

VINLUZ 210-4SN

VINLUZ 4 Light Modern Chandelier (Model 210-4SN) Instruction Manual

Brushed Nickel Pendant Lighting with Clear Glass Shades

1. INTRODUCTION

Thank you for choosing the VINLUZ 4 Light Modern Chandelier. This fixture is designed to provide elegant and functional lighting for various indoor spaces such as dining rooms, kitchens, living rooms, foyers, and coffee bars. This manual provides detailed instructions for safe installation, operation, and maintenance of your new lighting fixture.

This chandelier features a brushed nickel finish, clear glass shades, and an adjustable rod length for versatile placement. It is compatible with sloped ceilings and can be fully dimmed when used with appropriate bulbs and dimmer switches.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these instructions:

- Always turn off the power at the main circuit breaker or fuse box before beginning installation.
- Consult a qualified electrician if you are not familiar with electrical installations.
- Use only bulbs of the specified type and wattage (E26 base, Max 60W).
- Do not install this fixture in wet locations. It is designed for indoor use only.
- Ensure all connections are secure and properly insulated.
- Do not connect the fixture to an ungrounded electrical system.
- Handle glass components with care to prevent breakage.
- Keep flammable materials away from the light fixture when in operation.

3. PACKAGE CONTENTS

Carefully unpack your new fixture and lay out all parts on a clear area. Refer to the diagram below to ensure all components are present and undamaged.

- Mounting Canopy
- Adjustable Rods (various lengths)
- Fixture Body with 4 Light Sockets

- Clear Glass Shades (4 pcs)
- Mounting Hardware (screws, wire nuts, etc.)
- Instruction Manual

4. SETUP AND INSTALLATION

Before installation, ensure the power is turned off at the circuit breaker. This fixture is designed for hardwired installation.

4.1 Ceiling Compatibility

The VINLUZ chandelier features a swivel canopy, allowing it to be installed on flat, sloped, or vaulted ceilings. The adjustable rod length provides flexibility for various ceiling heights.

Flat Ceiling

Sloped Ceiling

Vault Ceiling

4.2 Assembly Steps

1. **Prepare the Rods:** Determine the desired hanging height and assemble the adjustable rods by screwing them together. Carefully thread the electrical wires through the rods.
2. **Attach the Canopy:** Secure the mounting canopy to the ceiling junction box using the provided hardware.
3. **Wire the Fixture:** Connect the fixture's wires to your household electrical wires according to local electrical codes. Typically, black to black (live), white to white (neutral), and ground to ground.
4. **Secure the Fixture Body:** Attach the assembled rod and fixture body to the mounting canopy.
5. **Install Glass Shades:** Carefully place each clear glass shade over its respective light socket.
6. **Insert Bulbs:** Screw in the recommended E26 base bulbs (not included).

5. OPERATING INSTRUCTIONS

Once installed, restore power to the fixture at the circuit breaker. The chandelier is now ready for use.

- **Bulb Type:** This fixture requires E26 base bulbs. It is compatible with Incandescent, LED, Halogen, Fluorescent, and CFL bulbs. Maximum wattage per bulb is 60W.
- **Dimmable Feature:** The fixture is fully dimmable when used with dimmable E26 bulbs and a compatible dimmer switch (sold separately).
- **Light Direction:** The glass shades can be oriented either upwards or downwards, depending on your preference and desired light distribution.

Image: Illustrates the E26 standard base and various compatible bulb types (LED, CFL, Edison, etc.) for the chandelier, with a maximum wattage of 60W.

Image: Shows the chandelier with its glass shades oriented both upwards and downwards, demonstrating the adjustable light direction.

6. MAINTENANCE

To maintain the appearance and functionality of your VINLUZ chandelier, follow these simple maintenance guidelines:

- **Cleaning:** Turn off the power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or glass.
- **Bulb Replacement:** Ensure the power is off and the bulbs have cooled before attempting to replace them.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.
