KAWADA CN-05

KAWADA Nanoblock Evangelion CN-05 Instruction Manual

Detailed assembly and care guide for your Nanoblock Evangelion Unit 01 model.

Introduction

Thank you for purchasing the KAWADA Nanoblock Evangelion CN-05 building kit. This manual provides essential information for assembling, operating, and maintaining your model. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

Safety Information

WARNING: CHOKING HAZARD. This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly.

Setup and Assembly

1. Unpacking and Content Check

Carefully open the product packaging. Verify that all components are present according to the parts list provided inside the box. If any parts are missing or damaged, please contact customer support.

Image 1: KAWADA Nanoblock Evangelion CN-05 product box. The box displays the assembled model and Nanoblock branding.

2. Assembly Instructions

Follow the step-by-step diagrams provided in the included instruction booklet. Nanoblocks are micro-sized, so precision and patience are key. Ensure each block is firmly connected to the next.

Image 2: Front view of the fully assembled Nanoblock Evangelion CN-05 model. This image serves as a reference for the completed build.

Image 3: The assembled Nanoblock Evangelion CN-05 model in a dynamic pose, showcasing its articulation and detail.

3. Displaying Your Model

Once assembled, you can display your Nanoblock model. Some kits include a display base or a method to integrate the model with its packaging for display.

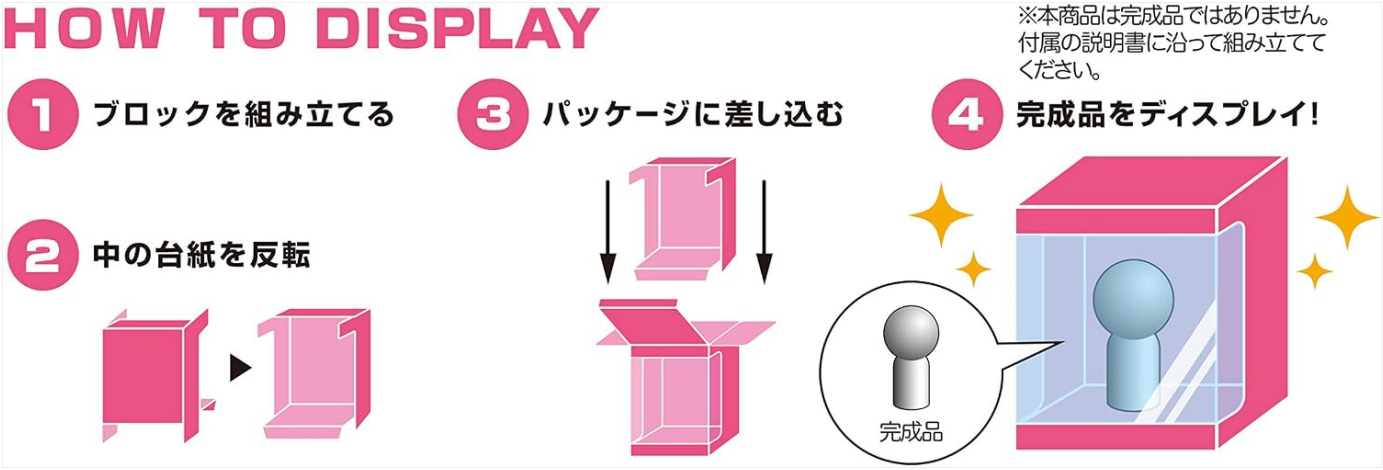

Image 4: Visual guide demonstrating how to use the product packaging as a display case. Steps include assembling the blocks, reversing the inner cardboard, inserting it into the package, and then displaying the finished model.

Operation

Posing and Handling

The Nanoblock Evangelion CN-05 model features some articulation, allowing for various poses. When posing, handle the model gently to avoid dislodging blocks. Avoid applying excessive force to joints or connections.

Maintenance and Care

1. Cleaning

To clean your Nanoblock model, use a soft, dry brush or a can of compressed air to remove dust. For stubborn dirt, lightly dampen a cloth with water and gently wipe the affected areas. Do not use harsh chemicals or abrasive cleaners.

2. Storage

Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. If disassembling for storage, keep all blocks in a sealed container to prevent loss.

Troubleshooting

Loose Connections

If blocks feel loose, ensure they are fully pressed together. Nanoblocks require a firm connection. If a specific block consistently comes loose, check for any deformities in the block or the connecting stud.

Missing Pieces

In the event of missing pieces, first double-check the packaging and surrounding area. If pieces are confirmed missing from a new kit, please contact KAWADA customer support with your product details.

Specifications

Feature	Detail
Brand	KAWADA
Model Name	Evangelion Type 01 S
Model Number	CN-05
Material Type	Plastic
Number of Pieces	10 (Note: This number seems unusually low for a Nanoblock kit and may refer to major components rather than individual blocks. Refer to the packaging for the exact block count.)
Item Weight	110 Grams
Color	Gray (Primary color, with purple and green accents)
Age Range Description	8+
Assembly Required	Yes

Warranty and Support

For information regarding product warranty, replacement parts, or customer support, please refer to the contact details provided on the product packaging or visit the official KAWADA website. Keep your proof of purchase for any warranty claims.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
