ASSEMBLY INSTRUCTIONS

Follow these steps to create your bunny friend and its accessories. Adult supervision is recommended for younger children.

Step 1: Prepare the Bunny Body (Sewing)

1. Identify the two main felt pieces that form the bunny's body. These pieces have pre-punched holes along their edges.
2. Thread the plastic needle with the provided acrylic yarn. Ensure the yarn is securely knotted at one end.
3. Align the two bunny body felt pieces, matching all the pre-punched holes.
4. Begin stitching the two pieces together using a simple running stitch, starting from a designated point (usually indicated in the detailed instructions). The plastic needle is designed to pass easily through the felt's pre-punched holes.
5. Continue stitching around the perimeter of the bunny, leaving a small opening (approximately 1-2 inches) for stuffing.

Step 2: Stuffing the Bunny

- Once you have stitched most of the bunny's body, gently insert the polyester stuffing into the opening.
- Distribute the stuffing evenly throughout the bunny's head, body, and limbs to achieve a soft, plump shape. Do not overstuff.
- Once the bunny is adequately stuffed, continue stitching to close the remaining opening. Secure the yarn with a knot and trim any excess.

Step 3: Adding Accessories

Personalize your bunny with the included garments and accessories:

- Clothing:** The kit includes various pre-cut felt garments. Simply slide these onto your bunny. Some garments may require minor assembly, such as tying elastic cords or attaching small felt pieces.
- Headbands & Jewelry:** Use the elastic cords, plastic beads, and pom-pom beads to create headbands or necklaces for your bunny.

- **Wings:** Attach the acetate wings to the bunny's back using the provided method (e.g., elastic loops or small stitches).
- **Glitter Foam Stickers:** Use these to add decorative touches to your bunny or its clothing.

MAINTENANCE AND STORAGE

To keep your bunny friend and its accessories in good condition:

- Gently spot clean the felt bunny and accessories with a damp cloth if needed. Avoid harsh chemicals or machine washing.
- Store your bunny and all its accessories in the provided drawstring bag to keep them together and protected.
