Porseme H2-280ml

Porseme 280ml Essential Oil Diffuser

MODEL: H2-280ML ROSE GOLD VASE

Instruction Manual

Introduction

The Porseme 280ml Essential Oil Diffuser is an ultrasonic aromatherapy humidifier designed to enhance your environment with soothing aromas and gentle mist. Featuring a handmade 3D glass cover and a range of functional settings, this diffuser is suitable for various spaces including homes, offices, yoga studios, and spas. It operates quietly and includes safety features like automatic shut-off.

Product Components

- Handmade 3D Glass Cover
- Plastic Base with Water Tank
- Power Adapter
- Measuring Cup (typically included for filling)

Setup Instructions

1. **Place the Diffuser:** Position the diffuser on a flat, stable surface away from direct sunlight or heat sources.
2. **Remove Covers:** Gently remove the handmade 3D glass cover, then lift off the inner plastic lid.
3. **Fill Water Tank:** Using a measuring cup, fill the water tank with clean tap water. **Do not exceed the "MAX" line** indicated inside the tank.
4. **Add Essential Oils:** Add 3-5 drops of your preferred essential oil directly into the water tank. Adjust the quantity based on personal preference and room size.
5. **Replace Covers:** Securely place the inner plastic lid back onto the base, ensuring it is properly aligned. Then, carefully place the handmade 3D glass cover back on top.
6. **Connect Power:** Plug the power adapter into the diffuser's power input port, then plug the adapter into a standard electrical outlet.

Operating Instructions

The diffuser features intuitive buttons on its base for mist and light control.

- **Mist Button (Left Button):**

- Press once to turn on continuous mist.
- Press again to cycle through timer settings: 1 hour, 3 hours, 5 hours.
- Press a fifth time to turn off the mist.

- **Light Button (Right Button):**

- Press once to turn on the 7-color changing LED light mode.
- Press again to pause on your desired color.
- Continue pressing to cycle through individual colors.
- Press and hold for 2 seconds to turn off the light.

Maintenance and Cleaning

Regular cleaning ensures optimal performance and longevity of your diffuser.

- Empty Water Tank:** Always empty the water tank when the diffuser is not in use.
- Clean Atomizer:** Regularly clean the ultrasonic atomizer plate located at the bottom of the water tank. Use a cotton swab dipped in white vinegar to gently wipe away any mineral buildup.
- Wipe Surfaces:** Wipe the exterior of the diffuser, including the glass cover and plastic base, with a soft, damp cloth.
- Avoid Corrosive Cleaners:** Do not use harsh detergents, abrasive cleaners, or solvents, as these can damage the diffuser.
- Dry Thoroughly:** Ensure all parts are completely dry before reassembling or storing the diffuser.

Safety Precautions

- Do not exceed the "MAX" water fill line to prevent overflow and potential damage.
- Ensure the lid is properly in place before operating the diffuser to prevent water leakage.
- Never invert the base when the water tank contains water.
- Use only the provided power adapter and ensure the correct voltage input.
- The diffuser features an automatic shut-off function when the water tank is empty, ensuring safe operation.
- Keep out of reach of children and pets.

Troubleshooting

- **No Mist/Low Mist:** Ensure the water level is between the MIN and MAX lines. Check if the atomizer plate is clean and free of mineral buildup.
- **Water Leakage:** Verify that the inner plastic lid and the glass cover are securely and correctly placed. Do not overfill the water tank.
- **Unusual Noise:** Ensure the diffuser is placed on a flat, stable surface. Check for any obstructions in the mist outlet.
- **Diffuser Not Turning On:** Confirm the power adapter is securely plugged into both the diffuser and the electrical outlet.
- **Excessive Wetness Around Diffuser:** Ensure the diffuser is not placed directly under or near sensitive surfaces. The mist output is strong; consider placing it in an area where slight moisture accumulation is not an issue.
