Satechi ST-ABTCMS

Satechi M1 Wireless Mouse User Manual

Model: ST-ABTCMS | Brand: Satechi

Introduction

The Satechi M1 Wireless Mouse is designed for seamless connectivity and precise control across various devices. Featuring Bluetooth 5.0, a rechargeable Type-C port, and an ergonomic aluminum design, it offers a comfortable and efficient user experience. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your Satechi M1 Wireless Mouse.

What's Included

Your Satechi M1 Wireless Mouse package includes the following items:

- Satechi M1 Wireless Mouse
- USB-C to USB Charging Cable

- User Manual (this document)

Setup

1. Charging the Mouse

Before first use, or when the battery is low, charge your Satechi M1 Wireless Mouse using the included USB-C to USB charging cable. Connect the USB-C end to the mouse's charging port and the USB-A end to a compatible USB power source (e.g., computer, wall adapter).

Figure 2: USB-C Charging Port

The mouse features a built-in lithium-ion battery, offering up to 45 days of use between charges. You can continue to use the mouse while it is charging.

2. Bluetooth Pairing

The Satechi M1 Wireless Mouse utilizes Bluetooth 5.0 for a stable and reliable connection up to 32 feet. Follow these steps to pair your mouse with your device:

1. Turn on the mouse using the power switch located on the bottom.
2. On your device (computer, tablet, or smartphone), navigate to the Bluetooth settings.
3. Enable Bluetooth and search for new devices.
4. Select "Satechi M1" or a similar name from the list of available devices.
5. Confirm the pairing on your device if prompted. The mouse's indicator light will confirm a successful connection.

3. Compatibility

The Satechi M1 Wireless Mouse offers universal compatibility with a wide range of operating systems and devices. It is compatible with:

- **Mac Desktops:** M2/M1 Mac Mini, Mac Studio, iMac M1, iMac Pro, Mac Mini (2018)
- **MacBooks:** M3/M2/M1 MacBook Pro/Air
- **Windows:** Microsoft Surface Pro, Dell XPS
- **Chromebook:** Samsung Chromebook, Chromebook Pixel
- **iPads:** M2/M1 iPad Pro (11" & 12.9"), M1 iPad Air, iPad 10" Gen, iPad Mini
- **iPhones:** iPhone 15, 15 Plus, 15 Pro, 15 Pro Max and below

- **Android Tablets:** Google Pixel Tablet, Samsung Galaxy Tab S9+
- **Android Phones:** Samsung Galaxy S24, S24+ S24 Ultra and below, Google Pixel 8 & 8 Pro

Note: Not recommended for use with 2011 and earlier Mac devices due to older Bluetooth versions (2.1). Supports Mac, iOS devices running iOS 13+, Windows, Android and Chrome OS.

Operating the Mouse

Basic Functions

- **Left Click:** Press the left button to select items, open applications, or activate functions.
- **Right Click:** Press the right button to access context menus or secondary functions.
- **Scroll Wheel:** Roll the scroll wheel up or down to navigate through documents and web pages. The aluminum scroll wheel provides a tactile and precise scrolling experience.
- **Middle Click:** Press the scroll wheel down for middle-click functionality, often used to open links in new tabs or close tabs.

Fast & Precise Tracking

The Satechi M1 Wireless Mouse is equipped with high-precision optical sensors and a 1200 DPI resolution, ensuring accurate tracking and smooth cursor movement across various surfaces. This enhances productivity and provides an exceptional navigation experience.

Maintenance

Cleaning

To maintain the performance and appearance of your Satechi M1 Wireless Mouse, clean it regularly:

- Use a soft, lint-free cloth to wipe the surface of the mouse.
- For stubborn smudges, slightly dampen the cloth with water or a mild, non-abrasive cleaner.
- Avoid using harsh chemicals, aerosols, or abrasive materials, as these can damage the mouse's finish.
- Ensure no liquid enters the charging port or other openings.

Battery Care

To maximize the lifespan of the built-in lithium-ion battery:

- Avoid fully discharging the battery frequently.
- Store the mouse in a cool, dry place when not in use for extended periods.

- Charge the mouse regularly, even if not used daily, to keep the battery healthy.

Troubleshooting

If you encounter issues with your Satechi M1 Wireless Mouse, try the following solutions:

- **Mouse not connecting:**
  - Ensure the mouse is powered on.
  - Check if Bluetooth is enabled on your device.
  - Move the mouse closer to your device to rule out range issues.
  - Remove "Satechi M1" from your device's Bluetooth list and attempt to re-pair.
  - Restart both the mouse and your device.
- **Cursor movement is erratic or unresponsive:**
  - Ensure the optical sensor on the bottom of the mouse is clean and free of debris.
  - Try using the mouse on a different surface or a mouse pad.
  - Check the battery level and charge the mouse if necessary.
- **Mouse not charging:**
  - Ensure the USB-C cable is securely connected to both the mouse and the power source.
  - Try a different USB-C cable or USB port/power adapter.

Specifications
