

Bruder 09819

Bruder 09819 John Deere Wrapping Chamber Baler C441R Instruction Manual

1. INTRODUCTION

The Bruder 09819 John Deere Wrapping Chamber Baler C441R is a highly detailed and functional toy model designed for realistic agricultural play. This combination press is an ideal tool for simulating the harvesting of straw and hay, capable of producing up to 60 bales per hour in a play scenario. It features cutting-edge pressing and conveyor technology, allowing for the transportation of straw bales from the pressing chamber to the wrapping unit, where a rotating film wrapper completes the harvesting process. This model is compatible with all Bruder tractors in the 2000 and 3000 series.

2. SAFETY INFORMATION

WARNING! Not suitable for children under 36 months. Choking hazard - small parts. Adult supervision is advised due to small parts that could pose a choking hazard.

3. PRODUCT OVERVIEW

The John Deere Wrapping Chamber Baler C441R is designed with attention to detail and functionality to enhance play experience. Key features include:

- **Rotating Wrapping System:** Ensures straw bales are securely wrapped for storage or transportation.
- **Functional Pick-Up:** Mobile and height-adjustable, allowing for easy insertion of enclosed straw bales.
- **Bale Discharge:** Enables easy removal of bales from the wrapping unit for added realism.
- **Included Bales:** The set comes with one yellow and one white round bale.
- **Realistic Harvesting Process:** Simulates the process of pressing and conveying bales.
- **Compatibility:** Designed to be compatible with all Bruder tractors in the 2000 and 3000 series.

4. SETUP

To set up your John Deere Wrapping Chamber Baler for play:

1. **Attach to Tractor:** Connect the baler to any compatible Bruder 2000 or 3000 series tractor using the hitch mechanism.
2. **Adjust Pick-Up:** The functional pick-up unit is mobile and height-adjustable. Adjust it to the desired height for collecting bales.
3. **Load Bales:** Open the flap on the top of the baler and insert the enclosed straw bales into the pressing chamber.

5. OPERATING INSTRUCTIONS

Follow these steps to operate your John Deere Wrapping Chamber Baler:

1. **Collect Bales:** Drive the tractor and baler over the play area where straw or hay bales are to be collected. The adjustable pick-up unit will gather the bales.
2. **Pressing and Conveying:** Once inside, the bales are moved through the pressing chamber and conveyed to the wrapping unit.
3. **Wrapping Process:** The rotating film wrapper simulates the process of securely wrapping the bales.
4. **Bale Discharge:** To release a wrapped bale, activate the bale discharge feature. The bale will be released from the rear of the baler.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Bruder John Deere Wrapping Chamber Baler C441R:

- **Cleaning:** Wipe down the toy with a damp cloth to remove dust and debris. Avoid harsh chemicals.
- **Storage:** Store the baler in a cool, dry place away from direct sunlight when not in use.
- **Inspection:** Periodically check for any loose or damaged parts. While Bruder toys are durable, gentle handling is recommended.

7. TROUBLESHOOTING

If you encounter any issues with your baler, consider the following:

- **Bales not feeding:** Ensure the functional pick-up is correctly adjusted and that bales are inserted properly through the top flap.
- **Bales not discharging:** Check that the bale discharge mechanism is clear of obstructions and is being activated correctly.
- **General Malfunction:** For any persistent issues, refer to the manufacturer's support information.

8. SPECIFICATIONS
