2. Important Safety Information

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury to persons.

- Read all instructions.
- Do not immerse the motor unit in water or other liquids.
- Keep hands, hair, clothing, as well as spatulas and other utensils away from moving blades during operation to prevent injury and/or damage to the appliance.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- This appliance is not intended for use by children.
- Do not use outdoors.

3. Components

The Braun MQ5000 Vario Hand Blender includes the following main components:

- Motor Unit (Hand Blender Handle)
- Blending Shaft (PowerBell Blending Wand)
- Beaker (20 fl oz / 600 ml)

4. Setup

4.1 Unboxing and Initial Inspection

Carefully remove all parts from the packaging. Inspect the appliance for any damage. If any parts are damaged or missing, do not use the appliance and contact customer support.

4.2 Assembly

1. Align the blending shaft with the motor unit.
2. Push the two parts together until you hear a click, indicating they are securely locked.

4.3 Initial Cleaning

Before first use, clean all parts that will come into contact with food. Refer to the 'Maintenance and Cleaning' section for detailed instructions.

5. Operating Instructions

5.1 Power and Speed Control

The Braun MQ5000 features 21 variable speeds and a Turbo Boost function for optimal control over your blending tasks.

- **Variable Speed Dial:** Rotate the dial on the top of the motor unit to select your desired speed from 1 to 21.
- **Power Button:** Press and hold the main power button to operate the blender at the selected speed.
- **Turbo Button:** For maximum power and quick bursts, press and hold the Turbo button.

5.2 Blending Techniques

The unique PowerBell blending shaft and SplashControl technology are designed to reduce suction and prevent splashing, ensuring smoother results and easier cleanup.

- Immerse the blending shaft into the ingredients before starting the appliance.
- For best results, use an up-and-down motion to ensure all ingredients are processed evenly.
- Do not operate the blender continuously for more than 60 seconds. Allow it to cool down before resuming.

6. Maintenance and Cleaning

Proper cleaning ensures the longevity and hygiene of your Braun Hand Blender.

6.1 Disassembly for Cleaning

1. Unplug the appliance from the power outlet.
2. Press the release buttons on the sides of the motor unit and pull the blending shaft away from the motor unit.

6.2 Cleaning Instructions

- **Motor Unit:** Wipe with a damp cloth. Do not immerse in water.
- **Blending Shaft:** The blending shaft is dishwasher safe. Alternatively, it can be rinsed under running water with a mild detergent.
- **Beaker:** The beaker is dishwasher safe.

Ensure all parts are thoroughly dry before reassembling or storing the appliance.

7. Troubleshooting

If you encounter any issues with your Braun MQ5000 Vario Hand Blender, please refer to the following common solutions:

- **Appliance does not turn on:** Ensure the power cord is securely plugged into a working outlet. Check if the blending shaft is correctly attached to the motor unit.
- **Poor blending performance:** Ensure the blending shaft is fully immersed in the ingredients. Adjust the speed setting using the variable speed dial. Do not overload the beaker.
- **Excessive vibration or noise:** Check that all parts are assembled correctly. Reduce the amount of ingredients if overloaded.

If the problem persists, contact Braun customer support.

8. Specifications

Feature	Specification
Brand	Braun
Model Number	MQ5000BK
Power	400W
Number of Speeds	21 + Turbo
Blade Material	Stainless Steel
Special Feature	Dishwasher Safe Parts
