Proscenic 807C

Proscenic 807C Air Humidifier Instruction Manual

Model: 807C

PRODUCT OVERVIEW

The Proscenic 807C Air Humidifier is designed to improve air quality and comfort in your home. It features smart control options, a large water capacity, and an aromatherapy function. This manual provides detailed instructions for its safe and efficient use.

Key Features:

- **App Control:** Adjust humidity and misting via a smartphone application (supports 2.4GHz Wi-Fi).
- **Large Capacity:** 5.5L water tank provides up to 36 hours of continuous operation.
- **Aromatherapy Function:** Add essential oils to the aroma container for a pleasant fragrance.
- **Intelligent Constant Humidity:** Built-in sensors automatically adjust mist output to maintain desired humidity levels.
- **Scheduled Humidification:** Program operating times and modes via the app or remote control.
- **HEPA Filter:** Filters incoming air for cleaner output.

Image: Overview of Proscenic 807C Humidifier features, including warm mist, 36-hour use, scheduled humidification, aroma diffuser, app control, and large capacity water tank.

SETUP

1. **Unpack the Humidifier:** Carefully remove all packaging materials. Ensure all components are present.

2. **Install the HEPA Filter:** The HEPA filter is located at the air inlet. Remove it from its plastic bag before installation. Failure to do so will prevent the humidifier from operating correctly.

3. **Fill the Water Tank:**

   - Remove the water tank from the base.
   - Unscrew the cap at the bottom of the tank.
   - Fill the tank with clean, cool water. The 5.5L capacity allows for extended use.
   - Securely replace the cap and place the water tank back onto the base.

4. **Connect to Power:** Plug the power cord into a suitable electrical outlet.

5. **Initial Power On:** Press the power button on the control panel or remote control to turn on the unit.

OPERATING INSTRUCTIONS

The Proscenic 807C Humidifier can be operated via its touch control panel, remote control, or the dedicated smartphone app.

Control Panel and Remote Control:

Image: The Proscenic 807C Humidifier's front panel with digital display and touch controls for power, mode, heating, anion, humidity, and timer.

- **Power On/Off:** Press the **Power** button.
- **Mode Selection:** Cycle through available modes (Constant Humidity, Baby Mode, Auto Mode) using the **Mode** button.
- **Mist Level Adjustment:** Use the slide touch button or corresponding remote control buttons to select from 7 mist levels.
- **Heating Function:** Activate warm mist with the **Heating** button.

Image: The humidifier demonstrating both warm mist (indicated by steam and a warm mist icon) and cool mist (indicated by a cool mist icon).

- **Anion Function:** Activate the negative ion function with the **Anion** button.
- **Humidity Setting:** In Constant Humidity mode, use the **Humidity** button to set your desired humidity level. The unit will automatically adjust output.
- **Timer:** Set an automatic shut-off timer using the **Timer** button.

App and Alexa Control:

The humidifier can be controlled remotely via the Proscenic app or Amazon Alexa. Ensure your device is connected to a 2.4GHz Wi-Fi network for app functionality.

Image: A smartphone displaying the Proscenic app interface, controlling the humidifier's settings such as temperature, humidity, and mist level.

- **Download the App:** Search for the "Proscenic" app on your smartphone's app store.
- **Pairing:** Follow the in-app instructions to pair your humidifier with your smartphone.
- **Remote Control:** Adjust all settings, including mist level, mode, humidity target, and timer, directly from the app.
- **Scheduled Humidification:** Create custom schedules for the humidifier to turn on/off or change settings at specific times.
- **Alexa Integration:** Enable the Proscenic skill in the Alexa app to control your humidifier with voice commands.

Aromatherapy Function:

To use the aromatherapy function:

1. Locate the aroma container at the base of the unit.
2. Add a few drops of your preferred essential oil to the aroma pad within the container.
3. Do *not* add essential oils directly into the water tank, as this can cause leakage and damage the machine.

MAINTENANCE

Regular cleaning and maintenance ensure optimal performance and longevity of your humidifier.

- **Water Tank Cleaning:** Clean the water tank regularly to prevent mineral buildup and bacterial growth. Use a soft cloth and mild detergent. Rinse thoroughly.
- **Base Cleaning:** Wipe the base clean with a damp cloth. Do not immerse the base in water.
- **HEPA Filter Replacement:** The HEPA filter should be checked periodically and replaced as needed to maintain air purification effectiveness.
- **Aroma Pad Cleaning:** Replace or clean the aroma pad in the essential oil box regularly.
- **Storage:** If storing the humidifier for an extended period, ensure it is clean and dry. Store in a cool, dry place.

TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
No mist or low mist output	Water tank empty. HEPA filter still in plastic bag. Mineral buildup on transducer. Mist level set too low.	Refill water tank. Remove plastic bag from HEPA filter. Clean the transducer with a soft brush. Increase mist level setting.
Water leakage from base	Essential oils added to water tank. Loose water tank cap. Defective seals (less common).	Only add essential oils to the aroma container. Ensure water tank cap is tightly secured. Contact customer support if leakage persists.
App connectivity issues	Not connected to 2.4GHz Wi-Fi. App bug or outdated version.	Ensure your router is broadcasting a 2.4GHz signal and your phone is connected to it during pairing. Update the app to the latest version. Try disconnecting and reconnecting the device in the app.
Inaccurate humidity readings	Sensor calibration differences.	Adjust the target humidity setting higher or lower based on your external hygrometer readings to achieve desired room humidity.

SPECIFICATIONS

Feature	Detail
Brand	Proscenic
Model Name	807C
Color	Black
Operation Mode	Vaporizer
Room Type	Bedrooms, Living Rooms, Nurseries
Special Feature	Remote Control, App & Alexa Control, Constant Temperature and Humidity, Aromatherapy Function
Capacity	5.5 Liters
Product Dimensions	11 x 11 x 15.8 inches
Item Weight	10.48 pounds
