4. OPERATING INSTRUCTIONS

4.1 Keyboard Features

The Hellhounds Keyboard offers advanced features for gaming and productivity.

- **Programmable Macros:** The keyboard supports up to 33 configurable macros across three distinct profiles. Use the dedicated software to record and assign complex key sequences to the macro keys (M1, M2, M3, G1-G5).
- **Multimedia Shortcuts:** Access multimedia controls directly using function key combinations (e.g., Fn + F5-F11 for music settings).
- **Windows Key Lock:** Prevent accidental interruptions during gaming by disabling the Windows key.
- **Adjustable Wrist Rest:** The integrated wrist rest and adjustable feet provide comfort during extended gaming sessions.

4.2 Mouse Features

The Hellhounds Mouse is designed for precision and comfort.

- **Adjustable DPI:** Cycle through DPI settings up to 7200 DPI for precise cursor control. DPI levels can be adjusted via dedicated buttons on the mouse or through the software.
- **Programmable Buttons:** The mouse features 7 programmable buttons. Utilize the software to assign custom functions, macros, or rapid-fire commands to these buttons.
- **Ergonomic Design:** Ergonomic finger rests and adjustable weights contribute to comfortable handling during long gaming sessions.

4.3 RGB Lighting Control

Both the keyboard and mouse feature customizable RGB LED backlighting.

- **Keyboard Backlight:** The keyboard offers seven colors and various lighting effects. Adjustments can be made directly on the keyboard using function key combinations (e.g., Fn + Esc for brightness, Fn + PrtSc for mode) or through the dedicated software.

- **Mouse Backlight:** Customize the mouse's LED backlight colors and effects using the dedicated software.

**Wählen Sie Ihre LED-Rückbeleuchtung mit sieben verfügbaren Farben und stellen Sie die Leuchtkraft ein.
Zudem sind ein fixer Modus und ein Modus mit Lichteffekten verfügbar.**

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your gaming pack.

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard, mouse, and mousepad regularly. For deeper cleaning, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the devices.
- **Dust Removal:** Use compressed air to remove dust and debris from between keyboard keys and mouse sensors.
- **Avoid Liquids:** Do not expose the devices to excessive moisture or immerse them in water.
- **Storage:** Store the devices in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

6. TROUBLESHOOTING

If you encounter issues with your EMPIRE GAMING Hellhounds Pack, refer to the following common solutions:

- **Device Not Recognized:**

- Ensure the USB cables are securely plugged into your computer's USB ports.
- Try plugging the devices into different USB ports.
- Restart your computer.
- Check your operating system's Device Manager to see if the devices are listed and drivers are installed correctly.

- **Keyboard Keys Not Responding:**

- Check for any physical obstructions under the keys.
- Ensure the keyboard is not in a locked mode (e.g., gaming mode disabling certain keys).
- Reinstall the keyboard software.

- **Mouse Cursor Lag or Inaccuracy:**

- Clean the mouse sensor with a soft cloth.
- Ensure the mousepad surface is clean and free of debris.
- Adjust the DPI settings of the mouse.
- Try the mouse on a different surface.
- Reinstall the mouse software.

- **RGB Lighting Not Working:**

- Ensure the software is installed and running.
- Check the lighting settings within the software.
- For the keyboard, try cycling through lighting modes and brightness levels using the dedicated function key combinations.

- **Software Issues:**

- Ensure you have downloaded the correct software version for your model (OE-KB-88DE3) from www.empiregaming.eu.
- Run the software as an administrator.
- Temporarily disable antivirus software during installation if issues persist.
