

Portronics POR-064

Portronics Konnect AUX II POR-064 AUX Cable User Manual

Model: POR-064

1. INTRODUCTION

The Portronics Konnect AUX II POR-064 is a high-quality 3.5mm stereo audio cable designed for reliable audio transmission. It features durable construction and broad compatibility, making it suitable for various audio connections.

Key features include:

- Premium 3.5mm stereo aux cable with 24K Gold plated metal connectors.
- Compatible with a wide range of devices including iPod, iPhone, iPad, Kindle Fire tablets, Samsung Galaxy smartphones and tablets, and Google Nexus smartphones and tablets.
- Connects smart devices to audio systems or car stereos for clear, distortion-free music.
- Generous length of 1.5 meters for flexible use.

2. SETUP INSTRUCTIONS

Setting up the Konnect AUX II cable is straightforward. Follow these steps to connect your audio devices:

1. **Identify Audio Ports:** Locate the 3.5mm audio output jack on your source device (e.g., smartphone, tablet, MP3 player) and the 3.5mm audio input jack on your receiving device (e.g., car stereo, home audio system, portable speaker). These ports are typically labeled "AUX," "Audio Out," or indicated by a headphone icon.
2. **Connect First End:** Insert one end of the Portronics Konnect AUX II cable firmly into the 3.5mm audio output jack of your source device.
3. **Connect Second End:** Insert the other end of the cable firmly into the 3.5mm audio input jack of your receiving device.
4. **Verify Connection:** Ensure both connectors are fully inserted to prevent loose connections and potential audio issues.

Compatible with Car Stereo

3. OPERATING INSTRUCTIONS

Once the cable is connected, follow these steps to operate your audio setup:

1. **Power On Devices:** Ensure both your source device and receiving audio device are powered on.
2. **Select AUX Input:** On your receiving audio device (e.g., car stereo, home theater), select the "AUX" or "Line In" input source. This is usually done via a button on the device or through its menu system.
3. **Start Playback:** Begin playing audio (music, podcast, etc.) on your source device.
4. **Adjust Volume:** Adjust the volume on both your source device and the receiving audio device to a comfortable listening level. It is often recommended to set the source device's volume to about 75-80% and control the main volume from the receiving device.

Universal Compatibility

4. MAINTENANCE

Proper care and maintenance will extend the lifespan of your Portronics Konnect AUX II cable:

- **Storage:** When not in use, store the cable in a clean, dry place. Avoid tightly coiling or bending the cable at sharp angles, as this can damage the internal wires.
- **Cleaning:** Use a soft, dry cloth to wipe the cable and connectors. Do not use harsh chemicals or abrasive cleaners.
- **Handling:** Always grasp the connector housing when plugging or unplugging the cable, rather than pulling on the cable itself. This prevents strain on the cable-connector junction.
- **Avoid Extreme Conditions:** Do not expose the cable to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.

High Quality Material

5. TROUBLESHOOTING

If you encounter issues with your Konnect AUX II cable, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound or intermittent sound.	Loose connection, incorrect input selected, low volume, faulty cable.	◦ Ensure both ends of the cable are fully inserted. ◦ Verify the correct "AUX" or "Line In" input is selected on your receiving device. ◦ Increase volume on both source and receiving devices. ◦ Test with another known working cable or device to isolate the issue.

Problem	Possible Cause	Solution
Static or distorted audio.	Poor connection, interference, damaged cable, volume too high.	◦ Reseat the cable connections. ◦ Move devices away from potential sources of electromagnetic interference (e.g., power cables, Wi-Fi routers). ◦ Lower the volume on both devices to prevent clipping. ◦ Inspect the cable for visible damage. If damaged, replace it.

6. SPECIFICATIONS

Feature	Detail
Brand	Portronics
Model Name	Konnect AUX II
Model Number	POR-064
Connector Type	Auxiliary (3.5mm Male-to-Male)
Cable Type	AUX
Cable Length	1.5 Meters (approximately 4.92 feet)
Core Material	PVC Housing
Connector Plating	24K Gold Plated
Color	Red
