

Vornado 5303

Vornado 5303 Small Whole Room Air Circulator Fan Instruction Manual

Model: 5303 | Brand: Vornado

1. INTRODUCTION

The Vornado 5303 Small Air Circulator is designed to move air throughout an entire room using Vornado's signature Vortex air circulation. Its deep-pitched propeller and specialized grill create a powerful airflow that can reach up to 75 feet, ensuring consistent comfort. The compact size and base-mounted controls make it suitable for various spaces, from small bedrooms to offices. This manual provides essential information for the safe and efficient operation and maintenance of your Vornado 5303.

2. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions before using this appliance. To reduce the risk of fire, electric shock, or injury, observe the following:

- This product is built to meet U.S. voltage requirements (110 Volts) and may not function properly when used with external devices that alter or convert voltage or frequency. Improper use or shipping the product outside the U.S. will void all warranties.
- Always unplug the appliance when not in use or before cleaning.
- Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic area and where it will not be tripped over.
- Do not insert or allow fingers or foreign objects to enter any ventilation or exhaust opening as this

may cause an electric shock or fire, or damage the fan.

- Do not block air openings or exhaust in any manner.
- Do not use outdoors.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

3. SETUP

The Vornado 5303 Air Circulator comes fully assembled and ready for use. Simply place the unit on a stable, flat surface in your desired location. Ensure the power cord is easily accessible to a standard 110V electrical outlet.

Figure 2: The Vornado 5303 is compact and fits well on a desktop.

4. OPERATING INSTRUCTIONS

The Vornado 5303 features simple, base-mounted controls for ease of use.

4.1 Power and Speed Control

1. **Plug In:** Insert the power cord into a standard 110V wall outlet.
2. **Adjust Speed:** Locate the dial control on the base of the unit. Rotate the dial to select your desired airflow speed:
 - **Low:** For gentle, continuous air circulation.
 - **Medium:** For moderate airflow and cooling.
 - **High:** For maximum air circulation and rapid cooling.
3. **Turn Off:** Rotate the dial to the "OFF" position.

