Yaheetech Extra Large Bird Cage Instruction Manual

Model: 611465
Brand: Yaheetech

INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your Yaheetech Extra Large Bird Cage. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation for your feathered companion.

SAFETY INFORMATION

- Ensure all parts are securely fastened before placing your bird inside the cage.
- Regularly inspect the cage for any damaged or loose components that could pose a risk to your pet.
- Keep small children and other pets away from the cage during assembly and initial setup.
- Do not hang heavy objects on the cage bars.
- Position the cage in a stable, level area away from direct sunlight, drafts, and extreme temperatures.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged:

- Birdcage Frame Components (various panels and bars)
- 3 Stainless Steel Feeders
- 2 Wooden Dowel Perches
- 1 Pull-out Grate
- 1 Pull-out Tray
- 4 360° Swivel Casters (Wheels)
- Assembly Hardware (screws, bolts, wrench)
- Seed Guard Panels

Video: Official Yaheetech assembly guide for the 63" Open Playtop Macaw Cage. This video demonstrates each step of the assembly process, from connecting the base panels to installing the top play area and accessories.

Assembly Steps:

1. **Assemble the Base Frame:** Connect the four side panels of the base using the provided screws and the Allen wrench. Ensure all connections are tight and secure.
2. **Attach the Casters:** Insert the four 360° swivel casters into the designated holes at the bottom of the base frame. Push firmly until they click into place.

3. **Install the Main Cage Panels:** Attach the large front and back panels to the assembled base. Secure them with screws.
4. **Connect Side Panels:** Attach the remaining side panels to complete the main cage structure, ensuring all connections are firm.
5. **Set up the Open Play Top:** Place the two curved top panels onto the main cage structure. Secure them using the integrated hooks. The wooden dowel perch can be inserted into the top for an open play area.
6. **Insert Grate and Tray:** Slide the metal grate into the bottom of the cage, followed by the pull-out tray beneath it.
7. **Install Feeders and Perches:** Attach the stainless steel feeders to the designated feeder doors. Insert the wooden dowel perches inside the cage at desired heights.
8. **Attach Seed Guard:** Secure the four seed guard panels around the base of the cage to help contain debris.
9. **Verify Locks:** Ensure all doors, including the main access door and feeder doors, have their locks functioning correctly for bird security.

FEATURES AND COMPONENTS

- **Ultrastrong Construction:** Crafted from premium metal with hammertone paint, featuring a welded frame for excellent rust and water resistance, ensuring durability and safety.
- **Detail-Oriented Designs:** Feeder doors allow external access to food and water bowls, with bars above to prevent birds from tipping bowls.
- **Doors With Locks:** All doors, including the top opening and feeder doors, are equipped with secure locks to keep your birds safe.
- **Maneuverability:** Equipped with four 360° ball-shaped rolling casters for smooth and effortless movement of the cage.
- **Open Play Top:** The dome top can be opened and secured with a wooden dowel to create an additional perching

area outside the cage.

- **Easy Cleaning:** Features a slide-out metal tray and a four-sided seed guard to simplify daily cleaning and maintenance.

OPERATING INSTRUCTIONS

- **Accessing Your Bird:** Use the large main door for easy access to your bird. Ensure the lock is securely fastened after opening and closing.
- **Feeding and Watering:** Utilize the smaller feeder doors to easily replenish food and water in the stainless steel bowls without disturbing your bird inside the main cage.
- **Using the Play Top:** To activate the open play top, lift the dome sections and insert the wooden dowel perch through the designated holes to keep them open. This provides an elevated, secure area for your bird to perch outside the main enclosure.
- **Moving the Cage:** Gently push the cage using the 360° swivel casters. Ensure the path is clear and level to prevent tipping. Lock the casters when the cage is in its desired position to prevent accidental movement.

MAINTENANCE AND CLEANING

Regular cleaning is essential for your bird's health and hygiene. The Yaheetech bird cage is designed for easy maintenance:

- **Daily Cleaning:** Pull out the bottom metal tray to easily dispose of droppings and debris. Wipe the tray clean with a damp cloth and bird-safe disinfectant.
- **Grate Cleaning:** The metal grate above the tray can also be pulled out for thorough cleaning. Remove any stuck-on debris and wash with warm, soapy water.
- **Cage Bar Cleaning:** Periodically wipe down the cage bars with a bird-safe cleaning solution to remove dust and droppings.
- **Feeder Bowls:** Clean the stainless steel feeder bowls daily with warm, soapy water to prevent bacterial growth.
- **Seed Guard:** The seed guard panels help contain mess. Wipe them down as needed to keep the area around the cage tidy.

TROUBLESHOOTING

- **Difficulty Assembling:** Ensure all parts are correctly oriented according to the instructions and video. Do not overtighten screws until all components are loosely fitted, then tighten them securely.
- **Wobbly Cage:** Check that all screws are fully tightened. Ensure the cage is placed on a flat, level surface.
- **Stuck Tray/Grate:** Ensure the tray and grate are inserted correctly and are not obstructed by debris. Clean the tracks if necessary.
- **Feeder Bowls Tipping:** Ensure the feeder bowls are properly seated in their holders and the protective bars are in place to prevent tipping.

SPECIFICATIONS
