FITHOOD CS-JPR946SL

FITHOOD Battery Replacement User Manual

Model: CS-JPR946SL

Introduction

This manual provides essential information for the safe and effective use of your FITHOOD replacement battery. This battery is designed to provide reliable power for compatible JABRA Pro series headsets. Please read this manual thoroughly before installation and use.

Product Overview

Image 1: Top view of the FITHOOD replacement battery, showing the label with model number, part number, voltage, and capacity.

Image 2: Angled view of the FITHOOD replacement battery, highlighting its compact size and connector cable.

Image 3: Bottom view of the FITHOOD replacement battery, showing the barcode and manufacturing details.

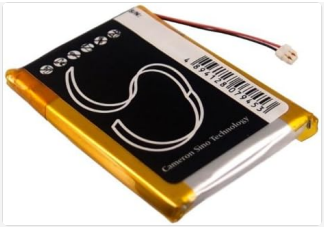

Image 4: Another angled view of the FITHOOD replacement battery, providing a different perspective of its form factor.

Compatibility

This FITHOOD replacement battery is compatible with the following JABRA Pro series headset models:

- JABRA Pro 9400
- JABRA Pro 9450
- JABRA Pro 9460
- JABRA Pro 9465
- JABRA Pro 9470

It is also compatible with the following battery part numbers:

- JABRA 14192-00
- JABRA AHB412434PJ

Note: Please verify your device model and existing battery part number before installation to ensure compatibility.

Specifications

Feature	Detail
Capacity	230mAh / 0.85Wh
Type	Li-Polymer
Voltage	3.7V
Dimensions (L x W x H)	36.41 x 25.18 x 4.10mm (1.43 x 0.99 x 0.16 inches)
Weight	Approximately 2.12 ounces
Certifications	RoHS approved, CE and ISO9001 Certificate
Recommended Use	Wireless Headset

Setup and Installation

Replacing the battery in your JABRA Pro headset typically involves opening the headset casing and carefully swapping the old battery with the new one. Specific steps may vary by headset model. Always refer to your JABRA headset's original manual for detailed disassembly and reassembly instructions.

1. **Power Off Device:** Ensure your JABRA headset is completely powered off before beginning the replacement process.
2. **Locate Battery Compartment:** Identify the battery compartment on your headset. This may require removing a cover or disassembling part of the casing.
3. **Disconnect Old Battery:** Carefully disconnect the old battery's connector from the headset's circuit board. Avoid

pulling on the wires.

4. **Remove Old Battery:** Gently remove the old battery. It may be secured with adhesive or a retaining clip.
5. **Insert New Battery:** Place the new FITHOOD battery into the compartment, ensuring proper orientation.
6. **Connect New Battery:** Connect the new battery's connector firmly to the corresponding port on the headset's circuit board.
7. **Reassemble Device:** Carefully reassemble the headset casing, ensuring all components are properly aligned and secured.
8. **Initial Charge:** After installation, fully charge the new battery before its first use.

Caution: Do not attempt to disassemble, open, or service the battery pack. Replace only with the battery pack designated for this product. Do not crush, puncture, short external contacts, or dispose of in fire or water. Do not store above 60°C (140°F).

Operating Instructions

Once installed, the FITHOOD replacement battery operates identically to the original battery. For optimal performance and longevity, adhere to the following guidelines:

- **First Use:** Fully charge the battery before its initial use.
- **Charging:** Use only the original JABRA charging equipment or certified compatible chargers. Avoid overcharging.
- **Discharging:** It is generally recommended to avoid completely draining the battery frequently, as this can reduce its lifespan.
- **Temperature:** Operate the headset within its recommended temperature range. Extreme temperatures can affect battery performance and lifespan.

Maintenance

Proper maintenance can extend the life of your battery:

- **Storage:** If storing the headset for an extended period, charge the battery to approximately 50% and store it in a cool, dry place. Recharge every 3-6 months to prevent deep discharge.
- **Cleaning:** Keep the battery contacts clean and free of debris. Use a dry, soft cloth if cleaning is necessary.
- **Avoid Physical Damage:** Protect the battery from drops, impacts, and excessive pressure.

Troubleshooting

If you encounter issues with your new battery, consider the following common solutions:

- **Battery Not Charging:**
  - Ensure the battery is correctly installed and its connector is firmly seated.
  - Verify that the charging cable and charger are functioning correctly.
  - Try charging from a different power source.
- **Short Battery Life:**
  - Ensure the battery has been fully charged.
  - Check for background applications or settings on your headset that might be consuming excessive power.
  - The battery may require a few charge/discharge cycles to reach its full capacity.
- **Headset Not Powering On:**

- Confirm the battery is fully charged.
- Re-check the battery installation to ensure the connector is secure.
- If the issue persists, the problem may not be battery-related; consult your headset's original manual or manufacturer support.

If troubleshooting steps do not resolve the issue, please refer to the Warranty and Support section.

Warranty and Support

FITHOOD offers a one-month free replacement or full refund if any product problems arise with this battery. For support or warranty claims, please contact your retailer or the FITHOOD customer service directly.
When contacting support, please provide:

- Your purchase date and order number.
- A detailed description of the issue.
- The product model (CS-JPR946SL) and compatible JABRA headset model.
