What's Included

Before beginning, ensure all components listed below are present in your kit:

- Neon beads
- Gold chains
- Pompom charms
- Gem charms
- Tassels
- Elastic cord
- Play tray
- Various connectors and rings

Operating Instructions: Bracelet Creation

This kit allows for the creation of 10 unique cord and tassel charm bracelets. The following steps outline general methods for assembly. Experiment with different combinations to personalize your designs.

1. Planning Your Design

Before you begin, lay out your chosen beads, charms, and cords on the provided play tray. This helps visualize the final bracelet and organize your components.

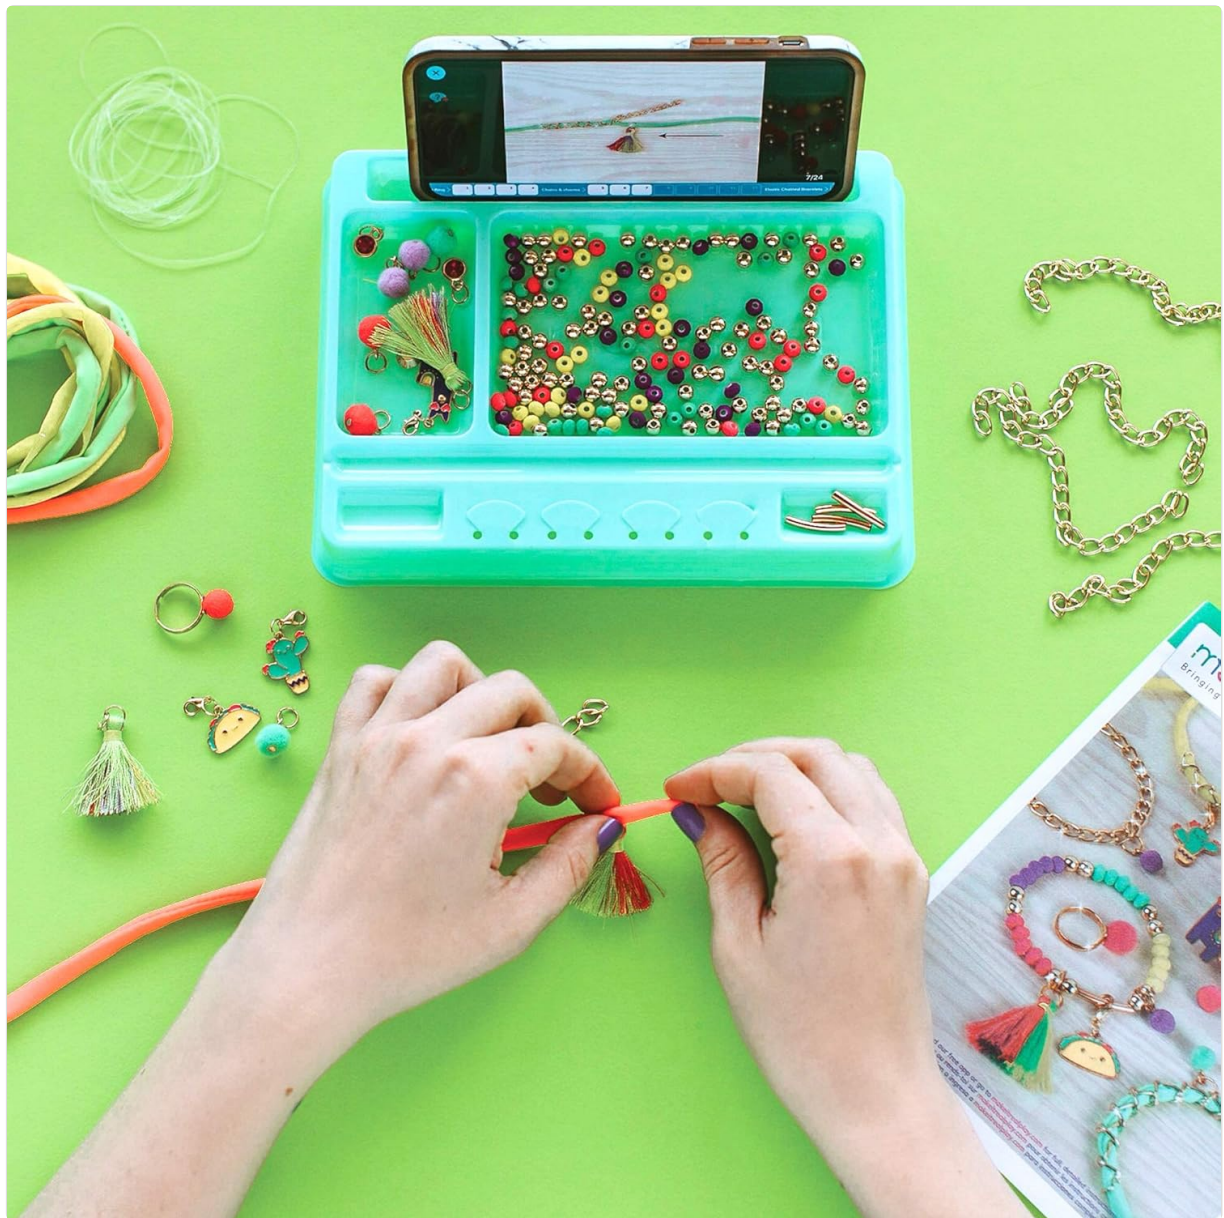

Image: A user assembling a bracelet on the provided play tray, with various components organized.

2. Assembling Beaded Bracelets

1. Cut a length of elastic cord appropriate for wrist size, adding extra for knotting.
2. Thread beads onto the elastic cord in your desired pattern.
3. Once all beads are threaded, tie a secure double knot. Trim excess cord, leaving a small tail.

3. Incorporating Chains and Charms

1. Use the gold chains as a base for bracelets or as decorative elements. Chains can be cut to length using appropriate tools (not included).
2. Attach charms (pompom, gem, or character charms) to chains or beaded bracelets using the small rings provided. Open the ring gently with pliers (not included), attach the charm and bracelet, then close the ring securely.
3. Tassels can be attached similarly to charms, adding a decorative accent.

4. Cord-Wrapped Bracelets

Some designs may involve wrapping cords around a base or braiding them. Secure ends with knots or by integrating them into other components.

Care and Maintenance

- Store unused components in the kit's original packaging or a similar container to prevent loss and damage.
- Keep finished bracelets away from excessive moisture or harsh chemicals to preserve their appearance.
- Clean components with a dry, soft cloth if necessary.

Troubleshooting

- **Difficulty threading beads:** Use a bead needle (not included) or stiffen the end of the cord with a small amount of clear glue or tape.
- **Knots unraveling:** Ensure knots are tied tightly and consider adding a small drop of clear-drying craft glue to secure them after trimming excess cord.
- **Charms falling off:** Double-check that all connecting rings are fully closed and secure.

Specifications

Feature	Detail
Brand	Make It Real
Model Name	Make It Real NeoBrite Chains & Charms
Model Number	1313
UPC	695929013134
Number of Pieces	165
Recommended Age	8 years and up
