## Mega Construx GJD26

# Mega Construx GJD26 Probuilders 790-Piece Building Set Instruction Manual

## Product Overview

This manual provides instructions for the Mega Construx GJD26 Probuilders 790-Piece Building Set. This set includes 790 building blocks and specialized components designed to encourage creative construction. The blocks are compatible with other major building block brands, allowing for expanded building possibilities. This set is suitable for builders aged 8 years and older.

## Operating Instructions

Mega Construx Probuilders blocks are designed for secure connection. Align the studs on one block with the corresponding holes on another and press firmly to connect them. Experiment with different block types and special parts to create various structures. The set encourages free-form building and imaginative designs.

The set includes specialized parts such as support rods, handlebars, mini ramps, and mini floor plates to enhance building complexity and detail. Utilize these components to add functionality and unique aesthetics to your creations.

Image: Examples of creative structures, including a castle, a crocodile, and a robot, built using the Mega Construx blocks, illustrating potential designs.

## Maintenance

To clean the building blocks, wipe them with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic. Ensure all blocks are completely dry before storing them. Store all components in the provided reusable box to prevent loss and keep them organized for future use.

## Troubleshooting

- **Difficulty Connecting Blocks:** If blocks are difficult to connect, ensure they are properly aligned. Excessive force is not required. Check for any debris or foreign objects obstructing the connection points.
- **Missing Pieces:** If a piece appears to be missing, carefully check all packaging materials and the storage box. Small pieces can sometimes be overlooked.
- **Compatibility Issues:** This set is designed to be compatible with other major building block brands. If experiencing issues, ensure the other brand's blocks are standard size and in good condition.

For persistent issues or inquiries about replacement parts, please refer to the Support section for contact information.

## Specifications

| | |
|---|---|
| **Product Dimensions** | 20.3 x 40.6 x 28.5 cm; 1.43 kg |
