

PETNF STL-1902

PETNF Dog Dryer Model STL-1902 Instruction Manual

Brand: PETNF | Model: STL-1902

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your PETNF Dog Dryer Model STL-1902. Please read this manual thoroughly before operating the device and retain it for future reference. This high-velocity pet dryer is designed to efficiently dry pet fur, reduce grooming time, and assist in removing loose hair and dander.

Important Safety Information

- Always ensure the dryer is unplugged before cleaning or performing any maintenance.
- Do not operate the dryer with a damaged cord or plug.
- Keep the dryer away from water and do not use it in wet environments.
- Supervise pets during use to prevent injury or discomfort.
- Do not block air inlets or outlets during operation.
- This appliance is for pet grooming only. Do not use for human hair drying.

2. PRODUCT OVERVIEW

The PETNF Dog Dryer STL-1902 is a high-velocity pet grooming tool featuring adjustable speed and temperature settings, designed for efficient and comfortable pet drying.

Image 2.1: PETNF Dog Dryer Model STL-1902 with included accessories.

Key Features

- **High-Powered Motor:** Equipped with a 3.2HP motor for strong airflow, significantly reducing drying time.
- **Adjustable Speed and Temperature:** Offers variable wind speed (25-65m/s) and two temperature settings (85°F warm, 140°F hot) for customized grooming.
- **Noise Reduction Design:** Features an extended body, reinforced metal casing, thickened rear filter sponge, and multi-layer dampening system to minimize operational noise.
- **Four Versatile Nozzles:** Includes wide, narrow, round, and brush nozzles for various drying and grooming tasks.
- **Overheating Protection:** Automatic shut-off system activates if the internal temperature exceeds safe levels.
- **User-Friendly Design:** Ergonomic handle, efficient sealing, stable anti-skid base, and a compact, portable size. The heat-resistant hose extends up to 73 inches.

3. PACKAGE CONTENTS

Please verify that all items are present in the package:

- PETNF Dog Dryer Main Unit
- Flexible Heat-Resistant Hose
- Wide Nozzle
- Narrow Nozzle
- Round Nozzle
- Brush Nozzle
- User Manual (this document)

Four Different Nozzles

Suit all your needs

Wide Nozzle

Suitable for drying
the whole body

Narrow Nozzle

Suitable for
partially drying

Round Nozzle

Suitable for making
hair fluffy

Brush Nozzle

Combing the hair
and styling

Image 3.1: The four interchangeable nozzles included with the dryer.

4. SETUP

Follow these steps to assemble your PETNF Dog Dryer:

1. **Attach the Hose:** Align the end of the flexible hose with the air outlet on the main unit.
2. **Secure the Hose:** Push the hose firmly onto the outlet and twist clockwise until it locks securely into place.
3. **Select a Nozzle:** Choose the desired nozzle (wide, narrow, round, or brush) based on your grooming needs.
4. **Attach the Nozzle:** Push the selected nozzle onto the end of the hose until it fits snugly.

Installation Steps

Retractable hose up to 73 inches

Image 4.1: Installation steps for attaching the hose and nozzle.

5. OPERATING INSTRUCTIONS

Before operating, ensure the dryer is placed on a stable, flat surface and is plugged into a suitable power outlet.

Power On/Off

- Locate the red 'Power' switch on the control panel.
- Flip the switch to the 'ON' position to start the dryer.

- Flip the switch to the 'OFF' position to turn off the dryer.

Adjusting Wind Speed

- The dryer features a rotary dial for stepless wind speed adjustment.
- Turn the dial clockwise to increase wind speed and counter-clockwise to decrease it.
- Start with a lower speed, especially for sensitive pets, and gradually increase as needed.

Adjusting Temperature

- Two temperature settings are available: 'Warm' (85°F) and 'Hot' (140°F).
- Use the 'Heating' switch to select the desired temperature.
- Always monitor the pet's comfort level and skin temperature during use.

Image 5.1: Controls for adjusting wind speed and temperature.

Nozzle Usage

- **Wide Nozzle:** Ideal for drying large areas of the body quickly.
- **Narrow Nozzle:** Suitable for partially drying specific areas or for more concentrated airflow.
- **Round Nozzle:** Helps to fluff the pet's hair, adding volume.
- **Brush Nozzle:** Designed for combing and styling while drying, and for removing loose undercoat.

Image 5.2: Using the brush nozzle for grooming and shedding.

6. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your PETNF Dog Dryer.

Cleaning the Air Filter

- **Frequency:** Clean the air filter regularly, especially after heavy use, to prevent blockages and maintain airflow.
- **Procedure:**

- a. Ensure the dryer is unplugged from the power outlet.
- b. Locate the detachable rear cover (filter cover) on the back of the main unit.
- c. Remove the cover and carefully take out the filter sponge.
- d. Clean the filter sponge by shaking off loose hair or rinsing it with water if necessary. Ensure it is completely dry before reinserting.
- e. Replace the filter sponge and secure the rear cover.

General Cleaning

- Wipe the exterior of the dryer with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Ensure the hose and nozzles are free from pet hair or debris.

7. TROUBLESHOOTING

If you encounter issues with your PETNF Dog Dryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Dryer does not turn on.	Not plugged in; Power switch off; Power outage.	Ensure the power cord is securely plugged in. Check the power switch. Verify the power outlet is functional.
Weak airflow.	Clogged air filter; Hose or nozzle blockage.	Clean the air filter (refer to Maintenance section). Check the hose and nozzles for any obstructions.
Dryer suddenly stops during use.	Overheating protection activated.	Unplug the dryer and allow it to cool down for at least 30 minutes. Ensure air inlets/outlets are not blocked. Clean the air filter.
Unusual noise or vibration.	Loose components; Internal obstruction.	Turn off and unplug the dryer. Check for any loose parts or foreign objects. If the issue persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	STL-1902
Motor Power	3.2 HP
Adjustable Wind Speed	25-65 m/s (65-135 MPH)
Temperature Settings	Warm (85°F), Hot (140°F)
Noise Level	Less than 78dB
Hose Length (Extended)	Up to 73 inches
Product Dimensions (LxWxH)	15 x 5 x 9 inches
Item Weight	10.56 pounds
Material	Metal

9. WARRANTY AND SUPPORT

For warranty information, technical support, or any questions regarding your PETNF Dog Dryer, please contact PETNF customer service. Refer to the product packaging or the official PETNF website for contact details.