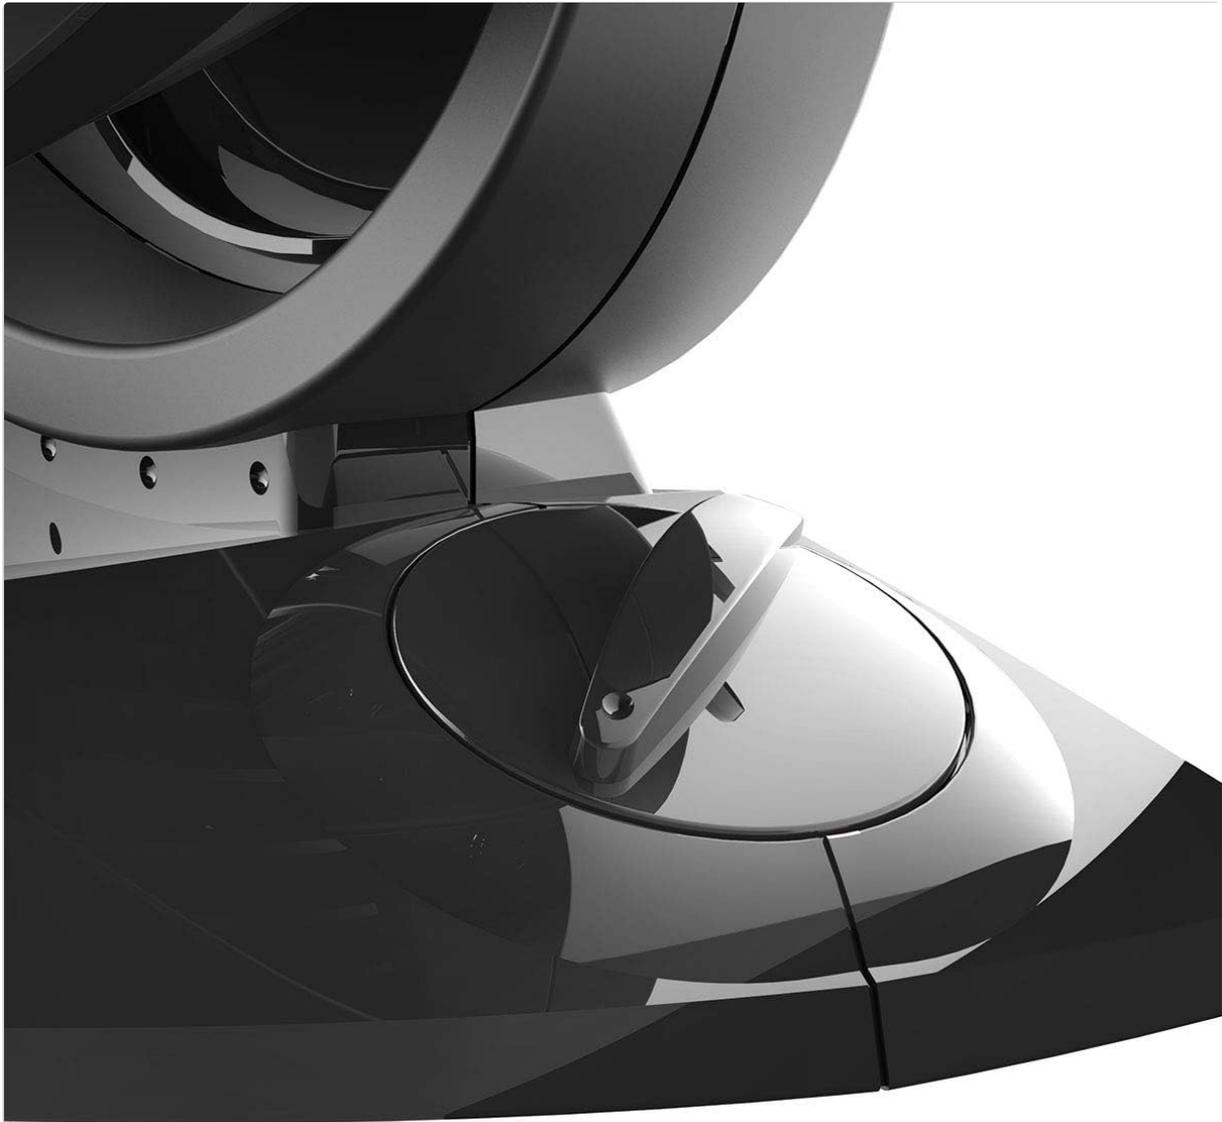

Figure 3: The base-mounted dial allows for easy speed selection.

4.2 Multi-Directional Airflow (Adjustable Tilt Head)

The Vornado 5303 features an adjustable tilt head, allowing you to direct the airflow precisely where needed. Gently grasp the fan head and tilt it up or down to achieve the desired angle. The fan will hold its position once adjusted.

Figure 4: The fan head can be tilted to direct airflow.

Figure 5: The adjustable tilt allows for versatile air direction.

5. MAINTENANCE

Regular cleaning of your Vornado 5303 will ensure optimal performance and longevity.

5.1 Cleaning the Grill and Blades

1. **Unplug:** Always unplug the circulator before cleaning.
2. **Remove Grill:** The front grill is removable for easy cleaning. Refer to the owner's guide for specific instructions on how to safely remove the grill.
3. **Clean:** Use a soft cloth to wipe down the exterior surfaces. For the blades and interior, use a soft brush or a vacuum cleaner with a brush attachment to remove accumulated dust. The grill can be wiped with a damp cloth.
4. **Reassemble:** Ensure all parts are completely dry before reattaching the grill and plugging the unit back in.

Figure 6: The removable grill facilitates easy cleaning of the blades.

6. TROUBLESHOOTING

If your Vornado 5303 is not operating as expected, consult the following common issues:

- **Unit does not operate:**

- Ensure the power cord is securely plugged into an electrical outlet.
- Check if the circuit breaker has tripped.
- Verify the speed control dial is set to an ON position (Low, Medium, or High).

- **Airflow is weak or noisy:**

- Clean the front grill and fan blades as described in the Maintenance section. Accumulated dust can restrict airflow and cause noise.
- Ensure the unit is placed on a stable surface to prevent vibrations.

- **Unit emits an unusual smell:**

- Unplug the unit immediately. This could indicate an electrical issue. Contact customer support if the smell persists after cleaning and inspection.

7. SPECIFICATIONS

Feature	Detail
Brand	Vornado
Model Name	5303
Color	Black
Electric Fan Design	Table Fan
Power Source	AC
Product Dimensions	7.1"D x 9.9"W x 11.1"H
Special Feature	Adjustable head tilt

Wattage	50 watts
Number of Blades	3
Voltage	110 Volts
Number of Power Levels	3
Item Weight	4.45 pounds

8. WARRANTY & SUPPORT

The Vornado 5303 Air Circulator comes with a **5-year manufacturer's warranty**. Vornado products are designed and supported in Andover, KS, USA. If your product does not meet your expectations, Vornado offers a replacement.
