## SETUP AND INSTALLATION

The Fresca Lucera vanity is designed for wall-mounted installation. Professional installation is recommended. Ensure all local plumbing and building codes are followed.

### Before You Begin:

- Inspect all components for damage prior to installation.
- Ensure you have all necessary tools and safety equipment.
- Turn off the main water supply to the installation area.
- Review the complete Installation Manual (PDF) for detailed step-by-step instructions and diagrams.

## General Installation Steps:

1. **Prepare the Wall:** Locate wall studs and mark mounting points according to the vanity's dimensions and desired height. Ensure the wall can support the weight of the vanity and its contents.
2. **Install Mounting Hardware:** Securely attach the provided mounting brackets or French cleat to the wall studs using appropriate fasteners.
3. **Connect Plumbing:** Install faucets (sold separately) onto the countertop. Connect water supply lines and drain assembly to the sinks and rough-in plumbing. Ensure all connections are watertight.
4. **Mount the Vanity:** Carefully lift and secure the vanity cabinet onto the wall mounting hardware. Ensure it is level and firmly attached.
5. **Install Countertop and Sinks:** Place the countertop with pre-installed sinks onto the cabinet. Secure it as per the detailed manual.
6. **Final Checks:** Turn on the water supply and check for leaks. Test faucet operation and drain function.

The Fresca Lucera vanity is designed for ease of use and efficient storage in your bathroom.

### Drawers and Cabinets:

- The vanity features two spacious lower drawers and two side cabinets. These are equipped with soft-close mechanisms to prevent slamming and ensure quiet operation.
- To open, gently pull the handles. The soft-close slides will engage as you close them, pulling the drawer or door shut smoothly.
- Utilize the drawers for smaller items and the side cabinets for taller bottles or folded towels.

## Sinks and Countertop:

- The vanity includes two undermount sinks integrated into the quartz countertop.
- Ensure proper water flow and drainage by regularly cleaning the sink and drain stopper.

## CARE AND MAINTENANCE

---

Proper care will help maintain the beauty and functionality of your Fresca Lucera vanity for years to come.

### Cabinet Care:

- Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- Immediately wipe up any spills to prevent water damage, especially on wood surfaces.
- Avoid prolonged exposure to direct sunlight or extreme temperature changes.

### Countertop and Sink Care:

- Clean the quartz countertop and ceramic sinks with mild soap and water. Rinse thoroughly and dry with a soft cloth.
- Avoid using abrasive pads, acidic cleaners, or strong alkaline solutions, as these can etch or stain the surface.
- For stubborn stains on the quartz, consult a professional stone cleaner or refer to specific quartz cleaning guidelines.

### Hardware Care:

- Clean metal handles and fixtures with a soft, dry cloth. Avoid chemical cleaners that may tarnish the finish.

## TROUBLESHOOTING

---

This section addresses common issues you might encounter with your Fresca Lucera vanity.

Problem	Possible Cause	Solution
<b>Drawers do not close smoothly (soft-close not engaging).</b>	Obstruction in the drawer slide; misaligned drawer; damaged soft-close mechanism.	Check for objects blocking the slide. Ensure the drawer is properly seated on its runners. If issues persist, contact customer support.
<b>Water leaks from plumbing connections.</b>	Loose connections; improperly sealed joints; damaged O-rings or washers.	Tighten all connections. Apply plumber's tape or sealant where appropriate. Replace any worn or damaged washers. If unsure, consult a licensed plumber.
<b>Sink drains slowly.</b>	Clog in the drain pipe or stopper mechanism.	Remove and clean the drain stopper. Use a drain snake or a mild drain cleaner for clogs. Avoid harsh chemical drain cleaners that can damage plumbing.
<b>Cabinet appears uneven or wobbly.</b>	Improper wall mounting; uneven wall surface; loose mounting hardware.	Verify the vanity is level using a spirit level. Check that all mounting hardware is securely fastened to the wall studs. Re-adjust if necessary.
