1. INTRODUCTION

This instruction manual provides comprehensive guidance for the KOHLER K-8204-CM6 Cairn 33-inch Neoroc Composite Undermount Double-Bowl Kitchen Sink. The Cairn sink features a versatile design with soft French curves, suitable for both contemporary and traditional kitchen aesthetics. Constructed from KOHLER Neoroc, a matte-finish composite material, this sink is engineered for exceptional durability and aesthetic appeal. Neoroc is highly resistant to scratches, stains, fading, heat, and impact, ensuring long-term performance and ease of care. This model includes a sink rack for the large basin to further protect the surface.

2. SETUP & INSTALLATION

The KOHLER K-8204-CM6 Cairn sink is designed for undermount installation. A minimum cabinet base width of 36 inches is required for proper fitting. The sink features a single hole for faucet installation. Ensure all necessary plumbing connections are in place before proceeding with the installation. Refer to the detailed product dimensions below to confirm compatibility with your kitchen design.

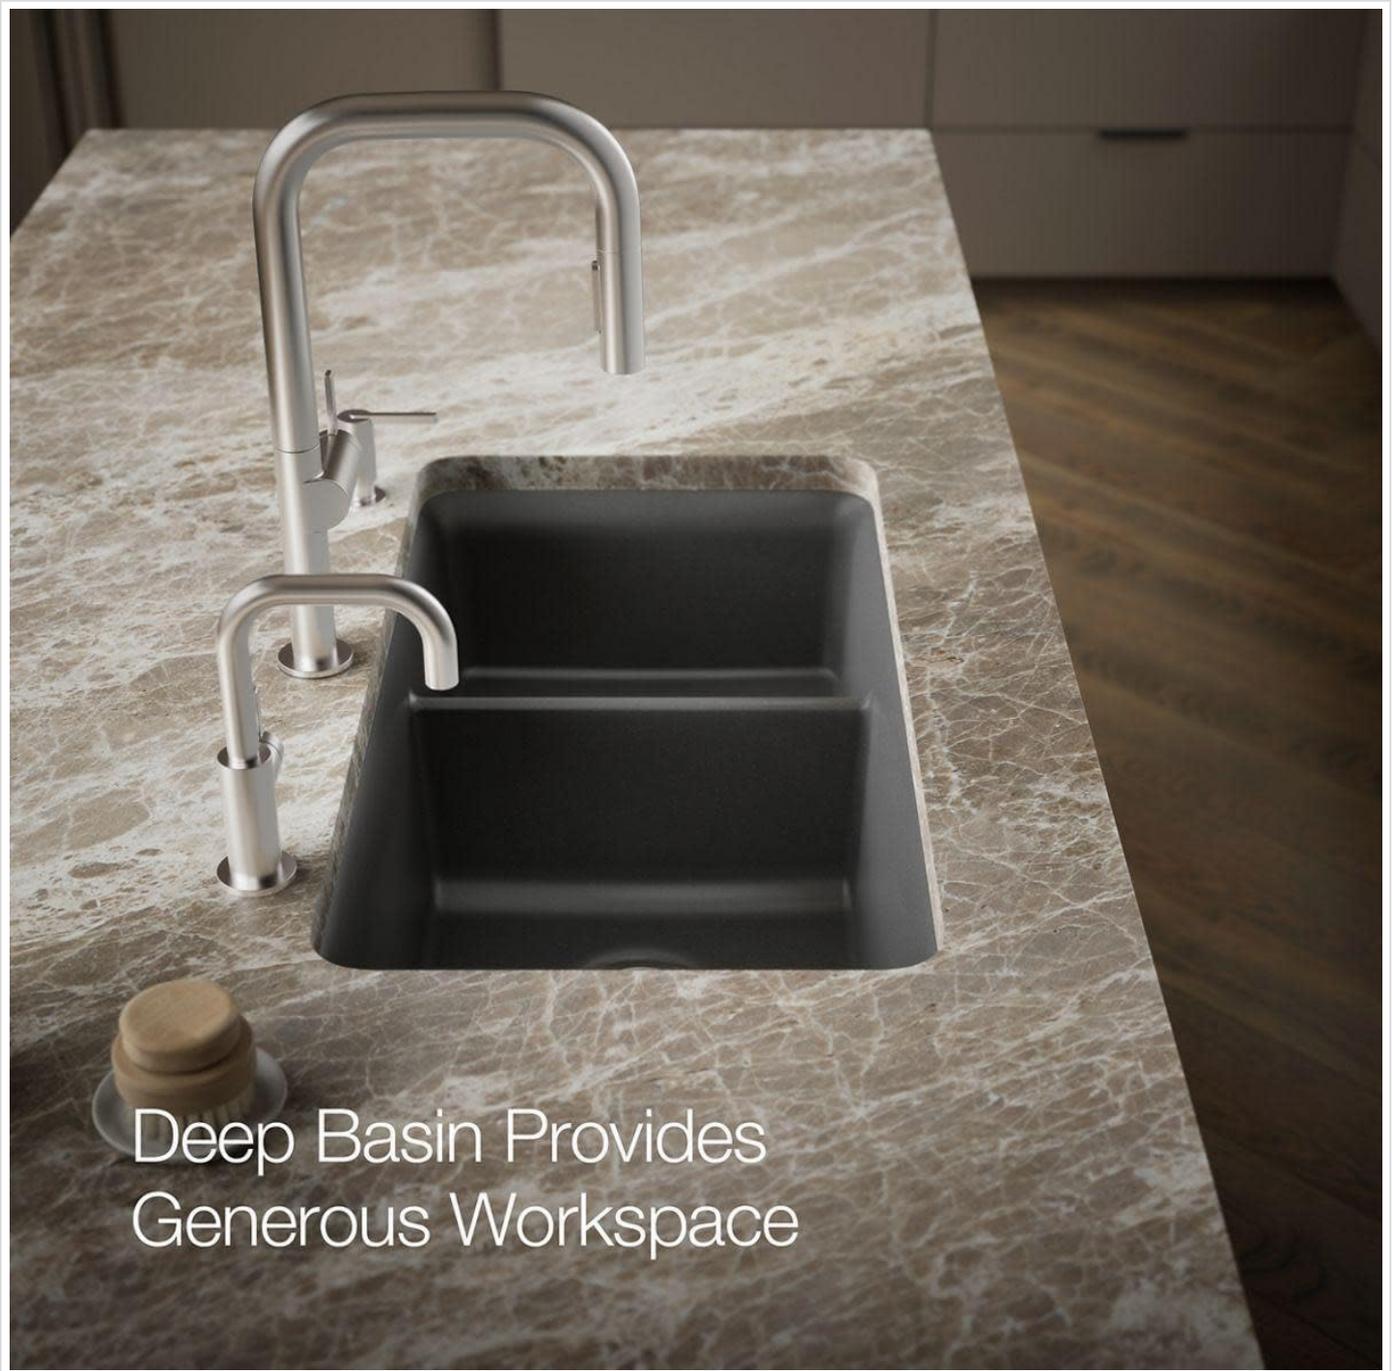

Figure 2.1: Detailed dimensions for undermount installation. Left Bowl Depth 9 1/2 inches (241 mm), Right Bowl Depth 7 1/2 inches (191 mm), Width 18 5/16 inches (465 mm), Length 33 1/2 inches (851 mm).

The sink comes with a K-5655 Sink Rack, designed to fit the large basin. This rack helps protect the sink's surface from potential scratches and impacts from dishes or cookware.

3. OPERATION

The Cairn sink features a double-bowl offset design, allowing for versatile use. The large basin is 9-1/2 inches deep, while the small basin is 7-1/2 inches deep, providing ample space for various kitchen tasks, from washing large pots to preparing food. The design allows the large basin to be installed on either the right or left side, depending on your preference and kitchen layout.

4. MAINTENANCE

The KOHLER Neoroc composite material is designed for easy maintenance. It is inherently resistant to scratches, stains, chips, and thermal shock. To clean the sink, simply wipe it with a dry cloth. For more thorough cleaning, use KOHLER Neoroc cleaner and a soft cloth. Avoid abrasive cleaners or scouring pads, as these can damage the surface finish. Regular cleaning will help maintain the sink's matte white finish and ensure its longevity.
