SETUP

The mDesign caddy is designed for immediate use with minimal setup. It includes adjustable dividers to customize your storage space.

Inserting Dividers:

1. Identify the plastic dividers provided with your caddy.
2. Locate the multiple slots along the interior walls of the caddy.
3. Insert the notched corner of each divider downwards and outwards into the desired slots to create compartments. This allows for flexible organization of items.

USAGE

The mDesign caddy is versatile and can be used in various settings to organize personal care items, cleaning supplies, or other small essentials.

Bathroom and Shower Use:

- Use the four compartments to separate items such as shampoo, conditioner, body wash, soap, combs, and brushes.
- The built-in handle facilitates easy transport between your room and a shared shower, common in dorms or camps.
- Drainage holes in the base prevent water accumulation, keeping items dry and reducing mold.

MAINTENANCE

To ensure the longevity and hygiene of your mDesign caddy, follow these simple cleaning instructions:

- Clean with mild soap and water.
- Wipe dry with a soft cloth or allow to air dry.
- Do not place in a dishwasher.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Water accumulation in compartments.	Drainage holes may be blocked or insufficient drying time.	Ensure drainage holes are clear. Allow caddy to air dry completely after use, especially in humid environments.
Caddy feels unstable when loaded.	Uneven weight distribution or items too tall/heavy.	Distribute weight evenly across compartments. Place heavier items in the center or larger compartments. Ensure items do not exceed the caddy's height significantly.
Dividers do not fit securely.	Incorrect insertion or incompatible dividers.	Ensure dividers are inserted with the notched corner facing downwards and outwards into the correct slots. Verify you are using the original dividers provided with the product.
