SETUP AND USAGE

The Veken packing cubes are designed for versatile use across various travel scenarios and for home organization. Follow these guidelines for optimal use:

- Sorting Items:** Use the different sized cubes to sort clothing by type (e.g., shirts, pants, undergarments, swimwear) or by outfit. This helps in quickly locating specific items without rummaging through your entire luggage.
- Maximizing Space:** Roll or fold your clothes neatly before placing them into the cubes. Gently compress the cubes to remove excess air, which helps save significant space in your suitcase, duffle bag, backpack, or tote.
- Shoe and Laundry Separation:** Utilize the dedicated shoe bag to keep dirty footwear separate from clean clothes. The laundry bag is perfect for isolating worn garments, preventing odors and dirt from spreading to fresh items.
- Versatile Application:** These organizers are suitable for business trips, camping adventures, vacations, and even for home storage in cabinets and drawers to keep your closet tidy.

CARE INSTRUCTIONS

To maintain the quality and longevity of your Veken packing cubes, please follow these care guidelines:

- **Hand Washing:** We recommend hand washing the cubes with a mild detergent.
- **Air Drying:** After washing, air dry the cubes in a well-ventilated area.
- **Avoid Direct Sunlight:** Do not expose the cubes to direct sunlight for extended periods, as this may affect material integrity and color.

TROUBLESHOOTING

Should you encounter any issues with your Veken packing cubes, please consider the following:

- **Zipper Snags:** If a zipper snags, gently pull the fabric away from the zipper teeth and try to move the slider slowly. Avoid forcing the zipper, which can cause damage.
- **Odor Retention:** If cubes retain odors after use, ensure they are thoroughly cleaned as per care instructions and air dried completely in a well-ventilated area.
- **Space Optimization:** For maximum space-saving, ensure clothes are tightly rolled or folded and the compression zippers (if applicable) are used effectively.
