1. INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of the Ecolab Oasis Pro Morning Breeze Room Refresher. Designed for industrial applications, this product helps neutralize odors and imparts a pleasant, lasting scent in various environments. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

WARNING: For industrial use only! This product is intended for professional use and should be handled by trained personnel. Keep out of reach of children and pets.

General Precautions:

- Always wear appropriate personal protective equipment (PPE), such as gloves and eye protection, when handling the product.
- Avoid direct contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest. If swallowed, seek immediate medical attention.
- Ensure adequate ventilation during use.
- Store in a cool, dry place, away from direct sunlight and incompatible materials.
- Refer to the Safety Data Sheet (SDS) for complete safety information.

3. PRODUCT DESCRIPTION

The Ecolab Oasis Pro Morning Breeze Room Refresher is a high-performance liquid solution designed to effectively neutralize unwanted odors and leave a refreshing aroma. Its unique fragrance profile combines the fresh scent of Aloe, subtle garden herbs, crisp green apples, and a zesty splash of citrus. This product is IFRA compliant and meets CARB VOC thresholds, ensuring environmental responsibility alongside

powerful odor control.

4. SETUP

The Ecolab Oasis Pro Morning Breeze Room Refresher is typically used with an Ecolab dispensing system or a suitable spray bottle. Follow these general steps for preparation:

- 1. Inspect Container:** Before opening, inspect the 2-liter container for any damage or leaks.
- 2. Prepare Dispenser (if applicable):** If using an Ecolab Oasis Pro dispensing system, ensure it is clean and properly maintained according to its specific manual.
- 3. Load Product:** Carefully open the container. If using a dispenser, connect the product container as per the dispenser's instructions. If transferring to a spray bottle, use a funnel to avoid spills.
- 4. Dilution (if required):** Refer to your facility's specific guidelines or the product's SDS for recommended dilution ratios. This product may be used neat or diluted depending on the application and desired scent intensity.
- 5. Secure Cap:** Always replace the cap securely after use to prevent spills and maintain product integrity.

5. OPERATING INSTRUCTIONS

Follow these instructions for optimal performance and odor neutralization:

- Identify Odor Source:** For best results, identify and address the source of the odor before applying the refresher.
- Application Method:**
 - Spray Application:** Using a fine mist spray bottle, lightly mist the air in the desired area. Avoid oversaturating fabrics or surfaces. Hold the bottle upright and spray away from face.
 - Dispenser System:** Operate the Ecolab Oasis Pro dispensing system according to its specific instructions to release the refresher into the environment.

- **Target Areas:** Apply in areas where odors are prevalent, such as restrooms, lobbies, conference rooms, or waste disposal areas.
- **Frequency:** Apply as needed to maintain a fresh environment. Start with a minimal application and increase if necessary.
- **Ventilation:** Ensure good air circulation in the area after application.

6. MAINTENANCE

Proper storage and handling ensure the longevity and effectiveness of your Ecolab Oasis Pro Morning Breeze Room Refresher.

- **Storage:** Store the product in its original sealed container in a cool, dry, well-ventilated area. Keep away from extreme temperatures (freezing or excessive heat).
- **Container Integrity:** Always keep the container tightly closed when not in use to prevent evaporation and contamination.
- **Dispenser Cleaning:** If using a dispensing system, regularly clean and maintain it according to the manufacturer's instructions to prevent clogs and ensure proper function.
- **Shelf Life:** For best results, use the product within the recommended shelf life indicated on the packaging.

7. TROUBLESHOOTING

If you encounter issues while using the Ecolab Oasis Pro Morning Breeze Room Refresher, consider the following:

- **Odor Persists:**
 - Ensure the source of the odor has been removed or thoroughly cleaned.
 - Increase the frequency or amount of product applied, within recommended guidelines.
 - Check for proper ventilation in the area.
- **Scent is Too Strong/Weak:**
 - **Too Strong:** Reduce the amount of product used or increase dilution if applicable. Ensure adequate ventilation.
 - **Too Weak:** Increase the amount of product used. Ensure the product is not expired.
- **Dispenser Malfunction:**
 - Refer to the specific instruction manual for your Ecolab dispensing system.
 - Check for clogs or empty product containers.

If problems persist, contact Ecolab customer support for assistance.
