## Paw Patrol 6054869

# PAW Patrol Launch'N Haul PAW Patroller

Transforming 2-in-1 Track Set for True Metal Die-Cast Vehicles

### PRODUCT OVERVIEW

---

The PAW Patrol Launch'N Haul PAW Patroller is a versatile 2-in-1 vehicle that transforms into an action-packed track set. Designed for use with PAW Patrol True Metal vehicles, it offers multiple play scenarios and convenient storage. This set includes one Launch'N Haul Paw Patroller Vehicle, one exclusive Robodog True Metal Vehicle, and one Flame Accessory.

Figure 1: PAW Patrol Launch 'N Haul PAW Patroller in vehicle mode, shown with its packaging.

## SETUP INSTRUCTIONS

- 1. Unboxing:** Carefully remove all components from the packaging. Ensure all included items are present: the Launch 'N Haul Paw Patroller Vehicle, the Robodog True Metal Vehicle, and the Flame Accessory.
- 2. Transforming the Patroller:**
  - Locate the release mechanisms on the side of the Patroller vehicle.
  - Gently pull the sections apart to unfold the vehicle into its track set configuration. The front cab will detach and the main body will extend and open to reveal the play areas and ramps.
- 3. Accessory Placement:**
  - Place the Flame Accessory in the designated slot on the track set, typically near the "fire" rescue mission area.
  - Position the Robodog True Metal Vehicle on the track or in one of the parking spaces.

Figure 2: The PAW Patroller transformed into its full track set, ready for play.

## OPERATING INSTRUCTIONS

---

### Vehicle Mode Operation

- **Rolling the Patroller:** In vehicle mode, the Patroller can be rolled across flat surfaces.
- **Storing Vehicles:** The Patroller can store up to seven True Metal vehicles (sold separately) within its main body when in vehicle mode. Open the side panels to access the storage compartments.

### Track Set Mode Operation

- **Launching Vehicles:** Place a True Metal vehicle at the top of the main ramp. Press the yellow launcher button to propel the vehicle down the ramp.
- **Service Station:** The track set features a service station area with a raising lift and a gas pump. Place a vehicle on the lift and use the lever to raise or lower it for pretend tune-ups.

Figure 3: Detailed view of the service station, showing the vehicle lift and gas pump.

- **Rescue Missions:** The set includes three distinct rescue missions:

1. **Fire Rescue:** Use the Flame Accessory to simulate a fire. Launch a vehicle to "put out" the fire.
2. **Bear Rescue:** A bear figure is trapped under fallen rocks. Launch a vehicle to hit the designated spot, causing the rocks to "move" and rescue the bear.

Figure 4: The bear rescue mission area with the bear figure and movable rock formation.

3. **Tune-up/Gas:** Utilize the service station for vehicle maintenance.

## MAINTENANCE

---

- **Cleaning:** Wipe the toy with a damp cloth as needed. Do not submerge in water.
- **Storage:** When playtime is over, transform the track set back into vehicle mode for compact storage. This allows for easy cleanup and organization of up to 7 True Metal vehicles inside.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Vehicle not launching properly.	Vehicle not positioned correctly on the launcher or launcher mechanism is stuck.	Ensure the vehicle is seated firmly on the launcher. Check for any obstructions in the launcher mechanism.
Patroller not transforming smoothly.	Parts may be misaligned or obstructed.	Gently check all hinges and connecting points for proper alignment. Do not force parts.
Bear rescue feature not activating.	Vehicle not hitting the activation point with enough force or precision.	Ensure the vehicle is launched directly towards the activation point. Try different True Metal vehicles as some may have different weights/speeds.

## SPECIFICATIONS

---

- **Model Number:** 6054869
- **Product Dimensions:** 5.25 x 19 x 5.5 inches
- **Item Weight:** 3.61 pounds
- **Country of Origin:** Vietnam
- **Manufacturer Recommended Age:** 36 months - 9 years
- **Manufacturer:** Spin Master
