CRAFTSMAN CMX-GZ-BF-71-24489

CRAFTSMAN CMXGZBF7124489 10 cu. ft. Poly Dump/Swivel Cart Instruction Manual

Model: CMX-GZ-BF-71-24489

1. PRODUCT OVERVIEW

The CRAFTSMAN CMXGZBF7124489 Poly Dump/Swivel Cart is designed for efficient material transport in lawn and garden applications. This tow-behind cart features a durable poly bed and a convenient dumping mechanism, making it suitable for moving various landscaping materials.

Key Features:

- **Load Capacity:** 350 lb. / 10 cu. ft.
- **Tires:** 14-inch pneumatic ribbed style tires for smooth movement.
- **Bed Material:** One-piece rust-resistant poly bed.
- **Dumping Mechanism:** Easy-to-use foot pedal dump release with a 40° dump angle.
- **Hitch:** Universal fit hitch for attachment to various lawn tractors or ATVs.

Figure 2: An annotated image of the Craftsman dump cart pointing out its durable poly cart bed, universal fit hitch, pneumatic tires, and easy release dump lever.

About the Brand:

CRAFTSMAN products are manufactured with a commitment to quality and durability. The following video provides a glimpse into the manufacturing process.

Video 1: CRAFTSMAN Proud Video. This video provides insight into the manufacturing process of CRAFTSMAN products, highlighting the dedication and pride of the workers in Sullivan, IL, where riding mower attachments are made in the USA with global materials.

2. SAFETY INFORMATION

Always read and understand this manual before operating the dump cart. Failure to follow safety instructions can result in serious injury or property damage.

General Safety:

- Wear appropriate safety gear, including safety glasses and sturdy footwear.

- Keep children and pets away from the operating area.
- Ensure all fasteners are securely tightened before each use.

Operating Safety:

- Do not exceed the maximum load capacity of 350 lbs.
- Operate the cart at a safe speed, especially on uneven terrain or slopes.
- Avoid sudden stops or turns when the cart is loaded.
- Distribute the load evenly in the cart bed to maintain stability.

3. ASSEMBLY INSTRUCTIONS

Assembly time is approximately 30 minutes. Refer to the included owner's manual for detailed diagrams and step-by-step instructions. The following components are included:

- Axle
- Cotter Pin
- Hardware
- Hitch Pin
- Latch
- Owners Manual
- Poly Tray
- Spring
- Spring Puller Tool
- Tongue
- Wheel Assembly

Video 2: Agri-Fab 45-0573 (Video Instruction Guide Introduction). This video serves as an introduction to the instruction guide for the Agri-Fab Utility 12 Poly Swivel Cart, model 45-0573, which is equivalent to the Craftsman CMXGZBF7124489. It covers key features and basic operation.

4. OPERATING INSTRUCTIONS

Attaching the Cart:

1. Align the cart's tongue with the hitch on your lawn tractor or ATV.
2. Insert the hitch pin through the tongue and hitch, securing it with the cotter pin.

UNIVERSAL FIT HITCH ATTACHES TO ANY BRAND TRACTOR.

Figure 3: A person's hands demonstrating the attachment of the universal fit hitch to a tractor, secured with a pin.

Loading the Cart:

Load materials evenly into the poly bed, ensuring not to exceed the 350 lb. or 10 cu. ft. capacity. Overloading can affect stability and damage the cart.

Figure 4: The black poly dump cart is shown filled to capacity with wood mulch, ready to be towed.

Dumping Materials:

1. Position the cart at the desired dumping location.
2. Engage the foot pedal dump release mechanism.
3. The cart bed will tilt and swivel, allowing for precise material placement.

**EASY RELEASE DUMP LEVER
QUICKLY EMPTIES THE CART BED.**

Figure 5: A close-up of a foot pressing the easy release dump lever, which facilitates quick emptying of the cart bed.

Figure 6: A person is shown using a rake to assist in dumping mulch from the tilted Craftsman cart, demonstrating the swivel dump action.

Figure 7: A side view of the Craftsman dump cart tilted to release its contents, illustrating the efficiency of the dumping mechanism.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your dump cart.

Cleaning:

- Clean the poly bed after each use to prevent material buildup and maintain its rust-resistant properties.
- Use water and mild soap; avoid harsh chemicals that could damage the plastic.

Tires:

- Check tire pressure regularly and inflate to the recommended PSI as indicated on the tire sidewall.
- Inspect tires for wear, punctures, or damage before each use.

**PNEUMATIC TIRES
ROLL OVER ANY TERRAIN.**

Figure 8: A close-up shot of one of the 14-inch pneumatic ribbed tires, designed for smooth rolling on lawns.

Frame and Hitch:

- Inspect the steel frame and hitch for any signs of damage, bending, or rust.
- Tighten any loose bolts or nuts.

6. TROUBLESHOOTING

If you encounter issues with your dump cart, refer to the following common problems and solutions:

- **Difficulty Dumping:** Ensure the foot pedal release is fully engaged and the cart is not overloaded. Check for obstructions under the bed.
- **Unstable Towing:** Verify that the load is evenly distributed and within the weight capacity. Check tire pressure.
- **Loose Components:** Regularly inspect and tighten all bolts, nuts, and pins.

7. SPECIFICATIONS

Feature	Specification
Model Number	CMX-GZ-BF-71-24489
Load Capacity	350 Pounds
Volume	10 Cubic Feet
Product Dimensions (D x W x H)	60" x 33.75" x 27.5"
Item Weight	54 Pounds
Material	Plastic (Poly Bed), Alloy Steel (Frame)
