Rene of Paris Evanna Top Piece

Rene of Paris Evanna Top Piece Instruction Manual

Model: Evanna Top Piece | Brand: Rene of Paris

1. PRODUCT OVERVIEW

The Rene of Paris Evanna Top Piece is a synthetic hair topper designed to add volume and coverage. It features a 12-inch shoulder-length style with natural-looking beach waves. This top piece is pre-styled and ready-to-wear, made from high-quality synthetic fibers that mimic the appearance of human hair.

2. SETUP AND INSTALLATION

The Evanna Top Piece is designed for easy attachment. It typically features pressure-sensitive clips or a similar attachment mechanism to secure it to your natural hair. Ensure your natural hair is clean and dry before attachment.

1. **Preparation:** Gently brush your natural hair to remove any tangles.

2. **Positioning:** Place the top piece on the desired area of your head, typically at the crown, ensuring it blends naturally with your hairline.
3. **Securing:** Open the clips on the underside of the top piece. Slide them into your natural hair and press firmly to close, securing the piece in place. Ensure all clips are fastened for a secure fit.
4. **Blending:** Gently comb or brush your natural hair over the edges of the top piece to blend seamlessly.

3. OPERATING AND STYLING

The Evanna Top Piece comes pre-styled with beach waves. Synthetic hair holds its style well, even after washing. Avoid using heat styling tools (curling irons, flat irons) on synthetic hair unless specifically designed for heat-friendly synthetic fibers, as excessive heat can damage the fibers.

- **Gentle Handling:** Always handle the top piece gently to maintain its style and integrity.
- **Brushing:** Use a wide-tooth comb or a wig brush specifically designed for synthetic hair. Start from the ends and work your way up to avoid tangles.
- **Styling Products:** Use styling products specifically formulated for synthetic wigs and hairpieces. Avoid heavy gels or sprays that can build up.

4. MAINTENANCE AND CARE

Proper care extends the life of your synthetic top piece. Follow these guidelines for cleaning and storage.

Washing Instructions:

1. **Detangle:** Before washing, gently remove any tangles with a wide-tooth comb.
2. **Prepare Water:** Fill a basin with cool water and add a small amount of wig shampoo.
3. **Soak:** Immerse the top piece in the water and let it soak for 5-10 minutes. Do not rub or twist.
4. **Rinse:** Rinse thoroughly under cool running water until all shampoo is removed.
5. **Condition:** Apply a small amount of wig conditioner, focusing on the ends. Let it sit for a few minutes, then rinse

thoroughly.

6. **Dry:** Gently blot with a towel to remove excess water. Do not wring. Place on a wig stand or hang to air dry completely. Do not use a blow dryer unless the wig is heat-friendly synthetic.

Storage:

Store your top piece on a wig stand or mannequin head to maintain its shape when not in use. Keep it away from direct sunlight and excessive heat.

Image 3: A detailed view of the synthetic hair fibers, illustrating the Marble Brown Rooted color blend and natural texture.

5. TROUBLESHOOTING

- **Tangles:** If the hair becomes tangled, gently detangle with a wide-tooth comb, starting from the ends. Use a wig detangling spray if necessary.
- **Loss of Style:** Synthetic hair is designed to hold its style. If it loses its shape, a gentle wash and air dry on a wig stand should restore it. Avoid heat unless specified.
- **Shedding:** Minimal shedding is normal, especially with new pieces. Excessive shedding may indicate improper handling or brushing. Ensure gentle care.

6. SPECIFICATIONS

Feature	Detail
Brand	Rene of Paris
Model	Evanna Top Piece
Hair Type	Synthetic
Color	Marble Brown Rooted
Hair Length (Front)	12 inches

Hair Length (Crown)	11-12 inches
