:** Integrated into the lid for easy carrying.
- **BPA-Free Materials:** Ensures safe and toxin-free hydration.
- **Removable Protective Bumper:** Safeguards against dings and scratches.
- **Wide Mouth Design:** Facilitates easy cleaning and adding ice.

SETUP

1. **Unpack:** Remove all packaging materials and labels from the water bottle and lid.
2. **Initial Cleaning:** Before first use, wash the bottle and lid thoroughly with warm, soapy water. Rinse completely.
3. **Assemble Lid:** Ensure the straw is properly inserted into the lid mechanism.
4. **Attach Bumper:** If removed for cleaning, slide the protective silicone bumper onto the base of the bottle.

OPERATING INSTRUCTIONS

1. **Filling the Bottle:** Unscrew the straw lid from the bottle. Fill with your desired beverage. For best insulation, pre-chill the bottle with cold water or pre-heat with hot water before adding your drink.
2. **Securing the Lid:** Screw the straw lid back onto the bottle until it is tight and secure to ensure a leak-proof seal.
3. **Drinking:** Flip up the straw spout to drink. When finished, push the spout down firmly to close and prevent leaks.
4. **Carrying:** Use the wide loop handle integrated into the lid for easy portability.

MAINTENANCE & CLEANING

For optimal hygiene and longevity of your Takeya water bottle, follow these cleaning instructions:

- **Dishwasher Safe:** The water bottle and removable straw lid are dishwasher safe for convenient and hassle-free cleaning. Place on the top rack.
- **Hand Washing:** For thorough cleaning, especially for the straw components, hand wash with warm, soapy water and a bottle brush. Ensure all parts are rinsed thoroughly.
- **Drying:** Allow all components to air dry completely before reassembling to prevent odor or mildew.
- **Bumper Care:** The silicone bumper can be removed for cleaning and easily reattached.

TROUBLESHOOTING

- **Leaking:** Ensure the lid is screwed on tightly and the straw spout is fully closed. Check the silicone gasket inside the lid for proper placement and any damage.
- **Reduced Insulation:** Verify that the lid is securely closed. Extreme external temperatures or frequent opening may affect insulation performance.
- **Difficulty Drinking from Straw:** Check if the straw is properly inserted and not obstructed. Ensure the air vent on the lid is clear.
